**Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act (“CERCLA”)**

On January 23, 2015 the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Washington in the lawsuit entitled *United States v. Spokane County, Washington*, Civil Action No. 15-00018.

The proposed Consent Decree resolves the claims alleged in the Complaint, filed concurrently with the lodging of the Decree, against Spokane County under Sections 107(a) and 106 of CERCLA, seeking the recovery of the United States’ response costs and performance of a removal action for the

Vermiculite Northwest—Spokane County Superfund Site (“Site”). The County is the owner of the Site, which was formerly owned and operated as a vermiculite ore processing facility. The County installed a cap over asbestos-contaminated soils at the Site, and subsequently, EPA selected a removal action that requires the County to implement institutional controls that provide for, *inter alia*, maintenance of the cap and restrictions on soil disturbing activities that might cause a release of asbestos. The proposed Consent Decree requires the County to perform the removal action by recording and complying with an Environmental Covenant attached to the Decree and reimburse the United States’ past costs of \$101,796.50, as well as future response costs.

<sup>1</sup> This registration requirement is waived for certain practitioners under specified circumstances. See 21 U.S.C. 823(g)(2).

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Stipulation of Settlement and Judgment Under the Clean Water Act

On January 14, 2015, the Department of Justice lodged a proposed Stipulation of Settlement and Judgment (the “Stipulation of Settlement”) with the United States Court for the Southern District of Iowa in the lawsuit entitled *United States v. Twin County Dairy, Inc.*, (S.D. Iowa), No. 3:15-cv-00009.

The Stipulation of Settlement resolves the United States’ claims against Twin County Dairy, Inc., for alleged violations of the Clean Water Act, 33 U.S.C. 1251, *et seq.*, as set forth in the United States’ complaint filed on January 14, 2015. In this action, the United States sought penalties pursuant to Section 309(b) and

(d) of the Clean Water Act, 33 U.S.C. 1319(b), (d), against Twin County Dairy, Inc. (the “Settling Defendant”). The Complaint alleged that the Settling Defendant violated the conditions of National Pollutant Discharge Elimination System (“NPDES”) permits issued by the State of Iowa pursuant to the Clean Water Act, 33 U.S.C. 1342, at its dairy in Kalona, Iowa. Twin County Dairy, Inc. no longer owns nor operates the dairy, including its wastewater treatment plant, in Kalona, Iowa. Thus, pursuant to the proposed Stipulation of Settlement, the Settling Defendant certifies that it has ceased the alleged violations in the Complaint. Under the Stipulation of Settlement, the Settling Defendant will pay to the United States \$200,000 in penalties for the violations alleged in the Complaint.

The publication of this notice opens a period for public comment on the proposed Stipulation of Settlement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Twin County Dairy, Inc.* (S.D.
