

opportunities and constraints and the relative potential impacts among the various alternate routes and route variations.

The BLM, USFS, and other agencies worked together to develop alternative routes that would conform to existing Federal land-use plans. However, this objective was not reached for several of the alternative routes analyzed in the Draft EIS. The agencies identify and analyze proposed plan amendments alternatives in the Draft EIS. Decisions by the USFS to amend land management plans and to authorize special use authorizations are also subject to administrative review (36 CFR part 218 Subparts A and B). In accordance with 36 CFR 219.59, the USFS has elected to use the administrative review procedures of the BLM as described above.

The following land-use plan amendments may be needed to bring the Project into conformance with the applicable Resource Management Plans (RMP) for BLM-managed land and Land and Resource Management Plans (LRMP) for National Forest System land crossed by the Project, depending on Project approval and on the final route selected.

- USFS's Wallowa-Whitman National Forest LRMP: Amendments related to Regional Forester Amendment #2 (*i.e.*, "Eastside Screens") including removing trees larger than or equal to 21" in diameter. Amendment to allow the Project to exceed prescribed visual quality objectives.

- BLM's Baker RMP: Amendments to Visual Resource Management (VRM) III classification near the National Historic Oregon Trail Interpretative Center.

- BLM's Southeast Oregon RMP: Amendments to VRM II segments across the Owyhee River Canyon (below the Owyhee Dam) and VRM III in limited areas.

- BLM's Owyhee RMP: No required plan amendments.

The BLM will utilize and coordinate the National Environmental Policy Act comment process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470(f)), as provided for in 36 CFR 800.2(d)(3). Ongoing consultations with Native American Tribes will continue in accordance with policy and Tribal concerns (including impacts on Indian trust assets) will be given due consideration. Federal, state, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this Project, are invited to participate.
