[Docket No. RM98–1–000]

**Records Governing Off-the-Record Communications; Public Notice**

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file

associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped chronologically, in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the eLibrary link. **Filing via the Internet; Electronic Tariff Filings; Revisions to Electric Quarterly Report Filing Process; Notice of Technical Conference**

Take notice that on April 16, 2013, the staff of the Federal Energy Regulatory Commission (Commission) will hold a technical conference on changes to the company registration process applicable to filers of electronic tariffs (eTariff) and other filings, such as Electric Quarterly Reports (EQRs), requiring the use of a company registration account, as directed by the Commission in its February 7, 2013 order.<sup>1</sup> The conference will take place

from 10:00 a.m. to 1:00 p.m. (EST), in a Commission Meeting Room at 888 First Street NE., Washington, DC 20426. The public may attend.

The Company registration system applies only to certain specified filings that require the use of a company identification number and does not apply to, or change the procedures relating to, other filings made through the Commission’s eFiling system. At the conference, Commission staff will demonstrate the new company registration system and address questions. As described in the February 7, 2013 order, the new system adopts a revised method of authenticating filings requiring the use of a company registration number. Under this system, the filer will maintain a list of eRegistered agents which it has authorized to submit filings on its behalf. Each agent will use its eRegistration account to log onto FERC Online, where the agent will choose the type of filing (e.g., eTariff), and then will be presented with a list of all the

filing companies for which they are registered to make that type of filing.<sup>2</sup>

Teleconferencing and WebEx will be available. Off-site participants interested in attending via teleconference or viewing the demonstration through WebEx must register at <https://www.ferc.gov/whats-new/registration/etariff-form-04-16-13.asp>, and do so by close of business on April 9, 2013. WebEx and teleconferencing may not be available to those who do not register.

Commission staff will post meeting materials prior to the technical conference, and encourages participants to email questions in advance to [Nicholas.Gladd@ferc.gov](mailto:Nicholas.Gladd@ferc.gov). When emailing questions, please include “Technical Conference” in the subject line. Information on the conference will be posted on the Calendar of Events on the Commission’s Web site, <http://www.ferc.gov>, prior to the conference.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to [accessibility@ferc.gov](mailto:accessibility@ferc.gov)
