

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E. O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9T, *Airspace Designations and Reporting Points*, signed August 27, 2009, and effective September 15, 2009 is amended as follows:

Paragraph 6002 Class E airspace designated as surface areas.

* * * * *

ANM UT E2 Bryce Canyon, UT [New]

Bryce Canyon Airport, UT
(Lat. 37°42'23" N., long. 112°08'45" W.)

Within a 4.2-mile radius of Bryce Canyon Airport. This Class E airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANM UT E5 Bryce Canyon, UT [New]

Bryce Canyon Airport, UT
(Lat. 37°42'23" N., long. 112°08'45" W.)

That airspace extending upward from 700 feet above the surface within 8 miles each side of the 047° and 227° bearing from the airport, extending 18 miles northeast and 15.9 miles southwest of the airport.

Issued in Seattle, Washington, on June 24, 2010.

John Warner,

Manager, Operations Support Group, Western Service Center.

[FR Doc. 2010–16479 Filed 7–7–10; 8:45 am]

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2009–1134; Airspace Docket No. 09–ANM–25]

Establishment of Class E Airspace; Lucin, UT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will establish Class E airspace at Lucin VHF Omni-Directional Radio Range Tactical Air Navigational Aid (VORTAC), Lucin, UT, to facilitate vectoring of Instrument Flight Rules (IFR) traffic from en route airspace to Salt Lake City, UT. This will improve the safety and management of

IFR operations for the Salt Lake City, UT area.

DATES: Effective date, 0901 UTC, September 23, 2010. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Eldon Taylor, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue, SW., Renton, WA 98057; telephone (425) 203–4537.

SUPPLEMENTARY INFORMATION:

History

On March 25, 2010, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish controlled airspace at Lucin, UT (75 FR 14383). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6006 of FAA Order 7400.9T signed August 27, 2009, and effective September 15, 2009, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E en route domestic airspace 1,200 feet above the surface, at the Lucin, UT VORTAC, to accommodate the management of IFR operations by vectoring IFR aircraft from en route airspace to Salt Lake City, UT. This action enhances the safety of the National Airspace System.

The FAA has determined this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the

Regulatory Flexibility Act. The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, section 106 discusses the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace in the Lucin, UT area.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR part 71.1 of the Federal Aviation Administration Order 7400.9T, *Airspace Designations and Reporting Points*, signed August 27, 2009, and effective September 15, 2009 is amended as follows:

Paragraph 6006 En Route Domestic Airspace Areas.

* * * * *

ANM UT E6 Lucin, UT

Lucin VORTAC
(Lat. 41°21'47" N., long. 113°50'26" W.)

That airspace extending upward from 1,200 feet above the surface bounded on the west by V–269; on the east by V–484; and on the south by V–32; excluding existing controlled airspace above 8,500 feet MSL; excluding that airspace designated for federal airways; excluding the portions within Restricted Area R–6404 and Lucin MOA during their published hours of designation.

Issued in Seattle, Washington, on June 24, 2010.

John Warner,

Manager, Operations Support Group, Western Service Center.

RIN 2120-AA66

Establishment of Low Altitude Area Navigation Route (T-284); Houston, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; withdrawal.

SUMMARY: A final rule, published in the *Federal Register* April 1, 2010, establishing low altitude area navigation (RNAV) route T-284 for the Houston, TX, terminal area, is being withdrawn. As a result of Houston Area Air Traffic System (HAATS) Project, Phase 3C, program actions, the route is pending redesign and will be resubmitted for rulemaking at a future date.

DATES: Effective date 0901 UTC, July 8, 2010. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Airspace and Rules Group, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On April 1, 2010, the FAA published in the *Federal Register* a final rule to establish RNAV route T-284 for the Houston, TX, terminal area (75 FR 16336), Docket No. FAA-2009-0878. Subsequent to publication, the Manager, Houston Air Route Traffic Control Center requested the recently published route be withdrawn pending redesign. The FAA intends to resubmit a redesigned route as a new rulemaking proposal at a future date.

Withdrawal of Final Rule

Accordingly, pursuant to the authority delegated to me, the FAA

withdraws the final rule published in the *Federal Register* April 1, 2010 (75 FR 16336) [FR Doc. 2010-7245].

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

Issued in Washington, DC, on June 29, 2010.

Paul Gallant,

Acting Manager, Airspace and Rules Group.

RIN 2120-AA66

Establishment of VOR Federal Airway V-625; Arizona

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes VOR Federal Airway V-625 between the Nogales, AZ, VHF Omnidirectional Range/Tactical Air Navigation (VORTAC) and the ULAPI, AZ, intersection. Specifically, the FAA is taking this action to establish a coordination point to facilitate border crossing flights between Mexico and the United States.

DATES: Effective date 0901 UTC, September 23, 2010. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Group, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

History

On April 20, 2009, the FAA published in the *Federal Register* a notice of proposed rulemaking (NPRM) to establish VOR Federal Airway V-625 in Arizona, (74 FR 17911). Interested parties were invited to participate in this rulemaking effort by submitting written comments on this proposal to the FAA. No comments were received in response to the NPRM. This amendment is the same as that proposed in the NPRM.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing VOR Federal Airway V-625 between the Nogales, AZ, VORTAC and the intersection of the ULAPI, AZ, fix. Mexico is establishing a new airway, and this action will establish a coordination point to facilitate border crossing flights between Mexico and the United States.

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order 7400.9T, signed August 27, 2009, and effective September 15, 2009, which is incorporated by reference in 14 CFR 71.1. The Domestic VOR Federal Airway listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes a VOR Federal Airway in Arizona.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, Environmental Impacts: Policies and Procedures, paragraph 311a.
