

approval period of such adoption service providers.

(4) *Complaint Procedures*: By a date agreed upon by the Parties, the Parties will agree upon procedures for handling complaints against the accrediting entity received by the Department or referred to the Department because the complainant was not satisfied with the accrediting entity's resolution of the complaint. These complaint procedures may be incorporated into the Department's general procedures for handling instances in which the Department is considering whether a deficiency in the accrediting entity's performance may warrant suspension or cancellation of its designation.

Article 7—Other Issues Agreed by the Parties

(1) *Conflict of interest*: Colorado shall disclose to the Department the name of any organization of which it is a member that also has as members intercountry adoption service providers. Colorado shall demonstrate to the Department that it has procedures in place to prevent any such membership from influencing its actions as an accrediting entity and shall maintain and use these procedures.

(2) *Liability*: Colorado agrees to maintain sufficient resources to defend challenges to its actions as an accrediting entity, and to inform the Department immediately of any events that may affect its ability to defend itself. Colorado agrees that it will consult with the Department immediately if it becomes aware of any legal proceedings related to its acts as an accrediting entity, or of any legal proceedings not related to its acts as an accrediting entity that may threaten its ability to continue to function as an accrediting entity.

Article 8—Liaison Between the Department and the Accrediting Entity

(1) Colorado's principal point of contact for communications relating to its functions and duties as an accrediting entity will be the Licensing Administrator in the Department of Human Services. The Department's principal point of contact for communication is the Accrediting Entity Liaison officer in the Office of Children's Issues, Bureau of Consular Affairs, U.S. Department of State.

(2) The parties will keep each other currently informed in writing of the names and contact information for their principal points of contact. As of the signing of this Agreement, the respective principal points of contact are as set forth in Attachment 2.

Article 9—Certifications and Assurances

(1) Colorado certifies that it will comply with all requirements of applicable State and Federal law.

(2) Colorado certifies that it satisfies all of the accrediting entity performance criteria set forth in 22 CFR 96.6 and agrees to continue to do so throughout the duration of its designation.

(3) Colorado agrees to indemnify the Department and any persons acting on its behalf and to hold them harmless from any claim, loss or other liability that is caused by Colorado's fault or negligence in connection with performing duties under this Agreement. Any negligence or alleged negligence by the Department or persons acting on its behalf shall not preclude a claim for indemnification.

Article 10—Agreement, Scope, and Period of Performance

(1) *Scope*:

(a) This agreement is not intended to have any effect on any activities of Colorado that are not related to its functions as an accrediting entity for adoption service providers providing adoption services in intercountry adoptions under the Hague Convention.

(b) Nothing in this agreement shall be deemed to be a commitment or obligation to provide any Federal funds. The Department, consistent with the IAA, may not provide any funds to the accrediting entity for the performance of accreditation and approval functions.

(c) All accrediting entity functions and responsibilities authorized by this agreement are to occur only during the duration of this agreement.

(d) Nothing in this agreement shall release Colorado from any legal requirements or responsibilities imposed on the accrediting entity by the IAA, 22 CFR Part 96, or any other applicable laws or regulations.

(2) *Duration*: Colorado's designation as an accrediting entity and this agreement shall remain in effect for five years from signature, unless terminated earlier by the Department in conjunction with the suspension or cancellation of the designation of Colorado. The Parties may mutually agree in writing to extend the designation of the accrediting entity and the duration of this agreement. If either Party does not wish to renew the agreement, it must provide written notice no less than one year prior to the termination date, and the Parties will consult to establish a mutually agreed schedule to transfer adoption service including by transferring a reasonable allocation of collected fees for the remainder of the accreditation or

approval period of such adoption service providers.

(3) *Severability*: To the extent that the Department determines, within its reasonable discretion, that any provision of this agreement is inconsistent with the Convention, the IAA, the regulations implementing the IAA or any other provision of law, that provision of the agreement shall be considered null and void and the remainder of the agreement shall continue in full force and effect as if the offending portion had not been a part of it.

(4) *Entirety of Agreement*: This agreement is the entire agreement of the Parties and may be modified only upon written agreement of the Parties.

Dated: June 29, 2006.

Airmen Transition to Experimental or Unfamiliar Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of availability.

SUMMARY: The Federal Aviation Administration (FAA) is announcing the availability of Advisory Circular (AC) 90-109, which provides information and guidance to owners and pilots of experimental airplanes and to flight instructors who teach in these airplanes. This information and guidance contains recommendations for training experience for pilots of experimental airplanes in a variety of grouping based on performance and handling characteristics. This AC does not address the testing of newly built experimental airplanes. The current edition of AC 90-89, Amateur-Built and Ultralight Flight Testing Handbook, provides information on such testing. However, if a pilot is planning on participating in a flight-test program in an unfamiliar experimental airplane, this AC should be used to develop the skills and knowledge necessary to safely accomplish the test program using AC 90-89. This AC may also be useful in planning the transition to any unfamiliar fixed-wing airplanes, including type-certificated (TC) airplanes.

DATES: This AC became effective on March 30, 2010.
