BILLING CODE 3410-11-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA). Title: Alaska Region Scale and Catch Weighing Requirements.

OMB Control Number: 0648–0330. Form Number(s): NA.

Type of Request: Regular submission (renewal of a currently approved information collection).

Number of Respondents: 61. Average Hours per Response: 21 hours for scale type evaluation; 45 minutes for records for daily flow scale tests; 45 minutes for records for daily automatic hopper scale tests; 1 minute for printed output, at-sea scales; 6 minutes for at-sea inspection request; 2 hours for at-sea scale approval report/ sticker; 2 hours for observer sampling station inspection request; 1 hour for video monitoring system; 2 hours for bin monitoring inspection request; 2 minutes to notify observer of scale tests; 5 minutes to notify observer of offload schedule for BSAI pollock; 16 hours for crab catch monitoring plan; 40 hours for inshore catch monitoring and control plan (CMCP); 5 minutes for inshore CMCP inspection request; 1 minute for Alaska State scale printed output; and 8 hours for inshore CMCP addendum.

Burden Hours: 6,548.

Needs and Uses: The National Marine Fisheries Service (NMFS) scale and catch weighing requirements address

performance standards designed to ensure that all catch delivered to the processor is accurately weighed and accounted for. As part of Fishery Management Plans developed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.), scale and catch-weighing monitoring is required for Western Alaska Community Development Quota Program (CDQ) catcher/processors, American Fisheries Act (AFA) catcher/processors, AFA motherships, AFA shoreside processors and stationary floating processors, non-AFA trawl catcher/processors regulated under the annual Groundfish Retention Standard, and Crab Rationalization crab catcher/processors and Registered Crab Receivers.

NMFS has identified three primary objectives for monitoring catch. First, monitoring must ensure independent verification of catch weight, species composition, and location data for every delivery by a catcher vessel or every pot by a catcher/processor. Second, all catch must be weighed accurately using NMFS-approved scales to determine the weight of total catch. Third, the system must provide a verifiable record of the weight of each delivery. In addition, operators of these vessels must ensure that each haul is observed by a NMFSapproved observer for verification that all fish are weighed. To effectively manage fisheries, NMFS must have data that will provide reliable independent estimates of the total catch.

The catch weighing and monitoring system developed by NMFS for catcher/processors and motherships is based on the vessel meeting a series of design criteria. Because of the wide variations in factory layout for inshore processors, NMFS requires a performance-based catch monitoring system for inshore processors.

Affected Public: Business or other forprofit organizations.

Frequency: Annually, daily during fishing time, and on occasion.

Respondent's Obligation: Mandatory. OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395–7285, or David Rostker@omb.eop.gov.

Dated: August 20, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Census Bureau

Proposed Information Collection; Comment Request; Annual Capital Expenditures Survey

AGENCY: U.S. Census Bureau.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before October 25, 2010.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Valerie Strang, Census Bureau, Room 6K171—South Building, Washington, DC 20233 (or via the Internet at valerie.cherry.strang@census.gov).

SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to conduct the 2010 through 2012 Annual Capital Expenditures Survey (ACES). The annual survey collects data on fixed assets and depreciation, sales and receipts, capitalized computer software, and capital expenditures for new and used structures and equipment. The ACES is the sole source of detailed comprehensive statistics on actual business spending for non-farm, nongovernmental companies, organizations, and associations operating in the United
