

members. The study focuses on achievement growth in mathematics in the high school years and its correlates, the family and school social context of secondary education, transitions from high school to postsecondary education and/or the labor market, and experiences during the postsecondary years. Major topics covered for the postsecondary years include postsecondary education access, choice, and persistence; baccalaureate and sub-baccalaureate attainment; the work experiences of the non-college-bound; and other markers of adult status such as family formation, civic participation, and other young adult life course developments. Data collections took place in 2002, 2004, 2006 (two years out of high school), and now will take place in 2012, when most sample members are around 26 years of age. The third follow-up field test was conducted in 2011. This submission requests OMB's approval for the third follow-up 2012 full scale data collection.

Ocean Renewable Power Company Maine, LLC; Notice of Availability of Environmental Assessment for the Proposed Cobscook Bay Tidal Energy Project

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC's) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed Ocean Renewable Power Company, LLC's application for an 8-year pilot license for the proposed Cobscook Bay Tidal Energy Project (FERC Project No. 12711-005), which would be located in Cobscook Bay in Washington County, Maine, and has prepared an environmental assessment (EA) in cooperation with the U.S. Department of Energy (DOE/EA1916). In the EA, Commission staff analyzes the potential environmental effects of constructing and operating the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-(866) 208-3676, or for TTY, (202) 502-8659. A copy of the EA can also be found on DOE's Public Reading Room Web site at <http://www.eere.energy.gov/golden/ReadingRoom.aspx>. Please reference DOE/EA 1916 in the National Environmental Policy Act Documents section.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 30 days from the date of this notice. Comments may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions

on the Commission's Web site (<http://www.ferc.gov/docs-filing/ferconline.asp>) under the "eFiling" link. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. Although the Commission strongly encourages electronic filings, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please affix Project No. 12711-005 to all comments.

For further information, contact Timothy Konnert by telephone at (202) 502-6359 or by email at timothy.konnert@ferc.gov.

Dated: January 4, 2012.

Kimberly D. Bose,
Secretary.

[Docket No. CP12-28-000]

Tennessee Gas Pipeline Company, L.L.C.; Notice of Intent To Prepare an Environmental Assessment for the Proposed MPP Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the MPP Project, involving construction and operation of facilities by Tennessee Gas Pipeline Company, L.L.C. (TGP) in Potter, McKean, Mercer, and Venango Counties, Pennsylvania. The Commission will use this EA in its decisionmaking process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help the Commission staff determine what issues they need to evaluate in the EA. Please note that the scoping period will close on February 3, 2012. At this time you may submit comments in written form.
