

received only during the formal public comment periods, which will be indicated on the preliminary agenda. The access number for the teleconference line will be provided to registrants by email prior to the meeting.

Persons wishing to present oral comments are encouraged to pre-register on the SACATM meeting registration form (<http://ntp.niehs.nih.gov/go/32822>), indicate whether they will present comments in-person or via the teleconference line, indicate the topic(s) on which they plan to comment, and send a copy of their statement to Dr. White ([whiteltd@niehs.nih.gov](mailto:whiteltd@niehs.nih.gov)) by September 17, to enable review by SACATM, NICEATM, ICCVAM, and NIEHS/NTP staff prior to the meeting. Written statements can supplement and may expand the oral presentation. If registering on-site and reading from written text, please bring 40 copies of the statement for distribution and to supplement the record.

*Background Information on ICCVAM, NICEATM, and SACATM:* ICCVAM is an interagency committee composed of representatives from 15 Federal regulatory and research agencies that require, use, generate, or disseminate toxicological and safety testing information. ICCVAM conducts technical evaluations of new, revised, and alternative safety testing methods with regulatory applicability and promotes the scientific validation and regulatory acceptance of toxicological and safety-testing methods that more accurately assess the safety and hazards of chemicals and products and that reduce, refine (decrease or eliminate pain and distress), or replace animal use. The ICCVAM Authorization Act of 2000 (42 U.S.C. 285l-3) established ICCVAM as a permanent interagency committee of the NIEHS under NICEATM. NICEATM administers ICCVAM, provides scientific and operational support for ICCVAM-related activities, and conducts independent validation studies to assess the usefulness and limitations of new, revised, and alternative test methods and strategies. NICEATM and ICCVAM work collaboratively to evaluate new and improved test methods and strategies applicable to the needs of U.S. Federal agencies. NICEATM and ICCVAM welcome the public nomination of new, revised, and alternative test methods and strategies for validation studies and technical evaluations. Additional information about ICCVAM and NICEATM can be found at <http://iccvam.niehs.nih.gov>.

SACATM was established in response to the ICCVAM Authorization Act [Section 285l-3(d)] and is composed of

scientists from the public and private sectors. SACATM advises ICCVAM, NICEATM, and the Director of the NIEHS and NTP regarding statutorily mandated duties of ICCVAM and activities of NICEATM. SACATM provides advice on priorities and activities related to the development, validation, scientific review, regulatory acceptance, implementation, and national and international harmonization of new, revised, and alternative toxicological test methods. Additional information about SACATM, including the charter, roster, and records of past meetings, can be found at <http://ntp.niehs.nih.gov/go/167>.

Dated: July 17, 2013.

### National Institutes of Health

#### National Institute of Biomedical Imaging and Bioengineering; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* National Institute of Biomedical Imaging and Bioengineering Special Emphasis Panel; MSM Program Review.

*Date:* October 11, 2013.

*Time:* 10:00 a.m. to 5:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institutes of Health, Two Democracy Plaza 959, 6707 Democracy Boulevard, Bethesda, MD 20892, (Virtual Meeting).

*Contact Person:* Manana Sukhareva, Ph.D., Scientific Review Officer, National Institute of Biomedical Imaging and Bioengineering, 6707 Democracy Boulevard Suite 959, Bethesda, MD 20892, 301-451-3397, [sukharem@mail.nih.gov](mailto:sukharem@mail.nih.gov).

Dated: July 19, 2013.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Substance Abuse and Mental Health Services Administration

#### Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

#### Proposed Project: SAMHSA Tobacco Prevention, Cessation, and Behavioral Health Message Testing—NEW

The Substance Abuse and Mental Health Services Administration (SAMHSA) is conducting message testing to inform the development and implementation of a tobacco use prevention and cessation campaign aimed at youth with substance use and/or mental health conditions.

The purpose of the project is to inform messaging efforts, through focus groups with youth and in-depth interviews with health care providers, to improve tobacco use prevention and cessation efforts in populations with mental health and substance use concerns, particularly youth and vulnerable populations. The focus groups and interviews are an integral

part of the process to test messages and, ultimately, develop effective campaign materials and efficient implementation plans.

SAMHSA will screen parents (because focus group participants are under the age of consent) and youth, conduct focus groups with youth with substance use and/or mental health conditions, and interview health care professionals who treat youth with these conditions. The screen will be administered by telephone to parents first and, as eligible, to youth and will take 10 minutes to complete for parents and for youth. Questions will include a mix of open-ended and closed-ended responses and are intended to gather information on previous diagnosis and

symptomology of mental health conditions and availability to participate in the focus group. The focus groups with youth will be conducted in person and will take up to 90 minutes. Questions are primarily open-ended and intended to gather information on the reasons youth with substance use and/or mental health conditions use tobacco, the barriers and facilitators to tobacco use prevention and cessation, the appeal of various tobacco use prevention and cessation messages, and the best dissemination strategies and communication channels for a future campaign aimed at this specialized group. The interviews with health care professionals who treat youth with mental health and/or substance use

conditions will be conducted in person, as feasible, or by telephone and will take up to 45 minutes. Questions are primarily open-ended and intended to gather information to better understand how various health care professionals screen for and address tobacco use in youth receiving care in their practice, identify messages and materials aimed at health care professionals to address tobacco use prevention and cessation in youth with substance use and/or mental health conditions, determine the most efficient communication strategies and channels to disseminate this information. All data collections are voluntary.

Below is the table of the estimated total burden hours:

Respondent	Number of respondents	Responses per respondent	Average burden hour	Total hour burden
Screener (Parent) .....	576	1	.15	86.4
Screener (Youth) .....	144	1	.15	21.6
Youth Focus Group .....	* 108	1	1.50	162
Provider Interview .....	42	1	.75	31.5
Total .....	762			301.5

\*The 108 respondents identified for the youth focus groups are included in the 144 respondents for the youth screener.

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 2-1057, One Choke Cherry Road, Rockville, MD 20857 or email her a copy at [summer.king@samhsa.hhs.gov](mailto:summer.king@samhsa.hhs.gov). Written comments should be received by September 24, 2013.

## DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2013-0028]

### Homeland Security Science and Technology Advisory Committee (HSSTAC)

**ACTION:** Notice of Federal Advisory Committee charter renewal.

**SUMMARY:** The Secretary of Homeland Security has determined that the renewal of the charter of the Homeland Security Science and Technology Advisory Committee (HSSTAC) is necessary and in the public interest in connection with the Department of Homeland Security, Science and Technology Directorate's performance of its duties. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

**ADDRESSES:** If you desire to submit comments on this action, they must be submitted by August 24, 2013. Comments must be identified by (DHS-2011-0023) and may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Email:* [mary.hanson@dhs.gov](mailto:mary.hanson@dhs.gov). Include the docket number in the subject line of the message.
- *Fax:* 202-253-5823.
- *Mail:* Mary Hanson, HSSTAC

Executive Director, Science and Technology Directorate, Department of Homeland Security, 245 Murray Lane, Bldg. 410, Washington, DC 20528 .

- *Instructions:* All submissions received must include the words "Department of Homeland Security" and DHS-2011-0023, the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov> including any personal information provided.

- *Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:**

Mary Hanson, HSSTAC Executive Director, Science and Technology Directorate, Department of Homeland Security, 245 Murray Lane, Bldg. 410, Washington, DC 20528, 202-254-

5866(O) 202-254-5823 (F),  
[mary.hanson@dhs.gov](mailto:mary.hanson@dhs.gov).

**SUPPLEMENTARY INFORMATION:** The committee addresses areas of interest and importance to the Under Secretary for Science and Technology, such as new developments in systems engineering, cyber-security, knowledge management and how best to leverage related technologies funded by other federal agencies and by the private sector. The committee also advises the Under Secretary on policies, management processes, and organizational constructs as needed. Upon request, the committee provides scientifically- and technically-based advice to the Homeland Security Advisory Council.

Dated: July 18, 2013.
