II. Background

A. What Action is the Agency Taking?

Pursuant to 40 CFR 155.58(c), this notice announces the availability of EPA's final registration review decision for the lauryl sulfate salts. Sodium lauryl sulfate (PC Code 079011) is the only active ingredient in case 4061. There is one registered product that contains sodium lauryl sulfate as an active ingredient. The product, Kleenex® Brand Antiviral Tissues, contains 2.02% sodium lauryl sulfate and is registered by Kimberly-Clark Global Sales, LLC (EPA Reg. No. 9402-10). The tissues also contain citric acid as an active ingredient at 7.51%. Products containing sodium lauryl sulfate as an active ingredient were first registered in 1948 and sodium lauryl sulfate is widely used as an intentionally-added inert ingredient in pesticide products.

Pursuant to 40 CFR 155.57, a registration review decision is the Agency's determination whether a pesticide meets, or does not meet, the Federal Insecticide, Fungicide, and

Rodenticide Act (FIFRA) standard for registration. EPA has considered lauryl sulfate salts in light of the FIFRA standard for registration. The Final Decision document in the docket describes the Agency's rationale for issuing a registration review final decision for lauryl sulfate salts.

In addition to the final registration review decision document, the registration review docket for lauryl sulfate salts also includes other relevant documents related to the registration review of this case. The combined final work plan and proposed registration review decision was posted to the docket and the public was invited to submit any comments or new information. During the 60-day comment period, no public comments were received.

Pursuant to 40 CFR 155.58(c), the registration review case docket for lauryl sulfate salts will remain open until all actions required in the final decision have been completed.

Background on the registration review program is provided at: http://www.epa.gov/oppsrrd1/registration_review. Links to earlier documents related to the registration review of lauryl sulfate salts are provided at: http://www.epa.gov/oppsrrd1/registration_review/lauryl-sulfate/index.html.

B. What is the Agency's Authority for Taking this Action?

Section 3(g) of FIFRA and 40 CFR part 155, subpart C, provide authority for this action.
