BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. EL14-31-000; QF87-483-005]

AES Hawaii, Inc.; Notice of Petition for Temporary Waiver

February 25, 2014.

Take notice that on February 21, 2014, pursuant to section 292.205(c) of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 292.205(c), AES Hawaii, Inc. (AES Hawaii) filed a Petition for Temporary Waiver, for calendar year 2013, of the five percent operating standard set forth in 18 CFR 292.205(a)(1) of the Commission's Regulations with respect to its cogeneration facility (Facility) located on the island of Oahu, Hawaii. AES Hawaii makes such a request because of an unplanned, operational repair need of the Facility's thermal host.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for

review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on March 14, 2014.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2013-0150; FRL-9908-55-OEI]

Information Collection Request; Requirements for Certified Applicators Using 1080 Collars for Livestock Protection; Submitted to OMB for Review and Approval; Comment Request

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA has submitted this information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is for the renewal of an ICR that is currently approved through March 31, 2014. EPA received no comments in response to the public review opportunity issued on July 17, 2013 (78 FR 42774). This notice allows for an additional 30 days for public comments. A brief description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before April 21, 2014.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OPP-2013-0150, to (1) EPA online using <http://www.regulations.gov> (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov

addressed to the OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Rame Cromwell, Field and External Affairs Division (7506P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (703) 308-9068; fax number: (703) 305-5884; email address: cromwell.rame@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the docket for this ICR. The docket can be viewed online at <http://www.regulations.gov> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Title: Requirements for Certified Applicators Using 1080 Collars for Livestock Protection.

ICR numbers: EPA ICR No. 1249.10, OMB Control No. 2070-0074.

ICR status: The current OMB approval for this ICR is scheduled to expire on March 31, 2014. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: This ICR potentially affects non-federal Certified Applicators in three States (New Mexico, South Dakota, and Wyoming), the State lead agencies for pesticide regulation in those States that monitor the program and are themselves registrants of 1080 Livestock Protection Collar products, and one additional registrant. EPA also receives annual reports on use of a 1080 Livestock Protection Collar product registered to the U.S. Department of Agriculture, Animal and Plant Health Inspection Service (USDA/APHIS). That product is applied in several States by employees of USDA/APHIS. Applicators who are certified to apply livestock protection collars are required to keep records of: (a) The number of collars attached on livestock; (b) the pasture(s) where collared livestock were placed; (c) the dates of each attachment,

inspection, and removal; (d) the number and locations of livestock found with ruptured or punctured collars and the apparent cause of the damage; (e) the number, dates, and approximate location of all collars lost; and (f) the species, locations, and dates of all suspected poisonings of humans, domestic animals or non-target wild animals resulting from collar use.

Respondents/affected entities: Entities potentially affected by this ICR are pesticide and other agricultural manufacturers (NAICS 325320), e.g., pesticide registrants whose products include 1080 collars; and government establishments primarily engaged in administration of environmental quality programs (NAICS 9241) e.g., states implementing a 1080 collar monitoring program.

Respondent's obligation to respond: Mandatory.

Estimated number of respondents: 48 (total).

Frequency of response: Annual.

Total estimated burden: 1,944 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$83,335 (per year), includes \$0 annualized capital or operation and maintenance costs.

Changes in the estimates: There is no change in the total estimated respondent burden compared with the ICR currently approved by OMB.

Richard T. Westlund,

Acting Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9908-22-Region-6]

Clean Air Act Operating Permit Program; Petitions for Objection To State Operating Permits for Consolidated Environmental Management, Inc.—Nucor Steel Louisiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: Pursuant to Clean Air Act (CAA) Section 505(b)(2) and 40 CFR 70.8(d), the EPA Administrator signed an Order, dated January 30, 2014, partially granting and partially denying three petitions asking EPA to object to operating permits (Permit Numbers 2560-00281-V0, 2560-00281-V1, and 3086-V0) issued by the Louisiana Department for Environmental Quality

(LDEQ) to Consolidated Environmental Management, Inc.—Nucor Steel Louisiana (Nucor) relating to a facility located near Convent, Saint James Parish, Louisiana. Pursuant to CAA Section 505(b)(2) and 40 CFR 70.8(d), the EPA Administrator also signed an Order, dated June 19, 2013, denying one issue (“Specific Objection I”) raised in two of those petitions. Together, EPA’s June 19, 2013 Order and January 30, 2014 Order respond to the three petitions submitted by Louisiana Environmental Action Network and Sierra Club (collectively, the Petitioners on June 25, 2010 (the 2010 Petition), May 3, 2011 (the 2011 Petition) and October 3, 2012 (the 2012 Petition), respectively. Sections 307(b) and 505(b)(2) of the Act provide that a petitioner may ask for judicial review of those portions of the Orders that deny objections raised in the petitions by the United States Court of Appeals for the appropriate circuit. Any petition for review shall be filed within 60 days from the date this notice appears in the **Federal Register**, pursuant to section 307(b) of the Act.

ADDRESSES: You may review copies of the final Orders, the petitions, and other supporting information at EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733.

EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Orders, petitions, and other supporting information. You may view the hard copies Monday through Friday, from 9:00 a.m. to 3:00 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. Additionally, the final June 19, 2013 Order and January 30, 2014 Orders are available electronically at: http://www.epa.gov/Region7/air/title5/petitiondb/petitions/nucor_steel_partialresponse2011.pdf and http://www.epa.gov/Region7/air/title5/petitiondb/petitions/nucor_steel_response2012.pdf, respectively.

FOR FURTHER INFORMATION CONTACT: Dinesh Senghani at (214) 665-7221, email address: senghani.dinesh@epa.gov or the above EPA, Region 6 address.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review, and object, as appropriate, to a title V operating permit proposed by a state permitting authority. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator, within 60 days after the expiration of this review period, to object to a title V operating permit if EPA has not done so.

Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

EPA received three petitions from the Petitioners, dated June 25, 2010, May 3, 2011, and October 3, 2012, to object to operating permits issued to Consolidated Environmental Management, Inc.—Nucor Steel Louisiana relating to a facility located near Convent, Saint James Parish, Louisiana.

The 2010 Petition requested that the Administrator object to a Nucor operating permit (Permit Number 2560-00281-V0) on the basis that: (1) The permit fails to apply the appropriate maximum achievable control technology (MACT) standards; (2) the modeling submitted by Nucor to support its PSD analysis is flawed, and (3) the title V permit fails to incorporate conditions sufficient to assure compliance with PSD. The 2011 Petition requested that the Administrator object to two Nucor operating permits (Permit Numbers 2560-00281-V1 and 3086-V0) on the following bases: (1) LDEQ failed to aggregate PSD permitting for emissions from the entire facility (this issue is also known as “Specific Objection I” in this matter); (2) the modified pig iron permit fails to apply MACT standards for the topgas boilers; (3) LDEQ failed to include emission limits for particulate matter less than 2.5 microns; (4) the limit for natural gas consumption is not the best available control technology for greenhouse gas (GHG) emissions from the Direct Reduced Iron (DRI) process; and (5) the DRI permits must specify procedures estimating GHG emissions. The 2012 Petition requested that the Administrator object to the Nucor operating permits for the reasons expressed in the 2010 and 2011 Petitions, which were incorporated by reference and attached to the 2012 Petition.

On June 19, 2013, the Administrator issued a partial Order denying Specific Objection I of the 2011 Petition and as re-raised in the 2012 Petition. On January 30, 2014, the Administrator issued an Order partially granting and partially denying the 2010, 2011, and 2012 Petitions, (except Specific Objection I). These Orders explain the reasons behind EPA’s conclusion to grant in part and deny in part these three petitions. Together, the June 19, 2013 Order and January 30, 2014 Order
