

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board****[B-06-2014]****Foreign-Trade Zone 197—Doña Ana County, New Mexico;**

Application for Reorganization under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Board of County Commissioners of Doña Ana County, New Mexico, grantee of FTZ 197, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on January 28, 2014.

FTZ 197 was approved by the FTZ Board on November 26, 1993 (Board Order 665, 58 FR 64546, 12/08/1993) and expanded on November 27, 2007, (Board Order 1536, 72 FR 69649, 12/10/2007).

The current zone includes the following sites: *Site 1* (897 acres)—3 parcels as follows: Santa Teresa Airport Industrial Park (200 acres), 8016 Airport Road, Santa Teresa; Santa Teresa Business Center (489 acres), 2700 Airport Road, Santa Teresa; and, the Santa Teresa Logistics Park (208 acres), 4751 Avenida Creel, Santa Teresa; *Site 2* (206 acres)—West Mesa Industrial Park, 350 Alliance Drive, Las Cruces; *Site 3* (304 acres)—Santa Teresa Bi-National Park, 401 Avenida Ascension, Las Cruces.

The grantee’s proposed service area under the ASF would be Doña Ana County, New Mexico, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Santa Teresa U.S. Customs and Border Protection port of entry.

As part of the reorganization request, the grantee is requesting that two of the parcels which are currently part of Site 1 be renumbered to create Site 4 and Site 5. The applicant is requesting

authority to reorganize its existing zone project to include both the existing and renumbered sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 4 be so exempted. No subzones/usage-driven sites are being requested at this time.

In accordance with the FTZ Board’s regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is April 1, 2014. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 16, 2014.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482-0862.

Dated: January 28, 2014.

Executive Secretary.

DEPARTMENT OF COMMERCE**International Trade Administration****[A-570-970]****Multilayered Wood Flooring from the People’s Republic of China: Initiation of Antidumping Duty New Shipper Review**

AGENCY: Enforcement & Compliance, formerly Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* January 31, 2014.

SUMMARY: The Department of Commerce (“Department”) has determined that a request for a new shipper review of the antidumping duty order on multilayered wood flooring from the People’s Republic of China (“PRC”) meets the

statutory and regulatory requirements for initiation. The period of review (“POR”) for the new shipper review is December 1, 2012, through November 30, 2013.

FOR FURTHER INFORMATION CONTACT:

Maisha Cryor, AD/CVD Operations, Office IV, Enforcement & Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5831.

SUPPLEMENTARY INFORMATION:**Background**

The Department published the antidumping duty order on multilayered wood flooring from the PRC on December 8, 2011.¹ On December 20, 2013, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the “Act”), and 19 CFR 351.214(c), the Department received a timely request for a new shipper review from Linyi Anying Wood Co., Ltd., (“Anying”).² In order to confirm certain information in Anying’s request, we requested entry documents from U.S. Customs and Border Protection (“CBP”).³ The continuation of the new shipper review will be contingent upon confirmation of the information received in response to that request. Additionally, on January 15, 2014, the Department received entry data from CBP.⁴

Anying stated that it is both the producer and the exporter of the subject merchandise upon which its request for a new shipper review is based.⁵ Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Anying certified that it did not export multilayered wood flooring to the United States during the period of investigation (“POI”).⁶ In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A),

⁵ See *Initiation Request* at Exhibit 1.

⁶ *Id.*

Anying certified that, since the initiation of the investigation, it has never been affiliated with any exporter or producer that exported multilayered wood flooring to the United States during the POI, including those not individually examined during the investigation.⁷ As required by 19 CFR 351.214(b)(2)(iii)(B), Anying also certified that its export activities were not controlled by the central government of the PRC.⁸

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Anying submitted documentation establishing the following: (1) The date on which it first shipped multilayered wood flooring for export to the United States and the date on which the multilayered wood flooring was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁹

The Department conducted a CBP database query and confirmed that Anying's shipment of subject merchandise entered the United States for consumption and that liquidation of such entries has been properly suspended for antidumping duties. Pursuant to 19 CFR 351.221(c)(1)(i), the Department will publish the notice of initiation of a new shipper review no later than the last day of the month following the anniversary month or semiannual anniversary month of the order.

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act, 19 CFR 351.214(b), and based on the information on the record, the Department finds that Anying meets the threshold requirements for initiation of a new shipper review of its shipment of multilayered wood flooring from the PRC.¹⁰ However, if the information supplied by Anying is later found to be incorrect or insufficient during the course of this proceeding, the Department may rescind the review or apply adverse facts available pursuant to section 776 of the Act, depending upon the facts on record. The POR for the new shipper review of Anying is December 1, 2012, through November

30, 2013.¹¹ The Department intends to issue the preliminary results of this review no later than 180 days from the date of initiation, and the final results of this review no later than 90 days after the date the preliminary results are issued.¹²

It is the Department's usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, the Department will issue a questionnaire to Anying which will include a section requesting information with regard to its export activities for separate rates purposes. The review of Anying will proceed if the response provides sufficient indication that Anying is not subject to either *de jure* or *de facto* government control with respect to its exports of subject merchandise.

The Department will instruct CBP to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for entries of subject merchandise from Anying in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Anying certified that it produced and exported the subject merchandise, the Department will apply the bonding privilege only for subject merchandise that the respondent both produced and exported.

Interested parties requiring access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: January 24, 2014.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
