Acquisition Regulation: Incorporation of Class Deviation to Notification of Conflicts of Interest Regarding Personnel and Project Employee Confidentiality Agreement**AGENCY:** Environmental Protection Agency.**ACTION:** Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is amending the EPA Acquisition Regulation (EPAAR) to incorporate a class deviation to clause 1552.209–73, Notification of Conflicts of

Interest Regarding Personnel, and 1552.227–76, Project Employee Confidentiality Agreement, and their respective prescriptions, to include Alternate 1 for the subcontract flow-down requirements for other than Superfund work. The class deviation to the two clauses was executed to address the increased use of these conflict of interest (COI) clauses in non-Superfund contracts to better protect the Agency from COI. The Superfund flow-down language in the basic clauses does not apply or relate to non-Superfund contracts and would likely be confusing if the Superfund specific language was not deleted. The rule also provides for minor administrative edits.

DATES: This final rule is effective on January 21, 2015.
