National Highway Traffic Safety Administration

Reports, Forms, and Record Keeping Requirements Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and the expected burden. The **Federal Register** Notice with a 60-day comment period was published on March 31, 2010 (75 FR 16227–16228).

DATES: Comments must be submitted on or before August 5, 2010.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

SUPPLEMENTARY INFORMATION:

Title: Motivations for Speeding.

Type of Request: New information collection requirement.

Abstract: Speeding is one of the primary factors leading to vehicle crashes. In 2008, 31% of all fatal crashes were speeding-related. The estimated economic cost to society for speeding-related crashes is \$40.4 billion per year. Driving at higher speeds reduces the ability of drivers to avoid obstacles or react to sudden changes in the roadway environment and increases crash severity. The pervasiveness of speeding behavior is reflected in a recent national survey that showed that approximately 75% of all drivers reported speeding in the past month. Since most drivers often do not see speeding as risky or dangerous behavior, it is imperative that NHTSA gain a better understanding of the motivations for speeding behaviors in order to develop and refine effective interventions and countermeasures.

NHTSA proposes to conduct follow-up focus groups with 72 participants from an earlier on-road instrumented vehicle data collection conducted in Seattle, WA and College Station, TX. Focus group recruitment will be based on participants' speeding patterns in the on-road data. The focus groups will contribute to a better understanding of speeding and speeders, a more accurate taxonomy of high/low speed driver subgroups, and a better understanding of the motives, attitudes and habits of these subgroups. The focus groups will explore speed choices and speeding behaviors and the factors that influence them, beliefs and attitudes toward speeding, reactions to and discussions about specific driving scenarios, and individual/group responses to various speeding countermeasures. The focus groups are expected to provide data relevant to descriptions of key motivations, attitudes, normative commitment to law, driving habits relevant to speeding and speeding countermeasures; descriptions of countermeasures with the greatest likely benefits; implementation issues and concerns associated with the countermeasures; and key advantages and disadvantages associated with various countermeasures.

Affected Public: NHTSA plans to conduct six focus group sessions, three in Seattle, WA and three in College

Station, TX. Each focus group will consist of 8–12 participants and last approximately 80 minutes. Participants will be recruited by e-mail or telephone based on their driving behaviors in the earlier on-road phase of the study and their demographic characteristics. Participation by all respondents would be voluntary and confidential.

Estimated Total Annual Burden: The total estimated annual burden is between 64 and 96 hours, depending on the number of participants (range 8–12) in each group. The respondents would not incur any reporting cost from the information collection. The respondents also would not incur any record keeping burden or record keeping cost from the information collection.

Comments are invited on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed information collection;

(iii) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(iv) Ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Authority: 44 U.S.C. 3506(c)(2)(A).

Associate Administrator, Research and Program Development.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–1999–5748; FMCSA–2001–11426; FMCSA–2002–11714; FMCSA–2008–0021]

Qualification of Drivers; Exemption Renewals; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA previously announced its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 12 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemptions will provide a level of safety that will be equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Department of Transportation, 1200 New Jersey Avenue, SE., Room W64–224, Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. The comment period ended on June 16, 2010 (75 FR 27621).

Discussion of Comments

FMCSA received no comments in this proceeding.

Conclusion

The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 12 renewal applications, FMCSA renews the Federal vision exemptions for Guy M. Alloway, Joe W. Brewer, James D.

Coates, Donald D. Dunphy, James W. Ellis, IV, John E. Engstad, David A. Inman, Lawrence C. Moody, Stanley W. Nunn, Bobby C. Spencer, Kevin R. Stoner and Marion E. Terry.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: June 28, 2010.

Larry W. Minor,

Associate Administrator for Policy and Program Development.

Maritime Administration

[Docket No. MARAD–2010–0063]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel PALMETTO FLYER.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2010–0063 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments.
