(b) *The regulations.* (1) No person or vessel shall enter or remain in the danger zone when restrictions are in force during weapons range training activities. At all other times, nothing in this regulation prohibits any lawful uses of this area.

(2) A schedule for proposed closures of the danger zone will be furnished to the U.S. Coast Guard, Astoria Command Center one week in advance of range training activities to provide local notice to mariners. Changes to the schedule made less than one week in advance of the event will be transmitted to the Astoria Command Center on the day the change is made.

(3) At least 30 minutes prior to restricting navigation in the danger zone, red flags will be raised on wooden poles immediately next to the beach at the north and south boundaries of Camp Rilea. (4) When restrictions are in force, Camp Rilea will visually monitor the danger zone using radar and guards, equipped with binoculars and two-way radios, posted on the beach near the north and south boundaries of the Camp. If a vessel is detected in the danger zone, a cease fire will be called on all active weapons ranges and Camp Rilea will attempt to contact the vessel using marine VHF radio. Cease fire will be maintained until the vessel leaves the danger zone.

### Approval and Promulgation of Air Quality Implementation Plans; Maryland; Removal of the 1980 Consent Order for the Maryland Slag Company

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the Maryland Department of Environment to revise the Maryland State Implementation Plan (SIP). The revision removes a 1980 Consent Order issued to the Maryland Slag Company (now known as MultServ). The 1980 Consent Order is no longer required to satisfy applicable Federal regulations and the Clean Air Act (CAA). In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.
