### Full Text of Announcement

#### I. Funding Opportunity Description

*Purpose of Program:* The Promise Neighborhoods program is carried out under the legislative authority of the Fund for the Improvement of Education (FIE), title V, part D, subpart 1, sections 5411 through 5413 of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 7243-7243b). FIE supports nationally significant programs to improve the quality of elementary and secondary education at the State and local levels and to help all children meet challenging State academic content and student academic achievement standards.

The purpose of the Promise Neighborhoods program is to significantly improve the educational and developmental outcomes of children and youth in our most distressed communities and to transform those communities by—

(1) Identifying and increasing the capacity of eligible organizations (as defined in this notice) that are focused on achieving results for children and youth throughout an entire neighborhood;

(2) Building a complete continuum of cradle-through-college-to-career solutions (continuum of solutions) (as defined in this notice) of both education programs and family and community supports (both as defined in this notice), with great schools at the center. All solutions in the continuum of solutions

must be accessible to children with disabilities (CWD) (as defined in this notice) and English learners (ELs) (as defined in this notice);

(3) Integrating programs and breaking down agency “silos” so that solutions are implemented effectively and efficiently across agencies;

(4) Developing the local infrastructure of systems and resources needed to sustain and scale up proven, effective solutions across the broader region beyond the initial neighborhood; and

(5) Learning about the overall impact of the Promise Neighborhoods program and about the relationship between particular strategies in Promise Neighborhoods and student outcomes, including through a rigorous evaluation of the program.

*Background:* The vision of this program is that all children and youth growing up in Promise Neighborhoods have access to great schools and strong systems of family and community support that will prepare them to attain an excellent education and successfully transition to college and a career.

A Promise Neighborhood is both a place and a strategy. A place eligible to become a Promise Neighborhood is a geographic area that is distressed, often facing inadequate access to high-quality early learning programs and services, with struggling schools, low high-school and college graduation rates, high rates of unemployment, high rates of crime, and indicators of poor health. These conditions contribute to and intensify the negative outcomes associated with children and youth living in poverty. Children and youth who are from low-income families and grow up in neighborhoods of concentrated poverty face educational and life challenges above and beyond the challenges faced by children who are from low-income families who grow up in neighborhoods without a high concentration of poverty. A Federal evaluation of the reading and mathematics outcomes of elementary students in 71 schools in 18 districts and 7 States found that even when controlling for individual student poverty, there is a significant negative association between school-level poverty and student achievement.<sup>1</sup> The evaluation found that students have lower academic outcomes when a higher percentage of their same-school peers qualify for free and reduced-priced lunch (FRPL) compared to when a lower percentage of their same-school
