

comment refers to Docket No. APHIS–2010–0090.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690–2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information on regulations for the importation of bees and related articles, contact Dr. Colin Stewart, Senior Entomologist, Pest Permit Evaluations, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737; (301) 734–0774. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851–2908.

SUPPLEMENTARY INFORMATION:

Title: Bees and Related Articles.

OMB Number: 0579–0207.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Honeybee Act (7 U.S.C. 281–286), the Secretary is authorized to prohibit or restrict the importation of honeybees and honeybee semen to prevent the introduction into the United States of diseases and parasites harmful to honeybees and of undesirable species such as the African honeybee. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS).

Further, the Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. As with the Honeybee Act, APHIS has delegated authority for the PPA.

The establishment of certain bee diseases, parasites, or undesirable species and subspecies of honeybees in the United States could cause substantial reductions in pollination by bees. These reductions could cause serious damage to crops and other plants and result in substantial financial losses to American agriculture.

Regulations for the importation of honeybees and honeybee semen and

regulations to prevent the introduction of exotic bee diseases and parasites through the importation of bees other than honeybees, certain beekeeping products, and used beekeeping equipment are contained in 7 CFR part 322, “Bees, Beekeeping Byproducts, and Beekeeping Equipment.” These regulations require the use of certain information collection activities, including: An application for permit, appeals for denial of permit application and cancellation of permit, request for risk assessment, inspection report of containment facilities, request for release of containment, transit documentation, export certificate, notice of arrival, packaging and labeling, and recordkeeping by containment facilities.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0352809 hours per response.

Respondents: Importers and shippers of bees and related articles, foreign governments, and containment facilities.

Estimated annual number of respondents: 336.

Estimated annual number of responses per respondent: 47.830357.

Estimated annual number of responses: 16,071.

Estimated total annual burden on respondents: 567 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of October 2010.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Forest Service

Manti-La Sal National Forest Resource Advisory Committee; Meeting

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Manti-La Sal National Forest Resource Advisory Committee will meet in Price, Utah. The Committee is meeting as authorized under the Secure Rural Schools and Community Self-Determination Act (Pub. L. 110–343) and in compliance with the Federal Advisory Committee Act. The purpose of the meeting is to hold the second meeting of the newly formed Committee.

DATES: The meeting will be held October 20, 2010, and will begin at 9 a.m.

ADDRESSES: The meeting will be held in the conference room of the Utah Division of Wildlife Resources Building, 319 North Carbonville Road, Price, Utah. Written comments should be sent to Rosann Fillmore, Manti-La Sal National Forest, 599 West Price River Drive, Price, UT 84501. Comments may also be sent via e-mail to rdfillmore@fs.fed.us or via facsimile to 435–637–4940.

All comments, including names and addresses when provided, are placed in the record and are available for public inspection and copying. The public may inspect comments received at the Manti-La Sal National Forest, 599 West Price River Drive, Price, UT 84501. Visitors are encouraged to call ahead to 435–636–3525 to facilitate entry into the building.

FOR FURTHER INFORMATION CONTACT: Rosann Fillmore, RAC coordinator, USDA, Manti-La Sal National Forest, 599 West Price River Drive, Price, UT 84501; 435–636–3525; E-mail rdfillmore@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339

between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The meeting is open to the public. The following business will be conducted: (1) Consideration of Proposal Forms, (2) Development of Proposal Review Process, (3) Development of Guidelines, (4) Public comment. Persons who wish to bring related matters to the attention of the Committee may file written statements with the Committee staff before or after the meeting. Public input sessions will be provided and individuals who made written requests by September 15, 2010 will have the opportunity to address the Committee at those sessions.

Dated: October 4, 2010.

Pamela E. Brown,

Forest Supervisor.

Notice of Lincoln County Resource Advisory Committee Meeting

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the authorities in the Federal Advisory Committee Act (Pub. L. 92-463) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 106-393) the Kootenai National Forest's Lincoln County Resource Advisory Committee will meet on Wednesday, October 13, 2010 at 6 p.m. at the Forest Supervisor's Office in Libby, Montana for a business meeting. The meeting is open to the public.

DATES: October 13, 2010.

ADDRESSES: Forest Supervisor's Office, 31374 U.S. Hwy 2, Libby, Montana.

FOR FURTHER INFORMATION CONTACT: Janette Turk, Committee Coordinator, Kootenai National Forest at (406) 283-7764, or e-mail jturk@fs.fed.us.

SUPPLEMENTARY INFORMATION: Agenda will include review of 2010 project proposals and 2008-09 project status. If the meeting date or location is changed, notice will be posted in the local newspapers, including the Daily Interlake based in Kalispell, Montana.

Dated: October 1, 2010.

Paul Bradford,

Forest Supervisor.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2010-0047]

Monsanto Company and KWS SAAT AG; Supplemental Request for Partial Deregulation of Roundup Ready Sugar Beet

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: The Animal and Plant Health Inspection Service has received a supplemental request for "partial deregulation" or similar administrative action from the Monsanto Company and KWS SAAT AG for the planting, harvesting, and interstate movement of Roundup Ready® sugar beets under measures designed to ensure any risks posed by cultivation are mitigated. This notice is to inform the public of the availability of the documents submitted to the Agency from Monsanto Company and KWS SAAT AG requesting a "partial deregulation."

ADDRESSES: You may view the request for "partial deregulation" on the Regulations.gov Web site (*see* <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2010-0047>) or on the APHIS Web site (*see* http://www.aphis.usda.gov/brs/aphisdocs2/03_32301p_a1.pdf). Copies may also be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT**.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: Mr. Rick Coker, Biotechnology Regulatory Services, APHIS, 4700 River Road Unit 146, Riverdale, MD 20737-1236; (301) 734-5720. To obtain copies of the supplemental request for "partial deregulation," contact Ms. Cindy Eck at (301) 734-0667, e-mail: cynthia.a.eck@aphis.usda.gov.

SUPPLEMENTARY INFORMATION: The regulations in 7 CFR part 340, "Introduction of Organisms and Products Altered or Produced Through Genetic Engineering Which Are Plant Pests or Which There Is Reason to Believe Are Plant Pests," regulate, among other things, the introduction (importation, interstate movement, or release into the environment) of organisms and products altered or produced through genetic engineering that are plant pests or that there is reason to believe are plant pests. Such

genetically engineered organisms and products are considered "regulated articles."

On October 19, 2004, APHIS published a notice in the **Federal Register** (69 FR 61466-61467, Docket No. 04-075-1) announcing receipt of a petition from the Monsanto Company (Monsanto) and KWS SAAT AG (KWS) requesting a determination of nonregulated status under 7 CFR part 340 for sugar beet (*Beta vulgaris* ssp. *vulgaris*) designated as event H7-1, which has been genetically engineered for tolerance to the herbicide glyphosate. The petition stated that this article should not be regulated by APHIS because it is unlikely to pose a plant pest risk. APHIS also announced in that notice the availability of a draft environmental assessment (EA) examining the potential environmental impacts of the proposed action in accordance with National Environmental Policy Act requirements for the proposed determination of nonregulated status. Following review of public comments and completion of the EA, we published another notice in the **Federal Register** on March 17, 2005 (70 FR 13007-13008, Docket No. 04-075-2), advising the public of our determination, effective March 4, 2005, that the Monsanto/KWS sugar beet event H7-1 was no longer considered a regulated article under APHIS regulations in 7 CFR part 340.

On September 21, 2009, the U.S. District Court for the Northern District of California issued a ruling in a lawsuit filed by two organic seed groups and two nonprofit organizations challenging our decision to deregulate sugar beet event H7-1 (referred to in the lawsuit as Roundup Ready® sugar beet, or "RRSB"), pursuant to the Plant Protection Act (PPA) and in compliance with the Administrative Procedure Act and the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321 *et seq.*). Under the provisions of NEPA, agencies must examine the potential environmental impacts of proposed major Federal actions, and the Court ruled that APHIS' EA failed to consider certain environmental and interrelated economic impacts. As a result, the Court ruled that APHIS is required to prepare an environmental impact statement (EIS). Accordingly, APHIS is preparing an EIS, for which we published a notice¹ in the **Federal Register** (75 FR 29969-29972, Docket No. APHIS-2010-0047) on May 28, 2010, to solicit

¹ The notice can be viewed at <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2010-0047>.
