Federal Register

Vol. 74, No. 124

Tuesday, June 30, 2009

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

June 25, 2009.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Stakeholder/Customer Satisfaction Survey.

OMB Control Number: 0579-NEW.

Summary of Collection: In 2003, the Plant Health Program (PHP) unit, Plant Protection and Quarantine, Animal and Plant Health Inspection Service (APHIS), obtained from the International Organization of Standardization (ISO, nongovernmental worldwide network of national standards institutes) certification in the ISO 9001:2008 standard for its permit services. To meet the ISO 9001:2008 standards, an organization must demonstrate its ability to consistently provide a product that meets customer quality requirements and applicable regulatory requirements, while aiming to enhance customer satisfaction through effective application of the system, including processes for continual improvement of its performance. In order to remain in compliance with Clause 8.2.1 (Customer Satisfaction) of the ISO 9001:2008 standard, PHP must measure the performance of its quality management system by monitoring information related to customer perception in relationship to customer requirements. PHP has determined that the best method for obtaining this information is through the use of stakeholder/customer satisfaction surveys.

Need and Use of the Information: PHP will collect information from the survey to solicit stakeholder and customer feedback with regards to their satisfaction with the regulatory services of Permit Services, Pest Permit Evaluations, and National Identification Services, which is a compliance requirement of the ISO 9001:2008 standard. Without the information it would seriously affect APHIS' ability to remain in compliance with the ISO 9001:2008 international standards.

Description of Respondents: Business or other for-profit.

Number of Respondents: 500.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 80.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Deschutes Provincial Advisory Committee (DPAC)

AGENCY: Forest Service, Department of Agriculture.

ACTION: Notice of meeting.

SUMMARY: The Deschutes Provincial Advisory Committee will meet on July 9, 2009, to discuss the future of sustainable recreation on the Deschutes National Forest. The meeting will start at 8:30 a.m. at the Forest Supervisor's Office, 1001 SW. Emkay Drive, Bend, Oregon in the Upper Deschutes Conference Room. Members will be updated on the winter Recreation Sustainability Analysis. An Open Public Forum is scheduled from 9:40-10 a.m. Then, members will go to the field at 10 a.m. to key recreation sites on the forest to discuss future desired recreation opportunities in preparation for the upcoming Forest Plan Revision. The trip is scheduled to end at 4 p.m. All Deschutes Province Advisory Committee Meetings are open to the public.

FOR FURTHER INFORMATION CONTACT: Chris Mickle, Province Liaison, Crescent Ranger District, Highway 97, Crescent, Oregon 97733, Phone (541) 433-3216.

Mary Farnsworth,

Deputy Deschutes National Forest Supervisor.

Forest Service

Notice of Proposed New Fee Sites; Federal Lands Recreation Enhancement Act, (Title VIII, Pub. L. 108–447)

AGENCY: Umpqua National Forest, USDA Forest Service.

ACTION: Notice of Proposed New Fee Sites.

SUMMARY: The Umpqua National Forest is proposing to charge fees at six recreation sites that currently do not charge fees: Ash Flat Forest Camp and Three C Rock campgrounds and the South Umpqua Day Use Area on the Tiller Ranger District; Rujada Group Picnic Site and East Brice Creek/Champion Creek Trailhead on the Cottage Grove Ranger District; and Thielsen View Boat Launch on the Diamond Lake Ranger District. These sites currently meet, or can easily meet, the criteria of an Expanded or Standard Amenity fee. These sites have recently been reconstructed, have added or are scheduled to add amenities to improve services and experiences. Fees are assessed based on the level of amenities and services provided, cost of operation and maintenance, market assessment, and public comment. The fees listed are only proposed and will be determined upon further analysis and public comment. Funds from fees would be used for the continued operation and maintenance of these recreation sites.

Ash Flat Camp is an existing campground that, with the addition of garbage collection, will have seven of the nine amenities (toilet, tables, access, fire ring, fee collection, tent sites, and reasonable visitor protection) of an

Expanded Amenity site. Three C Rock was originally a picnic area, but a recently added five-unit campground adjacent to the picnic area now qualifies the site as an Expanded Amenity Site. Garbage service would also be provided at both sites. A financial analysis determined the use fees for these two sites may range between \$6.00 and \$14.00 per camp unit per night. An additional \$3.00 to \$5.00 may be charged for each additional vehicle per night.

South Umpqua Day Use Area has all six Standard Amenity improvements including a permanent toilet, garbage receptacle, parking, interpretive signs, picnic tables, and security. Additional facilities include barbecues and an observation deck. A fee vault would be added so recreation users could pay the fee on-site. The fee area would include parking along Road 28 within the designated area. People who park at these turnouts use the Day Use Area and its amenities. Financial analyses based on level of amenities suggest a day use fee of \$1.00 to \$5.00 per vehicle per day. The site is proposed to become a fee site where the Northwest Forest Pass (\$5.00 per day or \$30 for an annual pass) or other applicable passes would be accepted.

Rujada Picnic Site is currently a free, day-use area with both group and individual picnic sites and a trailhead recreation site that is frequented by single families as well as large groups. The site provides all six of the Standard Amenity improvements including garbage collection, toilets, tables, parking, interpretive sign, and security as well as recent improvements including the installation of a new potable water line and faucets, and a play ground next to a large open area with horseshoes pits. Based on the level of amenities and the type of use occurring at this site, a Group Day Use reservation and fee is being proposed. There are 2 adjacent Group Use Sites, each with a maximum capacity of 20 to 30 people per site, or 40 to 65 for both sites. Each site will be available to reserve through the Recreation.gov reservation system. Rates being proposed are \$25 per day for one site or \$50 for both sites. These fees would be required only during the managed season of Memorial Day weekend through Labor Day weekend.

East Brice Trailhead, also known as Champion Creek Trailhead, is currently not a fee site. It is used for parking and access to the adjacent Noonday OHV trail system and 3 adjacent hiker/mountain bike trails. The site provides five of the six Standard Amenity improvements including a permanent
