SuperMedia, LLC, Formerly Known as Idearc Media, LLC, a Subsidiary of SuperMedia Information Services, LLC Publishing Group, Troy, NY; Notice of Revised Determination on Reconsideration

By application dated July 16, 2010 petitioners requested administrative reconsideration of the Department's negative determination regarding the eligibility of workers and former workers of SuperMedia, LLC, formerly known as Idearc Media, LLC, a Subsidiary of SuperMedia Information Services, LLC, Troy, New York, to apply for Trade Adjustment Assistance. On August 13, 2010, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration. The Notice was published in the **Federal Register** on October 25, 2010 (75 FR 65515). Workers at the subject firm are engaged in employment related to the production of telephone directories.

Based on the information obtained during the reconsideration investigation, the Department determines that the subject firm shifted to a foreign country a significant proportion of the services like or directly competitive with those provided by the Publishing Group.

Conclusion

After careful review of the additional facts obtained during the reconsideration investigation, I determine that workers of the subject firm, who are engaged in employment related to the production of telephone directories, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a). In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

"All workers of SuperMedia, LLC, formerly known as Idearc Media, LLC, a Subsidiary of SuperMedia Information Services, LLC, Publishing Group, Troy, New York, who became totally or partially separated from employment on or after December 14, 2008, through two years from the date of this revised certification, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended."

By application dated September 23, 2010, a State of Washington workforce official, on behalf of two workers, requested administrative reconsideration of the Department's negative determination regarding the eligibility of workers and former workers of Sojitz Corporation of America, a subsidiary of Sojitz Corporation, Forest Products Department, Seattle, Washington (subject firm) to apply for Trade Adjustment Assistance. On October 18, 2010, the Department issued a Notice of Affirmative Determination Regarding Application for Reconsideration applicable to workers of the subject firm. Conclusion

After careful review of the additional facts obtained on reconsideration, I determine that workers of the subject firm, who are engaged in employment related to the supply of forest product services, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a). In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

“All workers of Sojitz Corporation of America, a subsidiary of Sojitz Corporation, Forest Products Department, Seattle, Washington, who became totally or partially separated from employment on or after March 15, 2009, through two years from the date of this revised certification, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.”

SUPPLEMENTARY INFORMATION:

Notice of Final Decision

The Occupational Safety and Health Administration (OSHA) hereby gives notice that it is expanding recognition of MET Laboratories, Inc., (MET) as an NRTL. MET's expansion covers the use of additional test standards. OSHA's current scope of recognition for MET is in the following informational Web page: <http://www.osha.gov/dts/otpca/nrtl/met.html>.

OSHA recognition of an NRTL signifies that the organization has met the legal requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition, and is not a delegation or grant of government authority. As a result of recognition, employers may use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing such an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>. Each NRTL's scope of recognition has three elements: (1) The type of products the NRTL may test, with each type specified by its applicable test standard; (2) the recognized site(s) that has/have the technical capability to perform the testing and certification activities for test standards within the NRTL's scope; and (3) the supplemental program(s) that the NRTL may use, each of which allows the NRTL to rely on other parties to perform activities necessary for product testing and certification.

MET submitted two applications, dated October 6 and November 3, 2008, to expand its recognition to include 18 additional test standards. (Exs. 2 and 3—MET expansion applications dated 10/6/2008 and 11/3/2008.) The NRTL Program staff determined that these standards are “appropriate test
