

(a) Any needed revisions to the statement of support and commitment included in the full application for each of the required SS/HS partners (described in the letters of commitment submitted with the full application) to implement the project.

(b) A roster of the core management team (as defined in this notice) that clearly defines how each member of the team will support the SS/HS project director in the day-to-day management of the project.

(c) Any needed revisions to the process for involving multiple and diverse sectors of the community in the implementation and continuous improvement of the project.

(d) A logic model that identifies needs or gaps and connects those needs or gaps with corresponding project goals, objectives, activities, partners' roles, outcomes, and outcome measures for each of the SS/HS elements.

(e) A description of the procedures to be used for referral, treatment, and follow-up for children and adolescents in need of mental health services and an assurance that the local public mental health authority will provide administrative control or oversight of the delivery of mental health services.

TRAC (Transformation Accountability System) means the system the Department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS) uses to collect Government Performance and Results Act performance measure data for the SS/HS program.

Final Priorities, Requirements, and Definitions

We will announce the final priorities, requirements, and definitions in a notice in the **Federal Register**. We will determine the final priorities, requirements, and definitions after considering responses to this notice and other information available to the Department. This notice does not preclude us from proposing additional priorities, requirements, definitions, or selection criteria, subject to meeting applicable rulemaking requirements.

Note: This notice does *not* solicit applications. In any year in which we choose to use one or more of these priorities, requirements, and definitions, we invite applications through a notice in the **Federal Register**.

Executive Order 12866: This notice has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this proposed regulatory action.

The potential costs associated with this proposed regulatory action are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of this proposed regulatory action, we have determined that the benefits of the proposed priorities, requirements, and definitions justify the costs.

We have determined, also, that this proposed regulatory action does not unduly interfere with State, local, and Tribal governments in the exercise of their governmental functions.

Discussion of Costs and Benefits: The Secretary believes that the costs imposed on an applicant by the proposed priorities, requirements, and definitions would be related to preparing an application, including but not limited to staff time, copying, and mailing or delivery and are minimal for the pre-application. Additional costs may be incurred by those applicants invited to submit a full application but the benefits of these proposed priorities, requirements, and definitions are significant Federal assistance to fund the implementation and enhancement of prevention and intervention activities, curricula, programs, and services would outweigh any costs incurred by the applicant. Additionally, the required SS/HS partners should bring intellectual, human, and financial resources to the grant application process, thereby reducing or eliminating costs the applicant may incur.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Accessible Format: Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotope, or computer diskette) on request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document: You can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document

Federal Energy Regulatory Commission

[Docket No. CP11-72-000]

Sabine Pass Liquefaction, LLC and Sabine Pass LNG, L.P.; Notice of Application

Take notice that on January 31, 2011, Sabine Pass Liquefaction, LLC and Sabine Pass LNG, L.P. (collectively, Sabine Pass), 700 Milam Street, Suite 800, Houston, Texas 77002, filed in Docket No. CP11-72-000, an application, pursuant to section 3(a) of the Natural Gas Act (NGA), as amended, and part 153 of the Commission's Regulations, to site, construct, and operate liquefaction and export facilities (Liquefaction Project) at the existing Sabine Pass LNG Terminal, located in Cameron Parish, Louisiana. The Liquefaction Project will provide the capability to liquefy domestic natural gas supplies for export of approximately 16 million metric tonnes of liquefied natural gas (LNG) per annum, all as

more fully set forth in the application which is on file with the Commission and open to public inspection.

Any questions regarding this application should be directed to Patricia Outtrim, Sabine Pass LNG, L.P., 700 Milam Street, Suite 800, Houston, Texas 77002, or call (713) 375-5212, or by e-mail pat.outtrim@cheniere.com. Or contact Lisa M. Tonery, Fulbright & Jaworski L.L.P., 666 Fifth Avenue, New York, NY 10103, or call (212)318-3009, or by e-mail lttonery@fulbright.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

On August 4, 2010, the Commission staff granted Sabine Pass' request to utilize the Pre-Filing Process and assigned Docket No. PF10-24 to staff activities involved with Sabine Pass' Liquefaction Project. Now, as of the filing of the application on January 31, 2011, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP11-72-000, as noted in the caption of this Notice.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and

by all other parties. A party must submit an original and 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call
