

TABLE 1.—ESTIMATED ANNUAL REPORTING BURDEN¹

21 CFR Section	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
515.10(b)	20	1	20	0.25	5
515.11(b)	75	1	75	0.25	18.75
515.23	40	1	40	0.25	10
515.30(c)	0.15	1	0.15	24	3.6
Total Burden Hours					37.35

¹ There are no capital costs or maintenance costs associated with this information collection.

TABLE 2.—ESTIMATED ANNUAL RECORDKEEPING BURDEN¹

21 CFR Section	No. of Recordkeepers	Annual Frequency per Recordkeeping	Total Annual Records	Hours per Recordkeeper	Total Hours
510.305	1,000	1	1,000	0.03	30

¹ There are no capital costs or maintenance costs associated with this information collection.

The estimated annual reporting burden on industry is 37.35 hours as shown in table 1 of this document. Industry estimates it takes about 1/4 hour to submit the application. We estimate 135 original and supplemental applications, and voluntary revocations for a total of 33.75 hours (135 submissions x 1/4 hour). An additional 3.6 hours is added for the rare notice of opportunity for a hearing to not approve or revoke an application. Finally, we estimate 30 hours for maintaining and retrieving labels as required by 21 CFR 510.305 and shown in table 2 of this document. We estimated .03 hours for each of approximately 1,000 licensees. Thus, the total annual burden for reporting and recordkeeping requirements is estimated be 67.35 hours.

Dated: January 15, 2010.

David Dorsey,

Acting Deputy Commissioner for Policy, Planning and Budget.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Application for Training (OMB No. 0920-0017 Exp. 3/31/2010)—Extension—Office of Workforce and Career Development (OWCD), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

OWCD requests an additional three years to continue CDC's and the Agency for Toxic Substances and Disease Registry's (ATSDR's) use of the training application forms 32.1 and 36.5 (50,000 students x 5 minutes for form 32.1, and

24,000 students x 5 minutes for form 36.5). These instruments have served and are proposed to continue serving as official training applications forms used for training activities conducted by the Centers for Disease Control and Prevention (CDC).

CDC offers public health training activities to professionals worldwide. Employees of hospitals, universities, medical centers, laboratories, State and Federal agencies, and State and local health departments apply for training to learn up-to-date public health practices. CDC's training activities include laboratory training, classroom study, online training, and distance learning.

CDC uses training application forms to collect information necessary to manage and conduct training pertinent to the agency's mission. This information allows CDC to send confirmation of registration to participants, provide certificates of attendance or continuing education credits as proof of participants' attendance, and generate management reports to identify training needs, design courses, select location for courses, and evaluate programs.

Since the previous approval, there have been no changes to the information collection instruments; however, the number of annual responses has increased, simultaneously increasing burden hours.

There are no costs to the respondents other than their time. The total estimated annualized burden is 6,167 hours.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Type of forms	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Laboratorians	Form 32.1	50,000	1	5/60
Nurses	Form 36.5	12,000	1	5/60
Doctors	Form 36.5	12,000	1	5/60

Dated: January 18, 2010.
Maryam I. Daneshvar,
Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

[30Day-10-0222]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995. To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to *omb@cdc.gov*. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written

comments should be received within 30 days of this notice.

Proposed Project

Questionnaire Design Research Laboratory (QDRL) 2010-2012, (OMB No. 0920-0222 exp. 2/28/2010)—Extension—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 306 of the Public Health Service (PHS) Act (42 U.S.C. 242k), as amended, authorizes that the Secretary of Health and Human Services (DHHS), acting through NCHS, shall undertake and support (by grant or contract) research, demonstrations, and evaluations respecting new or improved methods for obtaining current data to support statistical and epidemiological activities for the purpose of improving the effectiveness, efficiency, and quality of health services in the United States.

The Questionnaire Design Research Laboratory (QDRL) conducts questionnaire pre-testing and evaluation activities for CDC surveys (such as the NCHS National Health Interview Survey, OMB No. 0920-0214) and other federally sponsored surveys. NCHS is

requesting 3 years approval of OMB for this extension.

The QDRL conducts cognitive interviews, focus groups, mini field-pretests, and experimental research in laboratory and field settings, both for applied questionnaire evaluation and more basic research on response errors in surveys.

The most common questionnaire evaluation method is the cognitive interview. In a cognitive interview, a questionnaire design specialist interviews a volunteer participant. The interviewer administers the draft survey questions as written, but also probes the participant in depth about interpretations of questions, recall processes used to answer them, and adequacy of response categories to express answers, while noting points of confusion and errors in responding. Interviews are generally conducted in small rounds of 20-30 interviews.

Similar methodology has been adopted by other federal agencies, as well as by academic and commercial survey organizations. There are no costs to respondents other than their time. The total estimated annualized burden hours are 625 hours.

ESTIMATED ANNUALIZED BURDEN

Respondents	Number of respondents per year	Number of responses per respondent	Average burden per response (in hours)
Test respondents	500	1	1.25

Dated: January 15, 2010.
