

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**STORAGE:**

Records in PAS are stored electronically on magnetic disc, tape, digital media, and/or CD-ROM. PAS is a customized module within USDA's Enterprise Content Management (ECM), which is maintained by the Office of the Executive Secretariat. ECM is based upon a suite of document management applications that have been specifically designed for use by the employees and officers of USDA to manage documents associated with a wide range of administrative and business processes. PAS is hosted on servers located within secure computing environments at NITC in Kansas City, Missouri. Paper records are stored in GIPSA offices nationwide prior to scanning into PAS.

RETRIEVABILITY:

Records may be retrieved by applicant name, business entity name, owner name, facility name, respondent name, complainant name, alleged violator's name, and investigation or regulatory activity identification case number.

SAFEGUARDS:

Computer records in PAS are safeguarded in accordance with applicable rules and policies, including all applicable USDA automated systems security and access policies. Strict controls have been imposed to minimize the risk of compromising the information that is stored. Access to PAS is limited to those who have a need to know. Permission level assignments allow users access only to those functions for which they are authorized to perform their official duties. System users, managers, and PAS Administrators have access to the data in the system. Access is controlled by the eAuthentication System (eAuth). Once an eAuth account has been created, the PAS Administrator will grant access to the user based on his/her position and title. Paper records are maintained in locked cabinets and in desks that are located in physically secured rooms.

RETENTION AND DISPOSAL:

Certain records in PAS are maintained for 3 years; others are maintained for 5 years, in accordance with General Records Schedule 20, Electronic Records, items 2a and Other Reports covered under the GRS 20, 11(a)1. Paper records are retained in accordance with GRS 20, items 1a, 2a, and 16.
