

The Coast Guard annually sets the minimum drug testing rate for the coming year. The purpose of setting a minimum random drug testing rate is to assist the Coast Guard in analyzing its current approach for deterring and detecting illegal drug abuse in the maritime industry, and to encourage employers to maintain a drug-free workplace with the incentive of a reduced testing rate (and associated reduced costs). In every year of testing through 2012, the random testing rate has been 50 percent. In accordance with 46 CFR 16.230(f)(2), the Commandant may lower this rate to 25 percent if, for 2 consecutive years, the positive drug test rate is less than 1 percent.

MIS data indicates that the positive rate for random drug tests was 0.77 percent in 2011 and 0.74 percent in 2010. The Commandant is exercising his discretion to reduce the required random drug testing rate for calendar year 2013 to 25 percent of covered crewmembers. The Commandant may reset the rate to 50 percent of covered crewmembers if the positive rate for random drug tests is greater than 1 percent for any one year, or if the quality of data is not sufficient to accurately assess the positive rate.

The Coast Guard commends marine employers and mariners for their efforts to create a drug-free workplace and encourages marine employers and drug testing service providers to continue to submit accurate, complete and timely MIS data.

This notice is issued under authority of 46 CFR 16.230(f), which requires the Coast Guard to publish the results of random drug testing for the previous calendar year's MIS data and the minimum annual percentage rate for random drug testing for the next calendar year, and 5 U.S.C. 552(a).

Dated: January 4, 2013.

Paul F. Thomas,

Captain, U.S. Coast Guard, Director of Inspections and Compliance (CG-5PC).

The ICR describes the nature of the information collection and its expected burden. DATES: Send your comments by March 25, 2013.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Susan L. Perkins at the above address, or by telephone (571) 227-3398.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

Information Collection Requirement

1652-0030; *TSA Customer Comment Card*. This renewal continues a voluntary program for airport passengers to provide feedback to TSA regarding their experiences with TSA security procedures. This collection of information allows TSA to evaluate and

address customer concerns about security procedures and policies.

TSA Customer Comment Cards collect feedback, and the passenger may voluntarily provide contact information. TSA may use the contact information to respond to the passenger's comments. For passengers who deposit their cards in the designated drop-boxes, TSA staff at airports collect the cards, categorize comments, enter the results into an online system for reporting, and respond to passengers as appropriate. Passengers also have the option to mail the cards directly to the address provided on the comment card, which varies by airport.

In addition, the TSA Contact Center will continue to be available for passengers to make comments independently of airport involvement via the Talk to TSA internet application on the TSA Web site at www.tsa.gov. Talk to TSA is an electronic form of the comment card intended for the same purpose, to allow passengers to provide feedback to TSA regarding their experiences with TSA security procedures. The information obtained from the electronic version (Talk to TSA) also allow TSA to evaluate and address customer concerns about security procedures and policies with an electronic interface. Additionally, one selection within the Talk to TSA application connects the user to the Civil Rights and Liberties form. This form is important as there are specific legal requirements for filing complaints. TSA estimates the number of respondents to be 1,783,800, with an estimated 150,880 annual burden hours.

Issued in Arlington, Virginia, on January 16, 2013.
