SUPPLEMENTARY INFORMATION:

I. Abstract

Reclamation is responsible for approximately 6.5 million acres of land which directly support Reclamation's Federal water projects in the 17 western states. Under Title 43 CFR part 429, individuals or entities wanting to use Reclamation's lands, facilities, or waterbodies must apply using Form 7-2540. Examples of such uses are:—Agricultural uses such as grazing and farming;—Commercial or organized recreation and sporting activities;—Other commercial activities such as “guiding and outfitting” and “filming and photography;” and—Resource exploration and extraction, including sand and gravel removal and timber harvesting.

Reclamation reviews applications to determine whether granting individual use authorizations is compatible with Reclamation's present or future uses of the lands, facilities, or waterbodies. When we find a proposed use compatible, we advise the applicant of the estimated administrative costs and estimated application processing time. In addition to the administrative costs, we require the applicant to pay a use fee based on a valuation or by competitive bidding. If the application is for construction of a bridge, building, or
