

subscribers equally based on the number of ports subscribed. The proposed fees will cover the costs associated with separately offering the service, responding to customer requests, configuring Exchange systems, programming to user specifications, and administering the service, among other things, and may provide the Exchange with a profit to the extent costs are covered.

The Exchange also believes that the proposed rule change is consistent with the provisions of Section 6(b)(5) of the Act⁹ because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. PRM is designed to assist member firms in avoiding entry of erroneous orders by screening out those that exceed pre-determined limits, which otherwise may harm both the member firm and the quality of the markets. As such, PRM is an important compliance tool that members may use to help maintain the regulatory integrity of the markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest. Such a waiver will allow the Exchange to offer the PRM service, which a member may use as a tool that could assist compliance with certain regulatory obligations and enhance market integrity, as soon as possible. Accordingly, the Commission designates the proposal operative upon filing.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

(the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange submits this proposed rule change to extend the pilot period of the Exchange's prior approval for the Boston Options Exchange ("BOX") to accept inbound routes by NASDAQ Options Services, LLC ("NOS") of Nasdaq Options Market ("NOM") Exchange Direct Orders without checking the NOM book and 2) [sic] NOM non-System securities, including Exchange Direct Orders.³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, NOS is the approved outbound routing facility of the NASDAQ Stock Market (the "NASDAQ Exchange") for NOM, providing outbound routing from NOM to other market centers.⁴ The Exchange and the

³ Pursuant to chapter VI, Section 1(b) of the NOM Rules, "System Securities" are all options that are currently trading on NOM pursuant to chapter IV of the NOM rules. All other options are "Non-System Securities." Pursuant to chapter VI, Section 1(e)(7) of the NOM Rules, Exchange Direct Orders are orders that route directly to other Options Markets on an immediate-or-cancel basis without checking the NOM book for liquidity.

⁴ NOM Rule chapter VI, Section 11(c). Under NOM Rule chapter VI, Section 11(c): (1) NOM routes orders in options via NOS, which serves as the sole "routing facility" of NOM; (2) the sole function of the routing facility is to route orders in options to away markets pursuant to NOM rules, solely on behalf of NOM; (3) NOS is a member of an unaffiliated self-regulatory organization, which is the designated examining authority for the broker-dealer; (4) the routing facility is subject to regulation as a facility of the NASDAQ Exchange, including the requirement to file proposed rule changes under Section 19 of the Act; (5) use of NOS to route order to other market centers is optional; (6) NOM must establish and maintain procedures and internal controls reasonably designed to adequately restrict the flow of confidential and

NASDAQ Exchange have previously adopted rules to permit BOX to receive inbound routes of certain option orders, specifically (1) Exchange Direct Orders without checking the NOM book prior to routing, and (2) NOM non-system securities, by NOS on a pilot basis.⁵ The Exchange specifically has adopted a rule to prevent potential information advantages resulting from the affiliation between BOX and NOS, as related to NOS's authority to route orders from NOM to BOX.⁶ NOS's authority to route these orders to BOX is subject to a pilot period ending on August 16, 2011.⁷ The Exchange hereby seeks to extend the previously approved pilot period (with the attendant obligations and conditions) to permit BOX to accept inbound routes of (1) exchange Direct Orders without checking the NOM book and (2) NOM non-System securities, including Exchange Direct Orders that NOS routes from NOM for an additional 30 days, through September 15, 2011. The Exchange is also seeking permanent approval of the BOX and NOS inbound routing relationship.⁸

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁹ in general, and with Section 6(b)(5) of the Act,¹⁰ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and

proprietary information between the NASDAQ Exchange and its facilities (including the routing facility), and any other entity; and (7) the books, records, premises, officers, directors, agents, and employees of the routing facility, as a facility of the NASDAQ Exchange, shall be subject at all times to inspection and copying by the NASDAQ Exchange and the Commission.

open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the proposed rule change would permit inbound routing of certain orders from NOM to BOX through NOS in a manner consistent with prior approvals and established protections. The Exchange believes that extending the previously approved pilot period for thirty days is a sufficient length to permit both the Exchange and the Commission to assess the impact of the Exchange's authority to permit BOX to receive direct inbound routes of certain option orders via NOS (including the attendant obligations and conditions), while the Commission evaluates the pending proposal to make the pilot permanent.¹¹

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

The Exchange has requested that the Commission waive the 30-day operative delay. The Exchange believes that the proposed rule change does not significantly affect the protection of investors or the public interest because it seeks to extend for a limited period a currently operating pilot program so as

¹¹ See supra at note 8.

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

to allow the Exchange and Commission to assess whether to make the pilot permanent in accordance with its attendant obligations and conditions.¹⁴ The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot period to be extended without undue delay through September 15, 2011 while the Exchange's proposal to make the pilot permanent is under consideration. Therefore, the Commission designates the proposal operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
