

provides the only comprehensive data on R&D expense covering all domestic non-farm businesses and detailed expenses by type and industry.

The Census Bureau has conducted the Survey of Industrial Research and Development (SIRD) since 1957, collecting primarily financial information on the systematic work companies were undertaking with the goal of discovering new knowledge or using existing knowledge to develop new or improved goods and services. More recently, prompted by recommendations from the 2005 Committee on National Statistics (CNSTAT) Report, *Measuring Research and Development Expenditures in the U.S. Economy*, the NSF and Census Bureau began a full-scale redesign of the SIRD. The goal of the redesign was to produce high-quality, relevant data on R&D in the business sector that took into account the changing reality of R&D and innovation.

An inter-agency team evaluated the need for different types of data as well as the availability of those data within company records. This evaluation resulted in the fielding of the 2008 BRDIS as a full scale pilot survey. The team used the results of the pilot to make improvements for the 2009/2010 BRDIS cycles. The 2011 BRDIS will continue to collect the following types of information:

- R&D expense based on accounting standards.
- Worldwide R&D of domestic companies.
- Business segment detail.
- R&D related capital expenditures.
- Detailed data about the R&D workforce.
- R&D strategy and data on the potential impact of R&D on the market.
- R&D directed to application areas of particular national interest.
- Data measuring innovation, intellectual property protection activities and technology transfer.

The BRDIS utilizes a booklet instrument that facilitates the obtaining of information from various contacts within each company that have the best understanding of the concepts and definitions being presented as well as access to the information necessary to provide the most accurate response. The sections of the booklet have been defined by grouping questions based on subject matter areas within the company and currently include: A company information section that includes detailed innovation questions; a financial section focused on company R&D expenses; a human resources section; an R&D strategy and management section; an IP and

technology transfer section; and a section focused on R&D that is funded or paid for by third parties. A Web instrument is also available to the companies. The Web instrument incorporates the use of Excel spreadsheets that are provided to facilitate the electronic collection of information within the companies. Companies have the capability to download the spreadsheets from the Census Bureau's Web site; the Census Bureau also provides a spreadsheet that is programmed to consolidate the information for the companies so the company can simply upload this information into the Web instrument.

## II. Method of Collection

The Census Bureau will use mail out/mail back survey forms and a Web-based collection. Companies will be asked to respond within 60 days of the initial mail out.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On January 14, 2011, the Department of Commerce (Department) published in the **Federal Register** the preliminary results of the 2008-2009 administrative review of the antidumping duty order on hand trucks and certain parts thereof from the People's Republic of China. *See Hand Trucks and Certain Parts Thereof from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Intent to Rescind in Part*, 76 FR 2648 (January 14, 2011) (*Preliminary Results*). The current deadline for the final results of this review is May 14, 2011.

##### **Extension of Time Limits for Final Results of Review**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires that the Department complete the final results of an administrative review within 120 days after the date on which notice of the preliminary results was published in the **Federal Register**. However, if it is not practicable to

complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results to a maximum of 180 days after the publication date of the preliminary results.

The Department finds that it is not practicable to complete the final results of this review within the original time frame because the Department continues to require additional time to analyze issues raised in recent case and rebuttal briefs. Thus, the Department finds it is not practicable to complete this review within the original time limit (*i.e.*, May 14, 2011). Accordingly, the Department is extending the time limit for completion of the final results of this administrative review by 30 days (*i.e.*, until June 13, 2011), in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

On April 26, 2011, Long Mountain withdrew its request for a new shipper review. Accordingly, the Department is rescinding the new shipper review with respect to Long Mountain.

**DATES:** *Effective Date:* May 18, 2011.

**FOR FURTHER INFORMATION CONTACT:** Mark Flessner or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-6312 or (202) 482-0649, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On February 28, 2011, the Department received a timely request from Long Mountain in accordance with section 751(a)(2)(b)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(b)(1) for a new shipper review of the antidumping duty order on certain preserved mushrooms from the PRC. On March 31, 2011, the Department found that the request for a new shipper review of Long Mountain met all of the regulatory requirements set forth in 19 CFR 351.214(b)(2) and initiated the requested antidumping duty new shipper review. *See Initiation Notice*. On April 26, 2011, Long Mountain submitted a letter to the Department in which it stated that it was withdrawing its new shipper review request and requesting that the Department terminate the new shipper review. *See* letter from Long Mountain entitled "Certain Preserved Mushrooms from China; Long Mountain—Withdrawal from New Shipper Review," dated April 26, 2011.

##### **Rescission of New Shipper Review**

Section 351.214(f)(1) of the Department's regulations provides that the Department may rescind a new shipper review if the party that requested the review withdraws its request for review within 60 days of the date of publication of the notice of initiation of the requested review. Long Mountain withdrew its request for a new shipper review 26 days after the date of publication of the notice of initiation of the requested review.

Based upon the above, the Department is rescinding the new shipper review of the antidumping duty order on certain preserved mushrooms from the PRC with respect to Long Mountain.

As the Department is rescinding the new shipper review of Long Mountain, it is not calculating a company-specific rate for Long Mountain. Long Mountain will remain part of the PRC-wide entity.

##### **Assessment**

Long Mountain remains under review as part of the PRC entity in the ongoing administrative review covering the 2010-2011 POR. *See Initiation of*

*Antidumping Duty Administrative Reviews, Requests for Revocation in Part, and Deferral of Administrative Review*, 76 FR 17825 (March 31, 2011). Therefore, the Department will not order liquidation of entries for Long Mountain. The Department intends to issue liquidation instructions for the PRC entity, which will cover any entries by Long Mountain, 15 days after publication of the final results of the ongoing administrative review covering the 2010-2011 POR.

##### **Cash Deposit**

The Department will notify U.S. Customs and Border Protection (CBP) that bonding is no longer permitted to fulfill security requirements for subject merchandise produced and exported by Long Mountain that is entered, or withdrawn from warehouse, for consumption in the United States on or after the publication of this rescission notice in the **Federal Register**. The Department will notify CBP that a cash deposit of 198.63 percent should be collected for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption in the United States on or after the publication of this rescission notice, by Long Mountain.

##### **Notification to Interested Parties**

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this rescission and notice in accordance with section 777(i) of the Act and 19 CFR 351.214(f)(3).
