**SUPPLEMENTARY INFORMATION:** This Form will be an Addendum to the 8(a) Annual Update Form (SBA Form 1450). The Section 8(a) Business Development (BD) Program was designed by Congress to provide socially and economically disadvantaged businesses with management and technical assistance to enhance their ability to compete in the American marketplace. The 8(a) Program utilizes various forms of assistance (e.g. procurement, financial, and management and technical assistance through 7(j) designated funds) to foster the business growth and development of 8(a) Program participants.

In an effort to refocus the 8(a) Business Development Program to emphasize "business development" the SBA developed the 8(a) Business Development Assessment Tool (BDAT) that will be completed by the 8(a) Participant as part of the Annual Review Update process. The BDAT is an electronic questionnaire (which consists of topics ranging from general business questions to legal land insurance, business planning, financing, marketing and business operations) that allows the 8(a) firm to answer a series of questions on a number of management and business skills. The 8(a) firm is then asked to rate their need for management

and technical assistance in the specific skill area and a customized plan that addresses the firms' stated needs is created.

*Title:* "8(a) Annual Update Addendum."

*Description of Respondents:* Annually.

*Form Numbers:* N/A.

*Annual Responses:* 7,644.
