OMB Control Number: 0560-0183.

Expiration Date of Approval: July 31, 2012.

Type of Request: Revision and extension of a currently approved information collection.

Abstract: FSA and CCC are requesting an extension of the currently approved information collection for Forms CCC-36, "Assignment of Payment", CCC-37, "Joint Payment Authorization", CCC-251, "Notice of Assignment", and CCC-252, "Instrument of Assignment". The Soil Conservation and Domestic Allotment Act (16 USC 590h(g)) authorizes producers to assign FSA conservation program payments in accordance with regulations issued by the Secretary. The Assignment of Payments regulation at 7 CFR Part 1404 requires that any such assignment be signed by both the assignor and the assignee. The Agricultural Act of 1949, as amended, extends that authority to CCC programs, including rice, feed grains, cotton, and wheat. There are no regulations governing joint payments, but this service is offered as a result of public requests for this type of payment option.

The burden hours have increased due to more producers participating in new Disaster Programs in the past few years. They are Livestock Indemnity Program, Livestock Forage Disaster Assistance Program, Supplemental Revenue Assistance Payment (SURE), Tree Assistance Program, Emergency

Assistance for Livestock Honeybee and Farm-Raised Fish Program.

Estimate of Respondent Burden: Public reporting burden for this collection of information is estimated to average 10 minutes per response for each form of CCC-36, CCC-37, and CCC-251, and 5 minutes per response for CCC-252.

Respondents: Producers participating in FSA or CCC programs.

Estimated Number of Respondents: 170,430 for CCC-36; 40,496 for CCC-37, 450 for CCC-251 and 450 for CCC-252.

Estimated Annual Number of Forms per person: 1.

Estimated Total Annual Responses: 211,826.

Estimated Total Annual Burden Hours: 35,266.

We are requesting comments on all aspects of this information collection and to help us to:

(1) Determine whether the continued collection of information is still necessary for the proper performance of the functions of the FSA, including whether the information will have practical utility;

(2) Assess the accuracy of the FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for the Office of Management and Budget approval.

Signed on February 3, 2012.

Bruce Nelson,

Administrator, Farm Service Agency, and Executive Vice President, Commodity Credit Corporation.
