Dongtai Peak and Petitioners filed rebuttal briefs.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to these reviews are addressed in the "Issues and Decision Memorandum: Administrative Review of Honey from the People's Republic of China: Final Rescission of Antidumping Duty Administrative Review," ("Issues and Decision Memorandum") which is dated concurrently with this notice, and which is hereby adopted by this notice. A list of the issues which parties raised and to which we respond in the Issues and Decision Memorandum is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). Access to IA ACCESS is available in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at http:// www.trade.gov/ia/. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decisions Memorandum are identical in content

Scope of the Order

The products covered by the order are natural honey, artificial honey containing more than 50 percent natural honey by weight, preparations of natural honey containing more than 50 percent natural honey by weight and flavored honey. The subject merchandise includes all grades and colors of honey whether in liquid, creamed, comb, cut comb, or chunk form, and whether packaged for retail or in bulk form.

The merchandise subject to the order is currently classifiable under subheadings 0409.00.00, 1702.90.90, 2106.90.99, 0409.00.0010, 0409.00.0035, 0409.00.0005, 0409.00.0045, 0409.00.0056, and 0409.00.0065 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the merchandise under the order is dispositive.

Final Rescission of Administrative Review

In the *Preliminary Rescission*, the Department preliminarily rescinded the administrative review of Dongtai Peak, whose POR sales the Department found to be not *bona fide.*⁸ The Department received comments with respect to our preliminary decision to rescind the review. The Department continues to find the sales made by Dongtai Peak during the POR to be not *bona fide.*⁹

Therefore, we are rescinding this review of the antidumping duty order on honey from the PRC for the period of December 1, 2009, through November 30, 2010. The cash deposit rate for the Dongtai Peak will continue to be the rate established in the most recently completed segment of this proceeding.¹⁰

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries. Because the Department has not completed an administrative review, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(2). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification

¹⁰ See Administrative Review of Honey from the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Rescission of Review, In Part, 75 FR 24880 (May 6, 2010). of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Tariff Act of 1930, as amended and 19 CFR 351.213(d)(4).

Dated: June 4, 2012.

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce. SUMMARY: On December 7, 2011, the Department of Commerce (the "Department") published the preliminary results of the administrative review of the antidumping duty order on circular welded non-alloy steel pipe ("CWP") from the Republic of Korea ("Korea"). The review covers the period November 1, 2009, through October 31, 2010, and two producers/exporters of the subject merchandise to the United States: SeAH Steel Corporation ("SeAH") and Hyundai HYSCO ("HYSCO"). Based on our analysis of the comments received from interested parties, we have made changes to the margin calculations. The final weightedaverage dumping margins for the reviewed firms are listed below in the section entitled "Final Results of Review."

DATES: *Effective Date:* June 11, 2012. **FOR FURTHER INFORMATION CONTACT:** Mary Kolberg or Jennifer Meek, AD/CVD Operations, Office 1, Import Administration, International Trade

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–1785 or (202) 482– 2778, respectively.

SUPPLEMENTARY INFORMATION:

Background

Following Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Preliminary Results of the Antidumping Duty Administrative Review, 76 FR 76369, 76374 (December 7, 2011) ("Preliminary Results"), the Department requested additional information on the U.S. date of sale. Accordingly, we postponed the briefing schedule. We sent supplemental questionnaires to HYSCO and SeAH on January 20, and January 27, 2012, respectively, and we received timely responses on February 3, and February 22, 2012, respectively.

On February 15, 2012, the Department published in the **Federal Register** an extension of the time limit for the completion of the final results of this review until no later than June 4, 2012, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.213(h)(2). See Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Extension of the Final Results of the Antidumping Duty Administrative Review, 77 FR 8808 (February 15, 2012).

We received case briefs from Wheatland Tube Company ("Wheatland"), United States Steel Corporation ("U.S. Steel"), HYSCO, and SeAH on March 14, 2012. On March 22, 2012, U.S. Steel, Wheatland, Allied Tube and Conduit and TMK IPSCO, SeAH, and HYSCO submitted rebuttal briefs. On January 6, 2012, Wheatland requested a hearing, but withdrew its request on April 5, 2012. Thus, no hearing was held.

Scope of the Order

The merchandise subject to the order is circular welded non-alloy steel pipe and tube, of circular cross-section, not more than 406.4 mm (16 inches) in outside diameter, regardless of wall

thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low-pressure conveyance of water, steam, natural gas, air, and other liquids and gases in plumbing and heating systems, air-conditioning units, automatic sprinkler systems, and other related uses. Standard pipe may also be used for light load-bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and as support members for reconstruction or load-bearing purposes in the construction, shipbuilding, trucking, farm equipment, and other related industries. Unfinished conduit pipe is also included in the order.

All carbon-steel pipes and tubes within the physical description outlined above are included within the scope of the order except line pipe, oil-country tubular goods, boiler tubing, mechanical tubing, pipe and tube hollows for redraws, finished scaffolding, and finished conduit.¹

Imports of these products are currently classifiable under the following Harmonized Tariff Schedule ("HTS") subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90. Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Analysis of Comments Received

All issues raised are addressed in the "Issues and Decision Memorandum for the 2009–2010 Administrative Review of Circular Welded Non-Alloy Steel Pipe from the Republic of Korea" ("Issues and Decision Memorandum"), which is dated concurrently with and hereby adopted by this notice. A list of the issues which parties raised and to which we responded in the Issues and Decision Memorandum is attached to this notice as an Appendix. The Issues

and Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). Access to IA ACCESS is available in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Import Administration Web site at *http:// ia.ita.doc.gov/frn/index.html*. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

SeAH's U.S. credit expenses have been recalculated to include the period from the date of shipment until the date of payment as opposed to the date of invoice to the date of payment in accordance with our practice. We have also recalculated the adjustment for U.S. inventory carrying costs incurred in the country of manufacture to avoid double counting the time period between the date of shipment and the invoice date.

SeAH's reported cost of manufacturing has been revised to eliminate the inventory valuation adjustment. For additional details, *see* Memorandum to Neal M. Halper, Director of Office of Accounting, "Cost of Production and Constructed Value Calculation Adjustments for the Final Results—SeAH Steel Corporation," dated June 4, 2012.

Cost of Production

Consistent with the *Preliminary Results*, we disregarded home market sales by SeAH and HYSCO that failed the cost-of-production test.

Final Results of Review

We determine that a weighted-average dumping margin exists for the two respondents, SeAH and HYSCO, for the period November 1, 2009, through October 31, 2010.

Manufacturer/Exporter	Weighted-Average Dumping Margin
SeAH Steel Corporation	2.69%
Hyundai HYSCO	0.59%

¹ See Final Negative Determination of Scope Inquiry on Certain Circular Welded Non-Alloy Steel Pipe and Tube From Brazil, the Republic of Korea, Mexico, and Venezuela, 61 FR 11608 (March 21, 1996). In accordance with this determination, pipe

certified to the API 5L line-pipe specification and pipe certified to both the API 5L line-pipe specifications and the less-stringent ASTM A–53 standard-pipe specifications, which falls within the physical parameters as outlined above, and entered

as line pipe of a kind used for oil and gas pipelines is outside of the scope of the antidumping duty order.

Disclosure

The Department will disclose calculations performed within five days of the date of publication of this notice to the parties to this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b)(1).

The Department calculated importerspecific *ad valorem* duty assessment rates on the basis of the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the examined sales for that importer. Where the assessment rate is above *de minimis*, we will instruct CBP to assess duties on all entries of subject merchandise by that importer. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is *de minimis* (*i.e.*, less than 0.50 percent).

The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003) ("Assessment *Policy Notice''*). This clarification will apply to entries of subject merchandise during the period of review produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediary party involved in the transaction. See Assessment Policy Notice for a full discussion of this clarification.

Cash Deposit Requirements

The following cash deposit rates will be effective upon publication of the final results of this administrative review for all shipments of CWP from Korea entered or withdrawn from warehouse, for consumption, on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit rate will be zero; (2) for previously

reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results for that manufacturer or exporter; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the LTFV investigation conducted by the Department, the cash deposit rate will be 4.80 percent, the "all others" rate established in the LTFV investigation. See Notice of Antidumping Orders: Certain Circular Welded Non-Allov Steel Pipe from Brazil, the Republic of Korea, Mexico, and Venezuela, and Amendment to Final Determination of Sales at Less Than Fair Value: Certain Circular Welded Non-Alloy Steel Pipe from Korea, 57 FR 49453 (November 2, 1992). These deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice also serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and in the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act. Dated: June 4, 2012. **Paul Piquado**,

Assistant Secretary for Import Administration.
