USAID Offices, Bureaus, Missions, or Teams, that desire to collect, maintain or store personnel data under the scope of this system of record will be required to undergo a compliance review and register their system with the USAID Privacy Office.

The On-Line Collaboration Records is being established to collect and maintain information about the participants of USAID sponsored on-line collaborative activities. The information may include name, e-mail address, country, work address, professional affiliations, age, gender, phone number, and other professional biographical information. The information will be collected to register individuals wishing to participate in USAID sponsored on-line collaborative activities. The results of the statistical analysis will help USAID determine if we are targeting the proper participants. Certain information may be made available to other participants during the collaborative activity such as name, affiliation and e-mail address to help foster partnerships and facilitate participation. In some instances, transcripts of the content and information presented during a collaborative activity may be made publicly available. In these cases, individuals will be provided appropriate notice and have the opportunity to choose whether or not they want to participate. USAID may also use this information to contact individuals after an event has ended to follow-up on comments, opinions or ideas.
