The settlement agreement includes settlement of penalties under Section 104(e)(5) of CERCLA, 42 U.S.C. 9604(e)(5) under the authority of the Attorney General of the United States to compromise and settle claims of the United States. The settlement is between EPA and Titan Wheel Corporation of Illinois (hereafter “Titan”) pertaining to the Mercury Refining Superfund Site (“Site”) located in the Towns of Guilderland and Colonie, Albany County, New York. The

The settlement amount covers Titan’s fair share of cleanup costs incurred and anticipated to be incurred in the future, plus a “premium” that accounts for, among other things, uncertainties associated with the costs of that future work at the Site plus a penalty for Titan’s failure to comply with an information request letter sent pursuant to Section 104(e) of CERCLA, 42 U.S.C. 9604(e). The settlement includes a covenant not to sue pursuant to Sections 106, 107 and 104(e)(5) of CERCLA, 42 U.S.C. 9606, 9607, and 9604(e)(5) relating to the Site, subject to limited reservations, and protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. 9613(f)(2) and 9622(g)(5). For thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the settlement. EPA will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations that indicate that the proposed settlement is inappropriate, improper, or inadequate. SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by the Sierra Club seeking to compel the Administrator to

take final action under section 110(k) of the CAA, 42 U.S.C. 7410(k), on a SIP submittal for the State of Wyoming regarding the infrastructure SIP requirements of the CAA with respect to the 1997 fine particulate matter National Ambient Air Quality Standard (“NAAQS”). In addition, the proposed consent decree would require the Agency to take final action on a SIP submittal for the State of Connecticut regarding the attainment demonstration requirements of the nonattainment SIP for the Greater Connecticut 1997 ozone NAAQS nonattainment area.

The proposed consent decree provides that no later than October 15, 2013, EPA shall sign a notice of the Agency’s final rulemaking taking action on the Wyoming SIP submittal. The proposed consent decree also provides that no later than December 16, 2013, EPA shall sign a notice of the Agency’s final rulemaking taking action on the Connecticut SIP submittal.

Within 15 business days following signature of each final rule described in the proposed consent decree, EPA is also required to send the signed notice to the Office of the Federal Register for review and publication in the **Federal Register**. After EPA fulfills all of its obligations under the consent decree, the proposed consent decree provides that this case shall be dismissed with prejudice.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines that consent to this consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. how can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2013-0500) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West,

Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search”.

It is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA’s policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any

identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov Web site to submit comments to EPA electronically is EPA’s preferred method for receiving comments. The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA’s electronic public docket, EPA’s electronic mail (email) system is not an “anonymous access” system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket.
