Background

On October 2, 2012 (77 FR 60237), we published, in the **Federal Register**, a combined 12-month finding and proposed rule to remove the valley elderberry longhorn beetle from the List of Endangered and Threatened Wildlife, and to remove the designation of critical habitat. That proposal had a 60-day comment period, ending December 3, 2012. We have not received any requests for a public hearing; therefore, no public hearings are planned at this time.

Peer Review

In accordance with our joint policy on peer review published in the **Federal Register** on July 1, 1994 (59 FR 34270), we subjected the proposed rule to peer review. This peer review will be provided to the Service during this reopened public comment period, and once available, we will post the peer review comments online at <http://www.regulations.gov> under Docket Number FWS-R8-ES-2011-0063.

We will consider all comments and information provided by the public and peer reviewers during this comment period in preparation of a final determination on our proposed delisting. Accordingly, the final decision may differ from our proposal.

Authority

The authority for this action is the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Dated: December 31, 2012.
