

hour.<sup>7</sup> The staff therefore estimates that the aggregate annual cost of complying with the paperwork requirements of the rule is approximately \$2,412,343 ((7,377 hours × \$199 = \$1,468,023) + (14,755 hours × \$64 = \$944,320)).

To comply with state law, many investment companies already must distinguish the different sources from which a shareholder distribution is paid and disclose that information to shareholders. Thus, many investment companies would be required to distinguish the sources of shareholder dividends whether or not the Commission required them to do so under Rule 19a–1.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. Compliance with the collection of information required by Rule 19a–1 is mandatory for management companies that make statements to shareholders pursuant to section 19(a) of the Act. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burdens of the collections of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burdens of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–72661; File No. 10–214]

### Automated Matching Systems Exchange, LLC; Notice of Filing of Application for Limited Volume Exemption From Registration as a National Securities Exchange Under Section 5 of the Securities Exchange Act of 1934

July 23, 2014.

On July 7, 2014, Automated Matching Systems Exchange, LLC (“AMSE”) submitted to the Securities and Exchange Commission (“Commission”) an application seeking a limited volume exemption under Section 5 of the Securities Exchange Act (“Exchange Act”) from registration as a national securities exchange under Section 6 of the Exchange Act. Although Section 5 of the Exchange Act does not require publication of such a request for exemption, the Commission has determined, in its discretion, to publish this notice in order to solicit the views of interested persons on AMSE's exemption application.<sup>1</sup>

AMSE proposes to conduct business in reliance upon an exemption from registration as a national securities exchange due to the limited volume of transactions proposed to be effected on AMSE. In general, AMSE seeks to operate as a centralized marketplace for alternative trading systems. AMSE proposes to operate solely on an “off-order-book” trading basis. Each member of AMSE would maintain its own automated matching system or electronic order book and would report its transactions to AMSE at such intervals as required by AMSE. Trades would occur when an order to buy and an order to sell match on the member's electronic order book. Each member of AMSE would adopt rules governing the execution and priority of orders. AMSE does not intend to have a physical exchange trading floor, centralized order book, or specialists or market makers with affirmative and negative market making obligations.

AMSE's exemption application is available at the Commission's Public Reference Room and [www.sec.gov](http://www.sec.gov). Interested persons are invited to submit written data, views, and arguments concerning AMSE's exemption

<sup>1</sup> Section 5 of the Exchange Act authorizes the Commission to grant an exemption from registration if, “in the opinion of the Commission, by reason of the limited volume of transactions effected on [the] exchange, it is not practicable and not necessary or appropriate in the public interest for the protection of investors to require such registration.” 15 U.S.C. 78e.

application, including whether AMSE's exemption application is consistent with the Exchange Act and whether AMSE qualifies as an “exchange” under the Exchange Act. Comments may be submitted by any of the following methods:
