Background Information: The Environmental Financial Advisory Board was chartered in 1989 under the Federal Advisory Committee Act to provide advice and recommendations to EPA on the following issues:

- Reducing the cost of financing environmental facilities and discouraging polluting behavior;
- Creating incentives to increase private investment in the provision of environmental services and removing or reducing constraints on private involvement imposed by current regulations;
- Developing new and innovative environmental financing approaches and supporting and encouraging the use of cost-effective existing approaches;
- Identifying approaches specifically targeted to small/disadvantaged community financing;
- Increasing the capacity of state and local governments to carry out their respective environmental programs under current Federal tax laws;
- Analyzing how new technologies can be brought to market expeditiously;
- Increasing the total investment in environmental protection of public, and private environmental resources to help ease the environmental financing challenge facing our nations.

The Board meets two times each calendar year (two days per meeting) at different locations within the continental United States. Board members typically contribute approximately 1–3 hours per month to the Board's work. The Board's membership services are voluntary and the Agency is unable to provide honoraria or compensation, according to FACA guidelines. - Professional knowledge of, and experience with, environmental financing activities;
- Senior level-experience that fills a gap in Board representation, or brings a new and relevant dimension to its deliberations;
- Demonstrated ability to work in a consensus-building process with a wide range of representatives from diverse constituencies; and
- Willingness to serve a two-year term as an active-contributing member, with

possible re-appointment to a second term.

III. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 2 of Unit II, have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Because the Agency has identified no significant potential risk concerns associated with

these pesticide products, upon cancellation of the products identified in Table 1 of Unit II., EPA anticipates allowing registrants to sell and distribute existing stocks of these products for 1 year after publication of the Cancellation Order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.
