

241, if any. See paragraph (b) of this section.

(b) A debtor, whose delinquent debt:

(1) Has not been paid within the time limit prescribed by the applicable Act, law, regulation, lease, order, demand, notice of noncompliance, and/or assessment of civil penalties, contract, or any other agreement to pay the Department money, funds, or property; and

(2) Was the subject of an order, demand, notice of noncompliance, and/or assessment of civil penalties that was appealable under 30 CFR part 290 or part 241, may not re-litigate matters that were the subject of the final order or appeal decision. This subsection applies whether or not the debtor appealed the order, demand, notice of noncompliance, and/or assessment of civil penalties under 30 CFR part 290 or part 241.

**§ 218.704 What is MMS's policy on interest, penalty charges, and administrative costs?**

(a) Interest.

(1) The MMS will assess interest on all delinquent debts unless prohibited by statute, regulation, or contract.

(2) Interest begins to accrue on all debts from the date that the debt becomes delinquent unless otherwise specified by law or lease terms.

(3) The MMS will assess interest on debts involving Federal and Indian oil and gas leases under 30 CFR 218.54 and 218.102 unless otherwise specified by lease terms.

(4) The MMS will assess interest on debts involving Federal and Indian solid mineral and geothermal leases under 30 CFR 218.202 and 218.302 unless otherwise specified by lease terms.

(b) Penalties. We will assess a penalty charge of 6 percent a year on any delinquent debt, interest, and administrative costs assessed under paragraph (c) of this section on any debt we refer to Treasury at the time we refer the debt to Treasury:

(1) After the debt has been delinquent for more than 90 days; and

(2) The penalty will accrue from the date of delinquency.

(c) Administrative costs. We will assess \$436.00 for administrative costs incurred as a result of the debtor's failure to pay a delinquent debt. We will publish a notice of any increase in administrative costs assessed under this section in the **Federal Register**.

(d) Interest, penalties, and administrative costs will continue to accrue throughout any appeal process.

(e) Allocation of payments. The MMS will apply a partial or installment payment by a debtor on a delinquent

debt sent to Treasury first to outstanding penalty assessments, second to administrative costs, third to accrued interest, and fourth to the outstanding debt principal.

(f) Additional authority. The MMS may assess interest, penalty charges, and administrative costs on debts that are not subject to 31 U.S.C. 3717 to the extent authorized under common law or other applicable statutory or regulatory authority.

(g) Waiver. Regardless of the amount of the debt, the Director may decide to waive collection of all or part of the accrued penalty charges or administrative costs either in compromise of the delinquent debt or if the Director determines collection of these charges would be against equity and good conscience or not in the Government's best interest.

(h) Our decision whether to collect or waive collection of penalties and administrative costs is the final decision for the Department and is not subject to administrative review.

**§ 218.705 What is MMS' policy on revoking the ability to engage in Federal or Indian leasing, licensing, or granting of easements, permits, or rights-of-way?**

For OCS leases, the Director may decide to revoke a debtor's ability to engage in Federal OCS leasing, licensing, or granting of easements, permits, or rights-of-way if the debtor inexcusably or willfully fails to pay a debt. The Director may also recommend that BLM or BIA revoke a debtor's ability to engage in Federal onshore and Indian leasing, licensing, or granting of easements, permits, or rights-of-way if the debtor inexcusably or willfully fails to pay a debt. The Director will recommend that revocation of a debtor's ability to engage in Federal or Indian leasing, licensing, or granting of easements, permits, or rights-of-way should last only as long as the debtor's indebtedness.

**§ 218.706 What debts can MMS refer to Treasury for collection by administrative and tax refund offset?**

(a) The MMS may refer any past due, legally enforceable debt of a debtor to Treasury for administrative and tax refund offset at least 60 days after we give notice to the debtor under section 218.703 if the debt:

(1) Will not have been delinquent more than 10 years at the time the offset is made;

(2) Is at least \$25.00 or another amount established by Treasury; and

(3) Does not involve Federal oil and gas lease obligations for which offset is precluded under 30 U.S.C. 1724(b)(3).

(b) Debts reduced to judgment may be referred to Treasury for tax refund offset at any time.

RIN 1625-AA09

**Drawbridge Operation Regulation; Old River, Between Victoria Island and Byron Tract, CA**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Advance notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is seeking comments and information on how best to address a proposal to change the operating regulation for the State Highway 4 Drawbridge, mile 14.8, over Old River. The bridge owner has asked to change from the existing requirement by eliminating the "on signal" openings and replacing them with an "open on signal if at least 4 hours notice is given" at all times. The 4 hour notice would be provided to the drawtender at the Rio Vista drawbridge across the Sacramento River, mile 12.8. This proposed change may reduce unnecessary staffing of the drawbridge during observed periods of reduced navigational activity.

**DATES:** Comments and related material must reach the Coast Guard on or before July 23, 2010.

**ADDRESSES:** You may submit comments identified by docket number USCG-2009-0308 using any one of the following methods:

(1) *Federal eRulemaking Portal:* <http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001.

(4) *Hand Delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329. To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

**Background**

Presently, the California Department of Transportation (Caltrans) is the owner of the State Route 4 Drawbridge, mile 14.8, over Old River, between Victoria Island and Byron Tract, CA (herein referenced as Old River State Route 4 Drawbridge). Caltrans operates this drawbridge in accordance with 33 CFR 117.183: Specifically, opening the drawbridge on signal from May 1 through October 31 from 6 a.m. to 10 p.m. and from November 1 through April 30 from 9 a.m. to 5 p.m. and at all other times, opening the draw on signal if at least four hours advance notice is given to the drawtender at the Rio Vista drawbridge across the Sacramento River, mile 12.8. The Old River State Route 4 Drawbridge provides

12 feet of vertical clearance for vessels above Mean High Water (MHW) in the closed-to-navigation position and unlimited vertical clearance when open.

Old River is 44 miles in length and is navigable in its entirety, from Franks Tract Recreation Area to the west to the San Joaquin River to the east. It is located in the southern portion of the San Joaquin River Delta. There are approximately 10 marinas on Old River and nearby waterways. From July 2007 through July 2008 the Old River State Route 4 Drawbridge opened for vessels 42 times, an average of 3.5 times per month. From August 2008 through January 2009 the Old River State Route 4 Drawbridge opened 24 times, an average of 2 times per month. Most openings have been for recreational vessels. Commercial vessels regularly transiting the area are barges used in emergency and routine levee repair. Channel maintenance, dredging, search and rescue and law enforcement vessels also use the waterway.

Due to infrequent calls for drawbridge openings, Caltrans has requested a four hour notification for all drawbridge openings at this location. A four hour notification may allow Caltrans to use personnel more efficiently, reduce unnecessary staffing of the drawbridge during periods of navigational inactivity, and may continue to meet the reasonable needs of navigation on the waterway.

**Information Requested**

Based on the last analysis of this waterway the Coast Guard determined in 1985 that the existing regulation met the reasonable needs of waterway traffic while still meeting the needs of land traffic and Caltrans.

To aid us in developing this proposed rule, we seek response from all waterway users to the following questions:

(1) Would changing the existing operating schedule of the Old River State Route 4 Drawbridge (found at 33 CFR 117.183), to the proposed 4 hour advance notice at all times, add or subtract transit time through this bridge or on the waterway?

(2) Would there be a significant economic impact on a substantial number of small entities as described in the Regulatory Flexibility Act (5 U.S.C. 601-612)? The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

This document is issued under authority of 5 U.S.C. 552(a); 33 CFR 1.05–1; and 117.8.

Dated: May 20, 2010.

#### Drawbridge Operation Regulation; Taunton River, Fall River and Somerset, MA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to change the drawbridge operation regulations for the Brightman Street (Rt-6) Bridge at mile 1.8, between Fall River and Somerset, Massachusetts, to help relieve the bridge owner from the burden of crewing the bridge during time periods when the bridge receives few requests to open. In addition, we are removing some obsolete language from the regulations, the operating regulations for the Bristol County Bridge at mile 10.3, because that bridge has subsequently been replaced with a fixed span highway bridge.

##### Background and Purpose

The Brightman Street (Rt-6) Bridge at mile 1.8, across the Taunton River between Fall River and Somerset, Massachusetts, has a vertical clearance in the closed position of 27 feet at mean high water and 31 feet at mean low water. The drawbridge operation regulations are listed at 33 CFR 117.619.

The bridge is required under the existing regulations to open on signal as follows:

At all times from April 1 through May 31 and from September 1 through November 1.
