In addition to the locations listed in the **Federal Register** of November 12, 2009, in FR Doc. E9-27181, page 58310, the BIA will conduct a consultation meeting with Indian tribes in Albuquerque, New Mexico.

**DATE:** February 4, 2010 in Albuquerque, New Mexico. See the **SUPPLEMENTARY INFORMATION** section of this notice for more details.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

Notice was published in the **Federal Register** on November 12, 2010, that the BIA would conduct five tribal consultation meetings on the BIA draft revisions to 25 CFR part 81 and 25 CFR part 82. The background described in the Notice reads:

In 1992, the BIA drafted revisions to 25 CFR part 81 and 25 CFR part 82 and held four consultation sessions. The BIA received comments and recommendations that are now in the current draft version. The current draft version also:

- Incorporates the amendments made to section 16 of the IRA, 25 U.S.C. 476 (48 Stat. 984), as amended by the Act of November 1, 1988 (Pub. L. 100-581, 102 Stat. 2938), which established time frames within which the Secretary of the Interior must call and conduct Secretarial elections;

- Reflects the amendments made to section 17 of the IRA by the Act of May 24, 1990 (Pub. L. 101-301, 104 Stat. 207) under which additional tribes may petition for charter of incorporation and removes the requirement of a Secretarial election to ratify new charters;

- Reflects the addition of two new subsections to section 16 of the IRA by the Technical Corrections Act of 1994 (Pub. L. 103-363, 108 Stat. 707), which eliminates distinctions between Indians reorganized as historical tribes and those reorganized as communities of adult Indians;

- Includes language clarifying that an IRA tribe may amend its constitution to remove Secretarial approval of future amendments as indicated by the new subsection to Section 16 of the IRA with the enactment of the Native American Technical Corrections Act of 2004 (Pub. L. 106-179, 118 Stat. 453);

- Provides guidelines for the approval or disapproval of charters by the Secretary; and

- Corrects demonstrated weaknesses and clarifies confusing language in the existing regulations.

A consultation booklet containing the current draft version of the rule will be available for the meetings and will be distributed to federally recognized Indian tribes and BIA regional and agency offices.

### SUPPLEMENTARY INFORMATION:

#### Proposed Rate Adjustment

Power rates for the P–SMBP are established pursuant to the Reclamation Act of 1902 (43 U.S.C. 371 *et seq.*), as amended and supplemented by subsequent enactments, particularly section 9(c) of the Reclamation Project Act of 1939 (43 U.S.C. 485h (c)) and the Flood Control Act of 1944 (58 Stat. 887). Beginning February 19, 2010,

Reclamation proposes to:

(a) Increase the energy charge from 12.55 mills/kWh to 16.17 mills/kWh.

(b) the monthly demand charge will remain at zero.

The Project Use Power Rate will be reviewed each time Western Area Power Administration (Western) adjusts the P–SMBP Firm Power Rate. Western will conduct the necessary studies and use the methodology identified in this rate proposal to determine a new rate.

The existing rate schedule MRB–P12 placed into effect on January 21, 2006, will be replaced by rate schedule MRB–P13. The new rate schedule will include clarifying language for entities exceeding the contract rate of delivery (CROD). Coincident electrical demand in excess of the CROD will result in a penalty where a share of that month's energy proportional to the excess will be charged at ten (10) times the current project use rate as reflected in rate schedule MRB–13. The penalty will be calculated as follows:

$$P = (((BD/CROD) - 1) * BE) * (10 * CR)$$

Where: P = Penalty (\$)

BD = Billed Demand (kW)

CROD = Contract Rate of Delivery (kW)

BE = Billed Energy (kWh)

CR = Current Project Use Power Rate (mills/kWh)

The customer will also be billed for any increased capacity and transmission charges incurred by the Government as a result of exceeding the CROD.

In compliance with the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*; Council on Environmental Quality Regulations (40 CFR Parts 1500–1508); and Reclamation's Regulations (10 CFR Part 1021), Reclamation has determined that this action is categorically excluded from the preparation of an Environmental Assessment or Environmental Impact Statement.

Before including your name, address, phone number, e-mail address, or other personal identifying information in any correspondence, you should be aware that your entire correspondence, including your personal identifying information, may be made publicly available at any time. While you can request in your correspondence that

Reclamation withhold your personal identifying information from public review, we cannot guarantee Reclamation is able to do so. Reclamation will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.
