

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; National Estuaries Restoration Inventory**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before July 31, 2009.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Perry Gayaldo, (301) 713-0174 or Perry.Gayaldo@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Collection of estuary habitat restoration project information (e.g., location, habitat type, goals, status, monitoring information) is in process in order to continue to populate a restoration project database mandated by the Estuary Restoration Act (ERA) of 2000. The National Estuaries Restoration Inventory (NERI) contains information for estuary habitat restoration projects funded through the ERA as well as non-ERA project data that meet quality control requirements and data standards established under the Act. The database provides information to improve restoration methods, provides the basis for required reports to Congress, and tracks estuary habitat acreage restored. It is accessible to the public via the Internet for data queries and project reports. Recipients of ERA funds are required to submit specific information on habitat restoration projects into the NERI database through an interactive Web site available over the Internet (<https://neri.noaa.gov/>). The projects that are not funded through the ERA can be

voluntarily entered into the database by project managers. Other Federal agencies and private grant programs may also require recipients to enter project information in the NERI database.

II. Method of Collection

Project managers will electronically submit estuary restoration project information via NOAA's National Estuaries Restoration Inventory (NERI) Web site. The Web site contains a user-friendly data entry interface for project managers to enter and submit project information to the NERI database. To facilitate the collection of information through the data entry interface, NOAA's National Marine Fisheries Service (NMFS) provides worksheets containing database fields that can be downloaded and printed from the Web site. These worksheets can be used by project managers to guide information collection, and can then serve as a reference as project managers enter project information through the Web site. The reporting forms are also available in paper format to be sent to project managers as necessary.

III. Data

OMB Control Number: 0648-0479.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Not-for-profit institutions; State, local, and tribal governments; and businesses or other for-profit organizations.

Estimated Number of Respondents: 115.

Estimated Time per Response: Four hours for new projects submitted, with an estimated 70 new projects to be submitted annually. This includes approximately three hours for collecting project information and writing the project abstract and one hour for entering information into the database. For existing projects, two hours are expected for updates, with an estimated 50 projects to be updated annually. Information originally collected and submitted for a project does not need to be collected again to update the project.

Estimated Total Annual Burden Hours: 380 hours.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the

proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state

specifically, on an order-by-order basis, which) the request is intended to cover.

Please note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to section 351.303(f)(3)(ii) of the regulations.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping

duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. *See also* the Import Administration Web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

¹ Or the next business day, if the deadline falls on a weekend, Federal holiday or any other day when the Department is closed.

² If the review request involves a non-market economy country and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the

non-market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of June 2009. If the Department does not receive, by the last day of June 2009, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the U.S. Customs and Border Protection to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: May 26, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
