(a) *General.* A tolerance of 0.1 part per million is established for residues of the insecticide propetamphos, including its metabolites and degradates, in or on food or feed commodities when present therein as a result of the treatment of food- or feed-handling establishments with propetamphos. Direct application shall be limited solely to spot and/or crack and crevice treatment in food- or feed-handling establishments where food or feed and food or feed products are held, processed, prepared, served, or sold. Spray and dust concentrations shall be limited to a maximum of 1 percent active ingredient. For crack and crevice treatment, equipment capable of delivering a dust or a pin-stream of spray directly into cracks and crevices shall be used. For spot treatment, a coarse, low-pressure spray shall be used to avoid contamination of food, feed, or food-contact/feed-contact surfaces. Compliance with the tolerance level specified in this paragraph is to be determined by measuring only propetamphos, 1-methylethyl-(2E)-3-((ethylamino)methoxyphosphinothioyl)oxy)-2-butenolate, in or on the commodity.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-8177]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Final rule.

SUMMARY: This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date.

DATES: Effective Dates: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Mitigation Directorate, Federal

Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-2953.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the NFIP, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, FEMA has identified the Special Flood Hazard Areas (SFHAs) in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal

financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year, on FEMA's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage

unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Background

This final rule follows the publication of a Notice of Proposed Rulemaking published by the Legal Services

Corporation (LSC) on February 4, 2011 proposing to amend LSC’s regulation at 45 CFR part 1609 on fee-generating cases to clarify that it applies only to LSC and private non-LSC funds. 76 FR 6381. On April 15, 2011, the LSC Board of Directors adopted the proposed changes and authorized the publication of this final rule.

Generally, the substantive LSC restrictions on LSC recipients fall into two categories: “entity restrictions” and “LSC funds restrictions.” “Entity restrictions” apply to all activities of a recipient regardless of the funding source (except for the use of tribal funds as intended) and generally originate in section 504 of LSC’s FY 1996 appropriations act (the provisions of which have been carried forward in subsequent appropriations). In contrast, “LSC funds restrictions” usually originate from the LSC Act and apply to the use of LSC funds and private funds, but not to tribal or public non-LSC funds used as intended. LSC’s regulation at 45 CFR part 1609, Fee-Generating Cases, is based on § 1007(b)(1) of the LSC Act, which provides that no funds made available by the Corporation may be used to provide legal assistance, except as per LSC regulation, with respect to any fee-generating case. The fee-generating case provision of the LSC Act is an “LSC funds restriction.” However, § 1609.3(a),

as currently written, is not limited to the use of LSC funds. Rather it reads as an “entity restriction” reaching all of an LSC recipient’s funds. Its wording follows the same structure as other entity restrictions such as part 1617—Class Actions, which states that “Recipients are prohibited from initiating or participating in any class action.” 45 CFR 617.3.

From its initial adoption in 1976 through 1996, part 1609 followed the language of the LSC Act and was expressly applied as an LSC funds restriction. At that time, § 1609.3 provided that: “[n]o recipient shall use funds received from the Corporation to provide legal assistance in a fee-generating case unless” one of the regulatory exceptions applied. 41 FR 18528 (proposed rule May 5, 1976), 41 FR 38505 (final rule Sept. 10, 1976), and 49 FR 19656 (final rule May 9, 1984) (the last final rule prior to 1996) (emphasis added).

In 1996 LSC revised part 1609 in conjunction with the enactment of the part 1642 entity prohibition on recipients claiming or collecting and retaining attorneys’ fees. In the revision the language was changed from the prior “Corporation funds” prohibition to the more general “no recipient” entity prohibition. Notably though, there is no discussion in the preamble to the proposed or final regulation of any
