SUPPLEMENTARY INFORMATION:

I. Abstract

Respondents to this form supply the USGS with domestic consumption data of 12 metals and ferroalloys, some of which are considered strategic and critical. This information will be published as chapters in Minerals Yearbooks, monthly Mineral Industry Surveys, annual Mineral Commodity Summaries, and special publications, for use by Government agencies, industry, education programs, and the general public.

II. Data

OMB Control Number: 1028-0070.
Title: Consolidated Consumers' Report.

Type of Request: Extension of a currently approved collection.

Affected Public: U.S. nonfuel consumers of ferrous and related metals.

Respondent Obligation: Voluntary.
Frequency of Collection: Monthly and Annually.

Estimated Number of Annual Responses: 1,828.

Annual Burden Hours: 1,371 hours. We expect to receive 1,828 annual responses. We estimate an average of 45 minutes per response.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: We have not identified any "non-hour cost" burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number.

III. Request for Comments

We are soliciting comments as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) how to enhance the

quality, usefulness, and clarity of the information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that the comments submitted in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

USGS Information Collection Clearance Officer: Phadrea Ponds 970-226-9445.

Dated: October 13, 2010.

John H. DeYoung, Jr.,

Director, National Minerals Information Center, U.S. Geological Survey.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLNVS03000 L51010000.ER0000 LVRWF09 F8770 241A; 10-08807; MO#4500015810; TAS:14X5017]

Notice of Availability of Record of Decision for the NextLight Renewable Power, LLC, Silver State Solar Project Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the NextLight Renewable Power, LLC, Silver State Solar Project Environmental Impact Statement (EIS). The Department of the Interior Secretary signed the ROD on October 12, 2010, which constitutes the final decision of the Department.

ADDRESSES: Copies of the ROD are available upon request from the BLM Southern Nevada District Office, 4701 N. Torrey Pines Drive, Las Vegas, Nevada 89130, or at the following Web site: <http://www.blm.gov/nv/st/en/fo/lyfo.html>. Copies of the ROD are also available for public inspection at the BLM Southern Nevada District Office

and the BLM Nevada State Office, 1340 Financial Blvd., Reno, Nevada.

FOR FURTHER INFORMATION CONTACT: Gregory Helseth, Renewable Energy Project Manager, *phone:* (702) 515-5173; *address:* BLM Southern Nevada District Office, 4701 N. Torrey Pines Drive, Las Vegas, Nevada 89130; *e-mail:* Gregory_Helseth@blm.gov.

SUPPLEMENTARY INFORMATION: The applicant, Nextlight Renewable Power, LLC, requested a right-of-way (ROW) authorization to construct, operate, maintain and decommission a 400-megawatt (MW) solar photovoltaic (PV) power plant and facilities. The Notice of Availability (NOA) for the Draft EIS analyzing impacts of the project and alternatives was released for public comment on April 16, 2010 (75 FR 19990). Four hundred eighty one comments were received on the Draft EIS. The comments were incorporated, where appropriate, to clarify the analysis presented in the Final EIS. The Environmental Protection Agency published the NOA for the Final EIS in the **Federal Register** on Friday, September 10, 2010 (75 FR 55326). The Final EIS analyzes 3 alternatives: A No Action Alternative, the Proposed Action, and a Modified Site Layout Alternative. These alternatives were shaped in part by comments received from the public and internal BLM review.

Alternative 1—No Action Alternative. Under this alternative, the BLM would deny a ROW for construction, operation, maintenance, and decommission of a 400-MW solar photovoltaic power plant on public lands administered by the BLM.

Alternative 2—Proposed Action. The Proposed Action Alternative is the construction, operation, maintenance and decommission of a solar facility utilizing passive PV technology. The project facilities would be constructed in 3 separate phases totaling 400-MW with a total surface disturbance of 2,967 acres. Phase 1 consists of a 60-MW direct current (50-MW alternating current) facility and is independent of the facilities identified in Phase 2 and Phase 3, which are inter-dependant facilities. Each facility component would be constructed as power purchase agreements and transmission infrastructure is in place and available to bring generated power to the market. Drainage controls would consist of a series of earthen drainage control berms that would contain surface runoff flows to existing primary drainages (storm water flow corridors) across the site.

Alternative 3—Modified Site Layout Alternative. The Modified Site Layout

Alternative is similar to the Proposed Action in development sequence and facilities, but contains additional drainage control structures to manage storm water run-off. Total surface disturbance for this alternative is 2,748 acres.

The ROD approves only the Phase 1 portion of Alternative 2, the Proposed Action. Phase 2 and Phase 3 of the Proposed Action are not authorized in the ROD and may be considered in the future when the necessary electric transmission upgrades are proposed. At that time, the BLM will prepare any necessary additional environmental review.

Authority: 40 CFR 1506.6 and 1506.10.

Robert V. Abbey,

Director, Bureau of Land Management.

BILLING CODE 4310-HC-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-325]

The Economic Effects of Significant U.S. Import Restraints: Seventh Update; Special Topic: Global Supply Chains

AGENCY: United States International Trade Commission.

ACTION: Notice of seventh update report and scheduling of public hearing.

SUMMARY: Following receipt of a request dated August 16, 2010 from the United States Trade Representative (USTR), the U.S. International Trade Commission (Commission) has announced its schedule for preparing the seventh update report in investigation No. 332-325, *The Economic Effects of Significant U.S. Import Restraints*, including the scheduling of a public hearing in connection with the investigation for December 16, 2010.

DATES:

November 29, 2010: Deadline for filing requests to appear at the public hearing.

November 29, 2010: Deadline for filing pre-hearing briefs and statements.

December 16, 2010: Public hearing.

January 6, 2011: Deadline for filing post-hearing briefs and statements.

February 7, 2011: Deadline for filing all other written submissions.

August 12, 2011: Transmittal of Commission report to USTR.

ADDRESSES: All Commission offices, including the Commission's hearing rooms, are located in the United States International Trade Commission

Building, 500 E Street SW., Washington, DC. All written submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street SW., Washington, DC 20436. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://www.usitc.gov/secretary/edis.htm>.

FOR FURTHER INFORMATION CONTACT:

Project Leader William Powers (william.powers@usitc.gov or 202-708-5405) or Deputy Project Leader Jose Signoret (jose.signoret@usitc.gov or 202-205-3125) for information specific to this investigation (the seventh update). For information on the legal aspects of this investigation, contact William Gearhart of the Commission's Office of the General Counsel (202-205-3091 or william.gearhart@usitc.gov). The media should contact Margaret O'Laughlin, Office of External Relations (202-205-1819 or margaret.olaughlin@usitc.gov). Hearing-impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

Background: The Commission instituted this investigation under Section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)) following receipt of an initial request from the USTR dated May 15, 1992. The request asked that the Commission assess the quantitative economic effects of significant U.S. import restraints on the U.S. economy and prepare periodic update reports after the initial report. The Commission published a notice of institution of the investigation in the **Federal Register** of June 17, 1992 (57 FR 27063). The first report was delivered to the USTR in November 1993, the first update in December 1995, and successive updates were delivered in 1999, 2002, 2004, 2007, and 2009. In this seventh update, as requested by the USTR in a letter dated August 16, 2010, the Commission will, in addition to the quantitative effects analysis similar to that included in prior reports, include an overview of global supply chains, including the economic forces behind them and current U.S. involvement in them. The USTR asked that the overview be accessible to readers who may not be professional economists. As in previous reports in this series, the seventh update

will continue to assess the economic effects of significant import restraints on U.S. consumers and firms, the income and employment of U.S. workers, and the net economic welfare of the United States. This assessment will use the Commission's computable general equilibrium model. However, as per earlier instructions from the USTR, the Commission will not assess import restraints resulting from antidumping or countervailing duty investigations, section 337 and 406 investigations, or section 301 actions.

Public Hearing: A public hearing in connection with this investigation will be held at the United States International Trade Commission Building, 500 E Street SW., Washington, DC, beginning at 9:30 a.m. on December 16, 2010. Requests to appear at the hearing should be filed with the Secretary no later than 5:15 p.m., November 29, 2010, in accordance with the requirements in the "Submissions" section below. All pre-hearing briefs and statements should be filed not later than 5:15 p.m., November 29, 2010; and all post-hearing briefs and statements should be filed not later than 5:15 p.m., January 6, 2011. In the event that, as of the close of business on November 29, 2010, no witnesses are scheduled to appear at the hearing, the hearing will be canceled. Any person interested in attending the hearing as an observer or nonparticipant may call the Secretary to the Commission (202-205-2000) after November 29, 2010, for information concerning whether the hearing will be held.

Written Submissions: In lieu of or in addition to participating at the hearing, interested parties are invited to file written submissions concerning this investigation. All written submissions (other than pre- and post-hearing briefs and statements) should be addressed to the Secretary, and should be received not later than 5:15 p.m., February 7, 2011. All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the
