District Export Council Nomination Opportunity

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of opportunity for appointment to serve as a District Export Council member.

SUMMARY: The Department of Commerce is currently seeking nominations of individuals for consideration for appointment by the Secretary of Commerce to serve as members of one of the 60 District Export Councils (DECs) nationwide. DECs are closely affiliated with the U.S. Export Assistance Centers of the U.S. and Foreign Commercial Service (CS), and play a key role in the planning and coordination of export activities for their communities.

DATES: Nominations for individuals to a DEC must be received by the local USEAC Director by close of business on July 15, 2011.

FOR FURTHER INFORMATION CONTACT: Please contact the Director of your local USEAC for more information on DECs and the nomination process. You may identify your local USEAC by entering your zip code online at <http://www.buyusa.gov/home/us.html>. For general program information, contact Daniel O'Brien, National DEC Liaison, CS, at (202) 482-1376.

SUPPLEMENTARY INFORMATION: As lead organizations serving the international business community, and working together with USEACs, the mission of the DECs is to facilitate the development of an effective local export assistance network, support the expansion of export opportunities for local U.S. companies, serve as a communication link between the business community and CS, and assist in coordinating the activities of trade assistance partners to leverage available resources.

Selection Process: Each DEC has a target membership of 30. Approximately half of the positions are open on each DEC for the four-year term from January 1, 2012, through December 31, 2015. The local USEAC Director receives nominations for membership, and makes recommendations to the Secretary of Commerce in consultation with the local DEC Executive Committee. After ensuring that nominees meet the membership criteria (described below) and after completion of a vetting process, the Secretary selects nominees for appointment to local DECs. DEC members are appointed by and serve at the pleasure of the Secretary of Commerce.

Membership Criteria: Individuals appointed to a DEC become part of a select corps of trade experts dedicated to providing international trade leadership and guidance to the local business community and assistance to

the Department of Commerce on export development issues. Appointment is based upon an individual's international trade leadership in the local community, ability to influence the local environment for exporting, interest in export development, and willingness and ability to devote time to DEC activities. Members include exporters, export service providers and others whose profession supports U.S. export promotion efforts. DEC member appointments are made without regard to political affiliation. DEC membership is open to U.S. citizens and permanent residents of the United States. As representatives of the local exporting community, DEC Members must reside in, or conduct the majority of their work in, the territory that the DEC covers. DEC membership is not open to registered Federal lobbyists, Federal government employees (other than USEAC Directors), or individuals representing foreign governments.

Authority: 15 U.S.C. 1501 *et seq.*, 15 U.S.C. 4721.

Dated: May 26, 2011.

Anne Grey,
Acting DAF of Office of Domestic Operations.

Non-Malleable Cast Iron Pipe Fittings From the People's Republic of China: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On January 31, 2011, the Department of Commerce ("Department") published the *Preliminary Results* of the 2009-2010 administrative review of the antidumping duty order on non-malleable cast iron pipe fittings ("pipe fittings") from the People's Republic of China ("PRC").¹ We gave interested parties an opportunity to comment on the *Preliminary Results*. We did not receive comments on the *Preliminary Results*. We find that the only participating mandatory respondent in this review, NEP (Tianjin) Machinery Company ("NEP Tianjin") did not sell subject merchandise at less than normal

value during the period of review ("POR"), April 1, 2009, through March 31, 2010. The final dumping margin for this administrative review is listed in the "Final Results of Review" section below.

DATES: *Effective Date:* June 2, 2011.

FOR FURTHER INFORMATION CONTACT: Karine Gziryan, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4081.

SUPPLEMENTARY INFORMATION:

Background

As noted above, on January 31, 2011, the Department published the *Preliminary Results* of pipe fittings from the PRC. The Department did not receive comments from interested parties on our *Preliminary Results*.

Changes Since the Preliminary Results

We have not made any changes to our *Preliminary Results*.

Scope of the Order

The products covered by the order are finished and unfinished non-malleable cast iron pipe fittings with an inside diameter ranging from ¼ inch to 6 inches, whether threaded or unthreaded, regardless of industry or proprietary specifications. The subject fittings include elbows, ells, tees, crosses, and reducers as well as flanged fittings. These pipe fittings are also known as "cast iron pipe fittings" or "gray iron pipe fittings." These cast iron pipe fittings are normally produced to ASTM A-126 and ASME B.16.4 specifications and are threaded to ASME B1.20.1 specifications. Most building codes require that these products are Underwriters Laboratories (UL) certified. The scope does not include cast iron soil pipe fittings or grooved fittings or grooved couplings.

Fittings that are made out of ductile iron that have the same physical characteristics as the gray or cast iron fittings subject to the scope above or which have the same physical characteristics and are produced to ASME B.16.3, ASME B.16.4, or ASTM A-395 specifications, threaded to ASME B1.20.1 specifications and UL certified, regardless of metallurgical differences between gray and ductile iron, are also included in the scope of the order. These ductile fittings do not include grooved fittings or grooved couplings. Ductile cast iron fittings with mechanical joint ends (MJ), or push on ends (PO), or flanged ends and
