

## Public Comment

### Requirements for Submissions

A hearing will be held on March 12, 2013, in Rooms 1 and 2, 1724 F Street NW., Washington, DC. Persons wishing to testify at the hearing must provide written notification of their intention by February 26, 2013. The notification should include: (1) The name, address, and telephone number of the person presenting the testimony; and (2) a short (one or two paragraph) summary of the presentation, including the subject matter and, as applicable, the service sector(s) or subjects to be discussed. A copy of the testimony must accompany the notification. Remarks at the hearing should be limited to no more than five minutes to allow for possible questions from the TPSC. Persons with mobility impairments who will need special assistance in gaining access to the hearing should contact Yvonne Jamison at (202) 395-3475.

Persons submitting written comments must do so in English and must identify (on the first page of the submission) "International Services Agreement." In order to be assured of consideration, comments should be submitted by noon, February 26, 2013. In order to ensure the timely receipt and consideration of comments, USTR strongly encourages commenters to make on-line submissions, using the <http://www.regulations.gov> Web site. Comments should be submitted under the following docket: USTR-2013-0001. To find the docket, enter the docket number in the "Enter Keyword or ID" window at the <http://www.regulations.gov> home page and click "Search." The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting "Notices" under "Document Type" on the search-results page, and click on the link entitled "Comment Now!" (For further information on using the <http://www.regulations.gov> Web site, please consult the resources provided on the Web site by clicking on the "Help" tab.)

The <http://www.regulations.gov> Web site provides the option of making submissions by filling in a "Type Comment" field, or by attaching a document using the "Upload File" field. USTR prefers submissions to be provided in an attached document. If a document is attached, it is sufficient to type "See attached" in the "Type Comment" field. USTR also prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If the submission is in an application other than those two, please indicate the name of the application in the "Comments" field.

For any comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters "BC." Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. Filers of submissions containing business confidential information must also submit a public version of their comments. The file name of the public version should begin with the character "P." The "BC" and "P" should be followed by the name of the person or entity submitting the comments or reply comments. Filers submitting comments containing no business confidential information should name their file using the character "P," followed by the name of the person or entity submitting the comments. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

USTR strongly urges submitters to file comments through <http://www.regulations.gov>, if at all possible. Any alternative arrangements must be made with Yvonne Jamison in advance of transmitting a comment. Ms. Jamison should be contacted at (202) 395-3475. General information concerning USTR is available at <http://www.ustr.gov>.

### Public Inspection of Submissions

Comments will be placed in the docket and open to public inspection, except business confidential information. Comments may be viewed on the <http://www.regulations.gov> Web site by entering the relevant docket number in the search field on the home page.

#### Douglas Bell,

Chair, Trade Policy Staff Committee.

## DEPARTMENT OF TRANSPORTATION

### Office of the Secretary

#### Public Charter Prospectuses

**AGENCY:** Office of the Secretary, Department of Transportation.

**ACTION:** Guidance on review and approval of public charter prospectuses.

**SUMMARY:** The Department is publishing the following notice on clarifying new

policies affecting the review and approval of public charter filings under 14 CFR part 380 and related changes in the Department's enforcement policies. These revisions refer to a notice dated November 13, 2012, appearing at 77 FR 69692 (Nov. 20, 2012).

**FOR FURTHER INFORMATION CONTACT:** Nicholas Lowry, Attorney, Office of Aviation Enforcement and Proceedings (C-70), 1200 New Jersey Ave. SE., Washington, DC 20590, (202) 366-9349.

### Clarification of November 2012 Guidance on Review and Approval of Public Charter Operations and Prospectuses

On November 13, 2012, the Department's Office of International Aviation and Office of Aviation Enforcement and Proceedings issued a joint notice regarding future filings under 14 CFR part 380, the Department's rule on public charters and enforcement policy under those rules.<sup>1</sup> That notice, which was an effort to prevent the kind of harm to consumers that took place when the charter operator Southern Sky Air & Tours, LLC d/b/a Direct Air ceased service, explained that the Department would in the future not approve prospectuses under part 380 absent certain supplemental assurances designed to avoid practices evident in the Direct Air case that were in violation of the public charter rules.

Specifically, the notice described the Department's plan to reject public charter prospectus filings that do not affirmatively state that: (1) The contract between the charter operator and the direct air carrier is for the full price of the air transportation; and (2) the charter operator will retain control and access to its reservations records, and share those records with the direct air carriers. Furthermore, we stated that we would not permit the charter operator to accept payment by debit card (although we did state our willingness to consider waivers from this prohibition on demonstration that consumers would receive the protections of the Fair Credit Billing Act). The notice also stated that voucher programs, such as that offered by Direct Air, are not acceptable and will be considered to be *per se* violations of 14 CFR part 380.

Shortly after issuance of this notice, the Department received a number of comments from the public charter

<sup>1</sup> In addition to being published in the **Federal Register** (77 FR 69692 (Nov. 20, 2012)), the notice was also posted at [www.regulations.gov](http://www.regulations.gov) and on the Enforcement Office Web site <http://www.dot.gov/airconsumer/guidance-aviation-rules-and-statutes> and was widely distributed by email to persons who regularly communicate with the office.

community. Some comments questioned the legality of the notice. Other comments sought clarification or revision of aspects of the guidance addressed in the notice. In order to have sufficient time to review and consider these comments, we extended the effective date of the guidance to January 14, 2013.<sup>2</sup> Then, on January 4, 2013, after considering the comments received on our November 13 guidance, we issued a draft clarification and invited additional public comments by January 8, 2013. We received six comments from four attorneys who represent public charter industry participants, one charter company and a prospective charter operator.<sup>3</sup>

We have now fully considered the comments previously received and additional comments we solicited on the draft clarification, and we are convinced that requiring supplemental assurances to prospectus filings is within our authority and is needed to prevent consumer harm. However, we agree with the public charter community that further clarification and revision of the guidance is needed to make certain that the assurances to be filed as part of the prospectus filings address the practical business problems raised in the comments we received but still prevent the problematic situation that took place when Direct Air ceased service. As such, this notice modifies the prior guidance by providing citations to the existing laws that are the basis for the guidance, further clarifying the supplemental information/assurances that should be included in public charter prospectus filings and further clarifying our enforcement policy with respect to certain matters discussed in the guidance. In response to comments that the charter operator, the bank, and the direct air carrier should not be asked to make assurances in areas where they have no responsibility, the required assurances will only be expected with respect to the portions of the charter operations in which the entity making the assurance is directly involved.

Our prior notice stated that charter operators could not have contracts with direct air carriers that are limited to providing aircraft, crew, maintenance and insurance (ACMI). We stated that the contract between the charter operator and the direct air carrier must be for the full price of the air

transportation.<sup>4</sup> This guidance is based on section 380.11 which provides that a direct air carrier shall be paid in full for the cost of the charter transportation prior to the scheduled date of flight departure. However, as a matter of enforcement policy, we have decided not to take action against public charter operators that have ACMI contracts provided that the charter operators and their escrow banks offer assurances that all passenger funds in charter programs are deposited in the relevant escrow and that the escrow banks involved maintain accounts and full and accurate accounting of disbursements to vendors such as fuel or ground handling providers in accordance with 14 CFR 380.34(b). For charter operators using a security instrument under section 380.34(a), ACMI contracts may also be utilized provided that the amount of the security instrument is unlimited or for the full cost of the air transportation. (See footnote 4). Further, in the limited circumstances where a government requires payment directly from a public charter operator rather than the escrow bank as required by section 380.34(b)(2)(v), as a matter of enforcement policy, we will not pursue enforcement action against the public charter operator for doing so.<sup>5</sup> In addition, in situations where a public charter operator is required to pay government taxes and fees in advance of the passenger date of travel, we will not take action against these entities for paying the fees out of the escrow account prior to payment to the direct air carrier irrespective of the requirement in section 380.34(b)(2)(ii) for the direct air carrier to be paid in full prior to other payments being made, so long as the bank and public charter operator maintain a full accounting of records of such disbursements.<sup>6</sup> Our rules require that disbursements be identified on an individual flight by flight basis. Our primary intent is to reaffirm that all passenger funds must be deposited initially in the escrow accounts, apart from certain deductions allowed in travel agent sales.

Another area of clarification concerns control by public charter operators of passenger reservation records and the

sharing of these records with direct air carriers. Our prior notice indicated that we would not approve public charter prospectus filings that do not include an assurance that the public charter operator will retain direct control of all passenger reservation records and will share those records with the direct air carrier to ensure that, in the event of a major disruption in the program, the direct air carrier would be able to identify and contact tour participants regarding returning flights. Representatives of charter operators contended that the Department was creating new requirements through guidance. However, a number of sections in part 380 require public charter operators to provide notifications to passengers under certain specific circumstances. See, e.g., sections 380.12 and 380.33. In addition, sections 249.21 and 380.36 require public charter operators to maintain passenger records for six months after the completion or cancellation of the flight or series of flights. To comply with these obligations, public charter operators must have access to passenger reservation records. In addition, section 14 CFR 212.3(f) requires direct air carriers conducting public charter operations to return passengers who purchased round trip transportation on the charter and who were transported by that carrier on their outbound flights to their point of origin. Without passenger reservation records, direct air carriers would be unable to comply with this existing requirement. Therefore, we view the existing requirements as mandating that public charter operators share these records with direct air carriers when needed to return passengers to their points of origin.

Representatives of charter operators also appeared to believe that the guidance would not allow charter operators to rely on reservations systems provided by third-parties. This is not correct. Direct air carriers and charter operators can rely on such outside vendors for these services but must ensure that they still have access to the records. Our intent was and remains to emphasize, to both the charter operator and the direct carrier, the importance of the obligation to return passengers under section 212.3, and not to preclude the use of third-party vendors. Both the public charter operator and the direct air carrier have discretion in how to meet this obligation, but the Department needs assurances in the prospectus filings that the public charter operator will maintain access to the reservation records as required by existing rules and share this information with the direct

<sup>2</sup> 77 FR 74729 (Dec. 17, 2012).

<sup>3</sup> Attached is a discussion of the comments received on the draft clarification we posted on our Web site (<http://www.dot.gov/airconsumer/latest-news>) and placed in DOT-OST-2013-0002 at <http://regulations.gov> on January 4, 2013.

<sup>4</sup> The full cost of the direct air transportation includes the cost of aircraft, crew, maintenance, insurance, fuel, ground handling, landing fees, reservations costs, passenger facility fees and taxes, and all other costs associated with the direct air transportation.

<sup>5</sup> We are aware of markets, for example Cuba, in which payments for ground services may only be made by the charter operator.

<sup>6</sup> In case the charter is cancelled, the charter operator must also be prepared to make full refunds to consumers, including amounts disbursed as pre-paid taxes (14 CFR 380.32(k)).

air carrier in case of a disruption in a charter program to comply with the requirement to return passengers under section 212.3.

The third issue that we addressed in our guidance concerned the use of debit cards in the purchase of charter transportation. Our November 13 notice prohibited the use of debit cards in the purchase of charter transportation, citing the explicit language of section 380.31<sup>7</sup>, which only provides for payment by check, money order or credit card, but not by debit card. We were particularly concerned that debit cards lack the chargeback protections afforded credit card users under the Fair Credit Billing Act (15 U.S.C. 1601 et seq.). As a matter of enforcement policy, we have now determined not to pursue action against charter operators that accept payment by debit card if they can provide assurances to the Department that their merchant banks and credit card/debit card processors will provide the same chargeback protections to those using debit cards as credit card users receive. If a charter operator cannot obtain such assurances then it may not accept debit card payments for transportation.<sup>8</sup>

Finally, we wish to clarify our position regarding vouchers. We stated in our November 13 notice that the Enforcement Office would consider any voucher program similar to that offered by Direct Air to be a *per se* violation of 14 CFR part 380. In the case of Direct Air, the charter operator sold vouchers for travel at unspecified dates in the future. Consumer funds did not, as a result, receive the escrow protection required under Part 380. However, the prescription on the use of vouchers applies only to voucher programs for which the charter operator receives money.

Purely gratuitous or complimentary vouchers distributed for passenger goodwill are not affected by this policy and they will not be considered to be *per se* violations.<sup>9</sup>

This revised policy regarding approval of charter prospectuses clarifies the notice of November 13,

2012, and will take effect 60 days from the date of this notice. Prospectuses filed after that date will not be approved without the supplemental assurances, outlined above. The Enforcement Office intends to undertake enforcement action, where appropriate, if it obtains evidence of violations of commitments made in those statements, or of the acceptance of debit purchases without the appropriate assurances as discussed above, or of sales initiatives such as the voucher program described above. Moreover, 14 CFR 380.24 continues to require the Department "to deny the exemption authority of any charter operator, without hearing, if [the Department] finds that such action is necessary in the public interest or is otherwise necessary in order to protect the rights of the travelling public" and it will do so. Questions regarding this notice may be addressed to the Office of Aviation Enforcement and Proceedings (C-70), 1200 New Jersey Avenue SE., Washington, DC 20590 or you may contact Lisa Swafford-Brooks, Chief, Aviation Licensing Compliance Branch ([lisa.swafford-brooks@dot.gov](mailto:lisa.swafford-brooks@dot.gov)), or Nicholas Lowry, Senior Attorney ([nick.lowry@dot.gov](mailto:nick.lowry@dot.gov)) in that office, at (202) 366-9342.

Dated: January 14, 2013.

#### **Discussion of Comments on Draft Clarification of November 2012 Guidance on Review and Approval of Public Charter Operations and Prospectuses**

In our draft notice placed in DOT-OST-2013-0002 on the clarification of our November 13 guidance, we invited public comments by January 8, 2013 on our revised guidance on the review and approval of public charter prospectuses under 14 CFR part 380. We received six comments from four attorneys who represent public charter industry participants, one charter company and a prospective charter operator. The notice, as revised, is included above this summary of comments.

With respect to AMCI contracts, one commenter states that assurances regarding depositing all funds in escrow accounts, as the notice suggests, is redundant, as it is already part of the rule but did not offer any further objection. A second comment queried whether payments to vendors and tax

payments would be paid by the escrow bank or the charter operator and whether payments could be made prior to the flight completion date. The notice explains that payment may be made by the charter operator in limited circumstance subject to certain conditions. We also clarify that we will allow prepayment of fees out of escrow if required by a government entity.

On reservations records, again we received a comment stating that assurances regarding access to passenger records are redundant since they are already implicitly required by the rule. Another comment pointed out that charter carriers and operators are not able to maintain independent reservations systems. Our notice recognizes this and states that the carriers and charter operators have discretion in how they maintain records and can use third party vendors, so long as they are in a position to make reasonable efforts to contact passengers in case of a stranding.

With respect to the use of debit cards, two commenters point out that bond-only programs should be free to accept debit cards without the assurances described in the order because the bonds cover the full amount of the air transportation. We agree and have modified the notice to reflect that qualification.

In addition, the comments of a prospective charter operator generally denied that the Department had authority to prohibit the use of debit cards or voucher programs or to seek assurances regarding AMCI contracts. We believe he is wrong on these points. He also asserts that the Department should provide free bonding protection for all public charter programs. These comments are outside the scope of our notice and beyond our authority. Another charter operator suggested, with respect to voucher programs, that pre-paid voucher programs should be in compliance with part 380, provided all consumer funds remained in a general escrow account until the consumer selected a date and then could be allocated to a specific flight date. In addition, the commenter suggests that carriers should be free to enter into AMCI contracts with charter operators if special security accounts were established to cover flight expenses, such as fuel, not covered in the AMCI contract. We remain open to consider such proposals in the context of waiver or exemption requests so long as we are convinced that consumer funds receive adequate protection.

Several of the commenters expressed interest in the exact form the assurances discussed in the notice should take. We

<sup>7</sup> The provision cited should have been 14 CFR 380.34(b)(2)(i).

<sup>8</sup> With respect to charters protected by a security agreement covering the full cost of the air transportation (14 CFR 380.34(a)), our rules allow charter operators to accept payment in any form. (See, 63 FR 28225, 28232, May 22, 1998; fn. 10).

<sup>9</sup> Complimentary vouchers will, however, continue to be subject to statutory provisions on unfair and deceptive trade practices (49 U.S.C. 41712) and unauthorized holding out of air transportation (49 U.S.C. 41101) wherever applicable. For example, distributing vouchers in excess of the capacity of aircraft contracted for in a specific program would constitute such a violation.

plan to place sample assurances in the docket for public review and comment shortly (DOT-OST-2013-0002; at <http://regulations.gov>).

### Federal Aviation Administration

#### 32nd Meeting: RTCA Special Committee 206, Aeronautical Information and Meteorological Data Link Services

**AGENCY:** Federal Aviation Administration (FAA), U.S. Department of Transportation (DOT).

**ACTION:** Meeting Notice of RTCA Special Committee 206, Aeronautical Information and Meteorological Data Link Services.

**SUMMARY:** The FAA is issuing this notice to advise the public of the thirty-second meeting of the RTCA Special Committee 206, Aeronautical Information and Meteorological Data Link Services.

**DATES:** The meeting will be held February 11–15, 2013 from 8:30 a.m.–5:00 p.m. (except Monday).

**ADDRESSES:** The meeting will be held at Delta Airlines Headquarters, 1030 Delta Boulevard, Atlanta, GA 30354.

**FOR FURTHER INFORMATION CONTACT:** The RTCA Secretariat, 1150 18th Street NW., Suite 910, Washington, DC 20036, or by telephone at (202) 330-0652/(202) 833-9339, fax at (202) 833-9434, or Web site at <http://www.rtca.org>. In addition, Sophie Bousquet may be contacted directly at email [sbousquet@rtca.org](mailto:sbousquet@rtca.org) or (202) 330-0663.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 10(a) (2) of the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., App.), notice is hereby given for a meeting of Special Committee 206. The agenda will include the following:

#### Monday, February 11, 2013

- 9:00 a.m. Opening Plenary
- Chairmen's remarks and host's comments
  - Attendee Introductions
  - Approval of previous meeting minutes
  - Review and approve meeting agenda
  - Action item review
  - TOR change
  - Sub-Group status and week's plan
- 10:30 a.m. Break  
10:45 a.m. Sub-groups meetings

#### Tuesday, February 12

8:30 a.m.–3:00 p.m. Sub-groups meetings

#### Wednesday, February 13

8:30 a.m. Sub-groups meetings  
3:00 p.m. Tour of Delta's OCC

#### Thursday, February 14

8:30 a.m.–3:00 p.m. Sub-groups meetings

#### Friday, February 15

- 8:30 a.m. Closing Plenary
- Sub-groups reports
  - Industry Coordination
  - Tables in Appendix C of DO-340
  - Result of SC 217 ISRA
  - Action Item Review
  - Future meeting plans and dates
  - Other business
- 12:30 p.m. Adjourn (no lunch break)

Attendance is open to the interested public but limited to space availability. With the approval of the chairman, members of the public may present oral statements at the meeting. Persons wishing to present statements or obtain information should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Members of the public may present a written statement to the committee at any time.

Issued in Washington, DC, on December 19, 2012.

**Richard F. Gonzalez,**

*Management Analyst, Business Operations Group, ANG-A12, Federal Aviation Administration.*

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Membership in the National Parks Overflights Advisory Group Aviation Rulemaking Committee

**AGENCY:** Federal Aviation Administration, Department of Transportation.

**ACTION:** Notice.

**SUMMARY:** By **Federal Register** notice (See 77 FR 27835–27836, May 11, 2012 and 77 FR 48201, August 13, 2012) the National Park Service (NPS) and the Federal Aviation Administration (FAA) invited interested persons to apply to fill one upcoming opening on the National Parks Overflights Advisory Group (NPOAG) Aviation Rulemaking Committee (ARC). The notice invited interested persons to apply to fill a vacancy representing environmental concerns due to the incumbent

member's completion of a three-year term appointment on October 9, 2012. Since the previous notices did not draw enough responses from individuals for the open environmental vacancy, NPS and FAA are using this notice to invite other interested individuals to apply for the environmental opening. If you responded to either of the initial notices for the environmental opening, you will still be under consideration and need not re-apply. This notice also informs the public of another upcoming opening to represent commercial air tour operator interests due to an incumbent member's completion of a three-year term appointment on May 19, 2013.

**DATES:** Persons interested in applying for the NPOAG openings representing environmental concerns and commercial air tour operator interests need to apply by February 22, 2013.

**FOR FURTHER INFORMATION CONTACT:** Keith Lusk, Special Programs Staff, Federal Aviation Administration, Western-Pacific Region Headquarters, P.O. Box 92007, Los Angeles, CA 90009–2007, telephone: (310) 725–3808, email: [Keith.Lusk@faa.gov](mailto:Keith.Lusk@faa.gov).

#### SUPPLEMENTARY INFORMATION:

##### Background

The National Parks Air Tour Management Act of 2000 (the Act) was enacted on April 5, 2000, as Public Law 106–181. The Act required the establishment of the advisory group within 1 year after its enactment. The NPOAG was established in March 2001. The advisory group is comprised of a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. The Administrator of the FAA and the Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairman of the advisory group.

In accordance with the Act, the advisory group provides “advice, information, and recommendations to the Administrator and the Director—

(1) On the implementation of this title [the Act] and the amendments made by this title;

(2) On commonly accepted quiet aircraft technology for use in commercial air tour operations over a national park or tribal lands, which will receive preferential treatment in a given air tour management plan;

(3) On other measures that might be taken to accommodate the interests of visitors to national parks; and

(4) At the request of the Administrator and the Director, safety, environmental,
