

August 30, 2012, the Department published its notice of implementation of determinations under section 129 of the URAA in the antidumping duty investigation on CWP from the PRC.³

Subsequent to publication, we identified a clerical error in

Implementation of Section 129 Determinations as published in the **Federal Register**. One of the CWP exporter/producer chain rates was inadvertently omitted from the chart under the section entitled, "Final Determinations: Recalculated

Antidumping Duty Cash Deposit Rates." The Department is now correcting this inadvertent error. The names of the exporter and producer are listed below:

Final Determinations: Recalculated Antidumping Duty Cash Deposit Rates

AMENDED ANTIDUMPING DUTY CASH DEPOSIT RATES (PERCENT) CIRCULAR WELDED CARBON QUALITY STEEL PIPE FROM THE PRC

Exporter	Producer	Weighted-Average Dumping Margin ⁴	Revised Cash Deposit Rate
Shanghai Metals & Minerals Import & Export Corp.	Huludao Steel Pipe Industrial Co., Ltd.	69.20	45.35

⁴ See *Notice of Final Determination of Sales at Less Than Fair Value and Affirmative Final Determination of Critical Circumstances: Circular Welded Carbon Quality Steel Pipe from the People's Republic of China*, 73 FR 31970, 31973 (June 5, 2008).

All recalculated countervailing duty rates and antidumping duty cash deposit rates as published in *Implementation of Section 129 Determinations* remain unchanged.

Implementation of the Revised Cash Deposit Requirements

With respect to this proceeding, the cash deposit rate for the above-named exporter/producer combination has not been superseded by intervening administrative reviews. Therefore, the Department will instruct U.S. Customs and Border Protection to require a cash deposit for estimated antidumping duties at the appropriate rate for the exporter/producer combination specified above, for entries of subject merchandise, entered or withdrawn from warehouse, for consumption, on or after August 21, 2012.

This correction of the notice of implementation of this section 129 determination is published in accordance with section 129(c)(2)(A) of the URAA.

Dated: October 19, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Prospective Grant of Exclusive Patent License

AGENCY: National Institute of Standards and Technology, Commerce.

Steel Pipe from the People's Republic of China, dated July 31, 2012.

ACTION: Notice of prospective grant of exclusive patent license.

SUMMARY: This is a notice in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i) that the National Institute of Standards and Technology ("NIST"), U.S. Department of Commerce, is contemplating the grant of an exclusive license in the United States of America, its territories, possessions and commonwealths, to NIST's interest in the invention embodied in U.S. Patent Application No. 61/625,511 titled "UV-Assisted Alcohol Sensing with Zinc Oxide Functionalized Gallium Nitride Nanowires," NIST Docket No. 12-020 to the University of Maryland, having a place of business at 0133 Cole Student Activities Building, College Park MD 20742-1001. The grant of the license would be for all fields of use.

FOR FURTHER INFORMATION CONTACT:

Terry Lynch, National Institute of Standards and Technology, Technology Partnerships Office, 100 Bureau Drive, Stop 2200, Gaithersburg, MD 20899, (301) 975-2691, terry.lynch@nist.gov.

SUPPLEMENTARY INFORMATION: The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within fifteen days from the date of this published Notice, NIST receives written evidence and argument which establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

U.S. Patent Application No. 61/625,511 is co-owned by the U.S. government, as represented by the Secretary of Commerce, George Washington University and the University of Maryland. Alcohol sensors

using gallium nitride (GaN) nanowires (NWs) functionalized with zinc oxide (ZnO) nanoparticles have been demonstrated. These sensors operate at room temperature, are fully recoverable and demonstrate a response and recovery time of the order of 100 s. The sensing is assisted by UV light within the 215 nm–400 nm band and with the intensity of 375 nW/cm² measured at 365 nm. The ability to functionalize an inactive nanowire surface, with analyte specific active metal oxide nanoparticles makes this sensor technique suitable for fabricating multi-analyte sensor arrays.

Dated: October 23, 2012.

Willie E. May,

Associate Director for Laboratory Programs.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XC322

Endangered Species; File No. 16248

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Riverbanks Zoo and Garden, P.O. Box 1060, Columbia, South Carolina 29202 [Jennifer Rawlings, Responsible Party], has applied in due form for a permit to hold shortnose sturgeon (*Acipenser brevirostrum*) for the purposes of enhancement.

³ See *Implementation of Section 129 Determinations*.

DATES: Written, telefaxed, or email comments must be received on or before November 29, 2012.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the *Features* box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 16248 from the list of available applications.

These documents are also available upon written request or by appointment in the following offices:

Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376; and Southeast Region, NMFS, 263 13th Avenue South, Saint Petersburg, FL 33701; phone (727) 824-5312; fax (727) 824-5309.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. 16248 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Colette Cairns or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

The Riverbanks Zoo and Garden is requesting a permit to continue enhancement activities previously authorized under Permit No. 1589. Activities would include the care and maintenance of two captive-bred, non-releasable shortnose sturgeon. The display would be used to increase public awareness of the shortnose sturgeon and its status by educating the public on shortnose sturgeon life history and the reasons for the species decline. The proposed project to display endangered cultured shortnose sturgeon responds directly to a recommendation from the NMFS recovery plan outline for this species. The permit would not

authorize any takes from the wild, nor would it authorize any release of captive sturgeon into the wild. The permit is requested for a duration of five years.

Dated: October 25, 2012.

P. Michael Payne,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Solicitation for Members of the NOAA Science Advisory Board

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Office of Oceanic and Atmospheric Research, Commerce.

ACTION: Notice of solicitation for members of the NOAA Science Advisory Board.

SUMMARY: NOAA is soliciting nominations for members of the NOAA Science Advisory Board (SAB). The SAB is the only Federal Advisory Committee with the responsibility to advise the Under Secretary of Commerce for Oceans and Atmosphere and NOAA Administrator on long- and short-range strategies for research, education, and application of science to resource management and environmental assessment and prediction. The SAB consists of 15 members reflecting the full breadth of NOAA's areas of responsibility and assists NOAA in maintaining a complete and accurate understanding of scientific issues critical to the agency's missions.

Points of View: The Board will consist of approximately fifteen members including a Chair, designated by the Under Secretary in accordance with FACA requirements.

Members will be appointed for three-year terms, renewable once, and serve at the discretion of the Under Secretary. If a member resigns before the end of his or her first term, the vacancy appointment shall be for the remainder of the unexpired term, and shall be renewable twice if the unexpired term is less than one year.

Members will be appointed as special government employees (SGEs) and will be subject to the ethical standards applicable to SGEs. Members are reimbursed for actual and reasonable travel and per diem expenses incurred in performing such duties but will not be reimbursed for their time.

As a Federal Advisory Committee the Board's membership is required to be balanced in terms of viewpoints represented and the functions to be performed as well as the interests of geographic regions of the country and the diverse sectors of U.S. society.

The SAB meets in person three times each year, exclusive of teleconferences or subcommittee, task force, and working group meetings. Board members must be willing to serve as liaisons to SAB working groups and/or participate in periodic reviews of the NOAA Cooperative Institutes and overarching reviews of NOAA's research enterprise.

Nominations

Nominations may be made by individuals themselves or by a third party. Nominations by a third party should provide: (1) The nominee's full name, title, institutional affiliation, and contact information; (2) the nominee's area(s) of expertise; and (3) a short description of his/her qualifications relative to the kinds of advice being solicited. Inclusion of a (maximum length four [4] pages) resume or curriculum vitae is recommended, but not required.

Applications

An application is required to be considered for Board membership, whether nominated by a third party or self-nominated. To apply, submit a current resume (maximum length four [4] pages) as indicated in the **ADDRESSES** section that includes: (1) The applicant's full name, title, institutional affiliation, and contact information (mailing address, email, telephones, fax); (2) the nominee's area(s) of expertise; and (3) a short description of his/her qualifications relative to the kinds of advice being solicited. A cover letter stating their interest in serving on the Board and highlighting specific areas of expertise relevant to the purpose of the Board is required.

DATES: Nominations should be sent to the address specified and must be received by November 29, 2012.

ADDRESSES: Nominations and applications should be submitted electronically to noaa.sab.newmembers@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm. 11230, 1315 East-West Highway, Silver Spring, Maryland 20910. (Phone: 301-734-1156, Fax: 301-713-1459, Email: Cynthia.Decker@noaa.gov); or visit the NOAA SAB Web site at <http://www.sab.noaa.gov>.
