

PURPOSE(S):

It also manages personnel security and clearance management; and is used to satisfy Federal, DoD and community reporting requirements for manpower, EEO and diversity reports. In addition, the system is used for the management of user accounts on internal computer systems.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USES AND THE PURPOSES FOR SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act of 1974 and the DoD Blanket Routine Uses, these records contained therein may be specifically disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

Relevant records from this system may be provided regularly to the Office of the Director of National Intelligence (ODNI) for the Intelligence Community to provide aggregate workforce planning, analysis, and reporting purposes. Records provided to the ODNI through this routine use for the Personnel Data Repository (PDR) and Intelligence Community Capabilities Catalog (IC3) initiatives will not include any individual's name or Social Security Number (SSN).

If the action is separation or retirement, these items are forwarded to the Office of Personnel Management or retired to a records storage facility as appropriate. Items considered to be relevant for a temporary period are retained for that period, either transferred with the employee, assignee, or destroyed when they are no longer relevant or either at a time of separation or retirement.
