

grandfathered health plan within the meaning of ACA section 1251.

To maintain its status as a grandfathered health plan, regulations 29 CFR 2590.715–1251(a)(3) requires the plan or issuer to maintain records documenting the terms of the plan or health insurance coverage in effect on March 23, 2010, and any other documents that are necessary to verify, explain, or clarify grandfathered health plan status. The plan or issuer must make such records available for examination upon request by participants, beneficiaries, individual policy subscribers, or a State or Federal agency official.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0140.

The current approval for this collection is scheduled to expire on November 30, 2013. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 22, 2013, (78 FR 30333).
