

the CITES Secretariat 150 days (tentatively early October 2012) prior to the start of the meeting. In order to meet this deadline and to prepare for CoP16, we have developed a tentative U.S. schedule. When we publish our next CoP16-related **Federal Register** notice, we intend to announce tentative species proposals that the United States is considering submitting for CoP16 and solicit further information and comments on them. Following publication of that **Federal Register** notice and approximately 9 months prior to CoP16, we plan to publish a **Federal Register** notice announcing draft resolutions, draft decisions, and agenda items to be submitted by the United States at CoP16, and to solicit further information and comments on them. Approximately 4 months prior to CoP16, we will post on our Web site an announcement of the species proposals, draft resolutions, draft decisions, and agenda items submitted by the United States to the CITES Secretariat for consideration at CoP16.

Through a series of additional notices and Web site postings in advance of CoP16, we will inform you about preliminary negotiating positions on resolutions, decisions, and amendments to the Appendices proposed by other Parties for consideration at CoP16, and about how to obtain observer status from us. We will also publish an announcement of a public meeting tentatively to be held approximately 3 months prior to CoP16; that meeting will enable us to receive public input on our positions regarding CoP16 issues. The procedures for developing U.S. documents and negotiating positions for a meeting of the Conference of the Parties to CITES are outlined in 50 CFR 23.87. As noted in paragraph (c) of that section, we may modify or suspend the procedures outlined there if they would interfere with the timely or appropriate development of documents for submission to the CoP and of U.S. negotiating positions.
