

20410, telephone (202) 708-3175 (this is not a toll free number) for copies of the proposed forms and other available information.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: HUD-Owned Real Estate—Dollar Home Sales Program.
OMB Control Number, if applicable: 2502-0569.

Description of the need for the information and proposed use: This collection was formerly part of a collection titled Single Family Housing Property Disposition and Acquisition (Conveyance) of Mortgaged Properties. HUD published a **Federal Register** notice soliciting public comments on April 17, 2006 (Vol. 71, No. 73, pages 19746-19746). No comments were received. Since that publication, however, the information collection request for the Dollar Home Sales Program has been disaggregated. This revision now presents only documents related to the Dollar Home Sales Program. Among the information collections are a local government's notification to HUD of disposition strategies and public purpose goals; affirmation that all profits from re-sales of these Dollar Homes will go to support local housing/community development initiatives; identification of specific programs or uses any profits will support; identification of an agency of government to act as the local government's agent to purchase Dollar Homes; recordkeeping; and an annual report to HUD.

Agency form numbers, if applicable: None.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated number of burden hours needed to prepare the information collection is 688 hours; the number of respondents is approximately 110, generating approximately 825 annual responses; the frequency of response is "on occasion" and annually; and the estimated time needed to prepare the response varies from 30 minutes to one hour per response.

Status of the proposed information collection: This is a request for a new collection to disaggregate only those information collection requirements of the Dollar Home Sales Program.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: October 1, 2010.

Ronald Y. Spraker,

Associate General Deputy Assistant Secretary for Housing.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Nomans Land Island NWR,

which we started with the notice of intent we published in the **Federal Register** (69 FR 72210) on December 13, 2008. We prepared the EA/draft CCP in compliance with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 et seq.) and the National Wildlife Refuge System Administration Act of 1966 (Administration Act) (16 U.S.C. 668dd-668ee), as amended by the National Wildlife Refuge System Improvement Act of 1997 (Improvement Act). We released the EA/draft CCP to the public, announcing and requesting comments in a notice of availability in the **Federal Register** (75 FR 30052) on May 28, 2010.

Nomans Land Island is a 628-acre roadless island located approximately 3 miles south of Martha’s Vineyard, Massachusetts. The refuge was established in 1998 for the conservation and management of migratory birds. We first began managing a portion of the eastern side of the island in 1970 as an “overlay” refuge under a joint management agreement between the U.S. Department of the Interior and the U.S. Department of the Navy (Navy), while it was still under Navy management. In 1998, management of the island was transferred to the Service, and all 628 acres became Nomans Land Island NWR.

This island has a unique history, from its use by Native Americans as a summer camp, to sheep grazing when the island was privately owned in the 1800s, to use as a bombing range by the Navy during World War II. Because Nomans Land Island provides diverse habitats including intertidal, freshwater wetland, grassland, and shrubland habitats, it serves an important role for nesting landbirds and colonial waterbirds, and is a stopover for migratory birds and raptors, including the peregrine falcon.

We announce our decision and the availability of the FONSI for the final CCP for Nomans Land Island NWR in accordance with NEPA requirements. The FONSI is included as Appendix K in the final CCP. We completed a thorough analysis of impacts on the human environment, which we included in the EA/draft CCP.

Alternative C, as we described in the EA/draft CCP, is the foundation for the final CCP.

Background

The Administration Act, as amended by the Improvement Act, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the
