C. Transfer of Assessments Notice	50	1	2	100
Total	50	100

General Description of Collection: The FDIC obtained emergency approval from OMB for three collections of information related to an amendment to the FDIC's assessment regulations that required insured depository institutions to prepay, on December 30, 2009, their estimated, quarterly, risk-based assessments for the fourth quarter of 2009, and for all of 2010, 2011, and 2012. The FDIC will begin to offset prepaid assessments on March 30, 2010, representing payment for the fourth quarter of 2009. Any prepaid assessment not exhausted by December 30, 2014, would be returned to the institution.

The deadline of 12/31/09 for applications for exemptions, or for applications for withdrawal of exemptions has passed, and there are no exceptions to the deadline. Transfers of assessments, however, are still permitted. When an insured depository institution enters into an agreement to transfer any portion of its prepaid assessment to another insured depository institution, it is required to notify the FDIC's Division of Finance of that transaction by submitting a written agreement signed by the legal representatives of both institutions, including documentation that each representative has the legal authority to bind the institution.

Request for Comment

Comments are invited on: (a) Whether these collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burdens of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collections on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Title: 46 CFR part 535—Ocean Common Carrier and Marine Terminal Operator Agreements Subject to the Shipping Act of 1984.

OMB Control Number: 3072-0045 (Expires May 31, 2010).

Abstract: Section 4 of the Shipping Act of 1984, 46 U.S.C. 40301(a)-(c), identifies certain commercial agreements by or among ocean common carriers and marine terminal operators (MTOs) that fall within the jurisdiction of that Act. Section 5 of the Shipping Act, 46 U.S.C. 40302, requires that carriers file those agreements with the

Federal Maritime Commission. Section 6 of the Act, 46 U.S.C. 40304, 40306, and 41307(b)-(d), specifies the Commission actions that may be taken with respect to filed agreements, including requiring the submission of additional information. Section 15 of the Act, 46 U.S.C. 40104, authorizes the Commission to require that common carriers, among other persons, file periodic or special reports. Requests for additional information and the filing of periodic or special reports are meant to assist the Commission in fulfilling its statutory mandate of overseeing the activities of the ocean transportation industry. These reports are necessary so that the Commission can monitor agreements parties' activities to determine how or if their activities will have an impact on competition.

Current Actions: There are no changes to this information collection, and it is being submitted for extension purposes only.

Type of Review: Extension.

Needs and Uses: The Commission staff uses the information filed by agreement parties to monitor their activities as required by the Shipping Act of 1984. Under the general standard set forth in section 6(g) of the Act, 46 U.S.C. 41307(b)(1), the Commission must determine whether filed agreements are likely, by a reduction in competition, to produce an unreasonable reduction in transportation service or an unreasonable increase in transportation cost. If it is shown, based on information collected under this rule, that an agreement is likely to have the foregoing adverse effects, the Commission may bring suit in the U.S. District Court for the District of Columbia to enjoin the operation of that agreement. Other than an agreement filed under section 5 of the Act, the information collected may not be disclosed to the public except as may be relevant to an administrative or judicial proceeding, and disclosure to Congress.

Frequency: This information is collected generally on a quarterly basis or as required under the rules.

Type of Respondents: The types of respondents are ocean common carriers and MTOs subject to the Shipping Act of 1984.

Number of Annual Respondents: The Commission estimates a potential annual respondent universe of 589 entities.

Estimated Time Per Response: The average time for filing agreements, including the preparation and submission of information required on Form FMC-150, *Information Form for Agreements Between or Among Ocean*
