

Limiting routing to System Securities is common, such that eliminating the routing of Non-System Securities should not have a significant effect on Participants and correcting the rule makes this clear, which should promote just and equitable principles of trade. As stated above, it is common practice for options exchanges to only route orders for securities that are listed on the exchange. In fact, it is NASDAQ's understanding that NOM was the only exchange that offered routing for securities not listed on NOM. NOM experimented with the feature to explore whether there was an underserved customer segment and discovered that the feature often led to confusion and operational headaches for Participants and thus was rarely used.

Deleting the reference to non-displayed trading interest is merely a correction to address that previously available order types are no longer covered by this provisions, which provides better clarity, and thereby promotes just and equitable principles of trade. As discussed above, this reference was in place to reflect how NOM viewed the exposure rule in relation to Reserve Order, which were eliminated. NASDAQ inadvertently left this language in the rulebook which created confusion for members. Clarity with respect to the exposure rule provides Participants with a better understanding of how to comply with this rule.

Accordingly, NASDAQ believes that all of the changes proposed herein should promote just and equitable principles of trade, consistent with Section 6(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the foregoing proposed rule change may take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)¹⁷ of the Act and Rule 19b-

4(f)(6)(iii) thereunder¹⁸ because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2012-077 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2012-077. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the

¹⁸ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2012-077 and should be submitted on or before July 26, 2012.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Kevin M. O'Neill,

Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67303; File No. SR-C2-2012-021]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Exchange's Automated Improvement Mechanism

June 28, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 26, 2012, C2 Options Exchange, Incorporated (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6)

¹⁹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁷ 15 U.S.C. 78s(b)(3)(A).

thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules related to its Automated Improvement Mechanism ("AIM"). The text of the proposed rule change is available on the Exchange's Web site (<http://www.c2exchange.com/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In December 2009, the Commission approved adoption of C2's rules, including the AIM auction process.⁵ AIM exposes certain orders electronically to an auction process to provide these orders with the opportunity to receive an execution at an improved price. The AIM auction is available only for orders that an Exchange Trading Permit Holder represents as agent ("Agency Order") and for which a second order of the same size as the Agency Order (and on the opposite side of the market) is also submitted (effectively stopping the Agency Order at a given price).⁶

The Commission approved on a pilot basis the component of AIM that there is no minimum size requirement for orders to be eligible for the auction. In

connection with the pilot program, the Exchange has submitted to the Commission reports providing AIM auction and order execution data, and the Exchange will continue to submit to the Commission these reports. Two one-year extensions to the pilot program have previously become effective.⁷ The proposed rule change merely extends the duration of the pilot program until July 18, 2013. Extending the pilot for an additional year will allow the Commission more time to consider the impact of the pilot program on AIM order executions.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁸ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁹ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

In particular, the proposed rule change protects investors and the public interest by allowing for an extension of the AIM pilot program, and thus allowing additional time for the Commission to evaluate the AIM pilot program. The AIM pilot program will continue to allow smaller orders to receive the opportunity for price improvement pursuant to the AIM auction.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)(iii) thereunder.¹³

The Exchange has requested that the Commission waive the 30-day operative delay period. The Commission believes that waiver of the 30-day operative delay period is consistent with the protection of investors and the public interest because such waiver will allow the AIM pilot program to continue without interruption. Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67302; File No. SR-CBOE-2012-061]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Exchange's Automated Improvement Mechanism

June 28, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 26, 2012, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules related to its Automated Improvement Mechanism ("AIM"). The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In February 2006, CBOE obtained approval from the Commission to adopt the AIM auction process.⁵ In March 2012, CBOE obtained approval from the Commission to adopt a substantially similar AIM auction process for Flexible Exchange Options ("FLEX Options").⁶ AIM exposes certain orders electronically to an auction process to provide these orders with the opportunity to receive an execution at an improved price. The AIM auction is available only for orders that an Exchange Trading Permit Holder represents as agent ("Agency Order") and for which a second order of the same size as the Agency Order (and on the opposite side of the market) is also submitted (effectively stopping the Agency Order at a given price).

With respect to non-FLEX Options, the Commission approved two components of AIM on a pilot basis: (1) That there is no minimum size requirement for orders to be eligible for the auction; and (2) that the auction will conclude prematurely anytime there is a quote lock on the Exchange pursuant to Rule 6.45A(d).⁷ With respect to FLEX Options, the Commission approved on a pilot basis the component of AIM that there is no minimum size requirement for orders to be eligible for the auction.⁸ In connection with the pilot programs, the Exchange has submitted to the Commission reports providing detailed AIM auction and order execution data, and the Exchange will continue to submit to the Commission these reports. Six one-year extensions to the non-

⁵ See Securities Exchange Act Release No. 53222 (February 3, 2006), 71 FR 7089 (February 10, 2006) (SR-CBOE-2005-060).

⁶ See Securities Exchange Act Release No. 66702 (March 30, 2012), 77 FR 20675 (April 5, 2012) (SR-CBOE-2011-123). FLEX Options provide investors with the ability to customize basic option features including size, expiration date, exercise style, and certain exercise prices. The rules governing the trading of FLEX Options on the FLEX Request for Quote (RFQ) System platform are contained in Chapter XXIVA. The rules governing the trading of FLEX Options on the FLEX Hybrid Trading System platform are contained in Chapter XXIVB.

⁷ A quote lock occurs when a CBOE Market-Maker's quote interacts with the quote of another CBOE Market-Maker (i.e. when internal quotes lock).

⁸ The pilot for the FLEX AIM auction process was modeled after the existing pilot for non-FLEX Options, and included an expiration date of July 18, 2012 so that the FLEX pilot would coincide with the existing non-FLEX pilot.
