

associated with its exchange members, with the provisions of the Exchange Act, the rules and regulations thereunder, and the rules of the Exchange. The proposed amendment to the Bylaws would make explicit that a non-affiliated director cannot be removed for cause for decisions or actions taken in good faith related to the regulatory functions and responsibilities delegated to NYSE Regulation by the Exchange. The proposed amendment would therefore provide non-affiliated directors with reasonable assurances that actions or decisions consistent with their fiduciary duty and believed, in good faith, to be the proper exercise of NYSE Regulation's delegated functions and responsibilities could not be used as a basis to remove those directors from office. Accordingly, the Exchange believes that the proposed amendment would contribute to the orderly operation of the NYSE Regulation board of directors and its decision-making process, and would enable the Exchange to be so organized as to have the capacity to carry out the purposes of the Exchange Act and comply and enforce compliance by its members and persons associated with its members, with the provisions of the Exchange Act. The Exchange therefore believes that approval of the amendment to the Bylaws is consistent with Section 6(b)(1).

The Exchange also believes that this filing furthers the objectives of Section 6(b)(5) of the Exchange Act⁸ because the proposed rule change would be consistent with and facilitate a governance and regulatory structure that is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. As discussed above, the Exchange believes that the proposed amendment would remove potential uncertainty among non-affiliated directors that certain decisions or actions taken in good faith related to the delegated functions and responsibilities could result in their removal from NYSE Regulation's board of directors for cause and thereby would contribute to improved effectiveness in the board decision-making process. The proposed amendment is therefore consistent with

and facilitates a governance and regulatory structure that furthers the objectives of Section 6(b)(5) of the Exchange Act. The orderly and efficient operation of NYSE Regulation and its board of directors is also designed to protect investors as well as the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with the administration and functioning of the NYSE Regulation board of directors.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action
