

“Corporation”) was established through the LSC Act “for the purpose of providing financial support for legal assistance in noncriminal matters or proceedings to persons financially unable to afford such assistance.” 42 U.S.C. 2996b(a). LSC performs this function primarily through distributing funding appropriated by Congress to independent civil legal aid programs providing legal services to low-income persons throughout the United States and its possessions and territories. 42 U.S.C. 2996e(a)(1)(A). LSC designates geographic service areas and structures grants to support services to the entire eligible population in a service area or to a specified subpopulation of eligible clients. 45 CFR 1634.2(c) & (d), 1634.3(b). LSC awards these grants through a competitive process. 45 CFR part 1634. Congress has mandated that LSC “insure that grants and contracts are made so as to provide the most economical and effective delivery of legal assistance to persons in both urban and rural areas.” 42 U.S.C. 2996f(a)(3).

Throughout the United States and U.S. territories, LSC provides Basic Field—General grants to support legal services for eligible clients. LSC provides funding for those grants on a per-capita basis using the poverty population as determined by the U.S. Census Bureau every three years. Pub. L. 104–134, tit. V, 501(a), 110 Stat. 1321, 1321–50 (1996), as amended by Pub. L. 113–6, div. B, tit. IV, 127 Stat. 198, 268 (2013) (LSC funding formula adopted in 1996, incorporated by reference in LSC’s appropriations thereafter, and amended in 2013). Since its establishment in 1974, LSC has also provided subpopulation grants to support legal services for the needs of agricultural workers through Basic Field—Migrant grants under the authority of the LSC Act to structure grants for the most economic and effective delivery of legal assistance. 42 U.S.C. 2996f(a)(3). Congress amended the LSC Act in 1977 to require that LSC conduct a study of the special legal needs of various subpopulations, including migrant or seasonal farm workers, and develop and implement appropriate means of addressing those needs. 42 U.S.C. 2996f(h). LSC’s study, issued in 1979, concluded that specialized legal expertise and knowledge were needed to address the distinctive “unmet special legal problems” that migrant and seasonal farmworkers shared because of their status as farmworkers. Legal Services Corporation, *Special Legal Problems and Problems of Access to Legal Services of Veterans, Migrant and Seasonal Farm Workers, Native*

Americans, People, with Limited English-Speaking Ability, and Individuals in Sparsely Populated Areas, 1979.

LSC provides funding for Basic Field—Migrant grants on a per-capita basis by determining the size of the subpopulation and separating that population from the overall poverty population for the applicable geographic area or areas. LSC expects programs receiving these grants to serve the legal needs of a broad range of eligible agricultural workers and their dependents who have specialized legal needs that are most effectively and efficiently served through a dedicated grant program. LSC currently uses data regarding migrant and seasonal farmworkers, and their families, from the early 1990s, with some adjustments based on changes in the general poverty population. These data are no longer current and do not reflect the entire population served by these grants.

The United States Department of Labor, Employment and Training Administration (ETA) collects data regarding agricultural workers for federal grants serving the needs of the American agricultural worker population. The U.S. Census Bureau does not maintain data regarding agricultural workers. LSC has contracted with ETA for more current data regarding the agricultural worker population served by these grants. ETA has provided LSC with these data, including state-by-state breakdowns. The changes in data will result in changes in funding levels for these grants. A description of these data and their development is available at: <http://www.lsc.gov/about/mattersforcomment.php>.

LSC management has proposed to the LSC Board of Directors (Board) that LSC use the new data for these grants as follows:

- (1) implement the new data for calculation of these grants beginning in January 2016;
- (2) phase in the funding changes to provide intermediate funding halfway between the old and new levels for 2016 and to fully implement the new levels for 2017;
- (3) update the data every three years on the same cycle as LSC updates poverty population data from the U.S. Census Bureau for the distribution of LSC’s Basic Field—General grants.

LSC Management presented this proposal to the Board’s Operations and Regulations Committee (Committee) on January 22, 2015. The Committee then recommended Management’s proposal to the full board on January 24, 2015. The Board adopted the recommendation

of Management and the Committee that LSC publish this notice of Management’s proposal in the **Federal Register** for comment. The Committee will meet to consider all comments received and make a recommendation to the Board for a final decision.

LSC management’s proposal and related documents are available at: <http://www.lsc.gov/about/mattersforcomment.php>.

LSC invites public comment on this issue. Interested parties may submit comments to LSC before the deadline stated above.

Dated: January 29, 2015.

Stefanie K. Davis,
Assistant General Counsel.

BILLING CODE 7050–01–P

NUCLEAR REGULATORY COMMISSION

[Project No. 0782; NRC–2015–0021]

Korea Hydro and Nuclear Power Co., Ltd., and Korea Electric Power Corporation

AGENCY: Nuclear Regulatory Commission.

ACTION: Application for standard design certification; receipt.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) acknowledges receipt of the application for a standard design certification of the APR1400 Standard Plant Design submitted by Korea Hydro and Nuclear Power Co., Ltd. (KHNP) and Korea Electric Power Corporation (KEPCO).

DATES: February 3, 2015.

ADDRESSES: Please refer to Docket ID NRC–2015–0021 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2015–0021. Address questions about NRC dockets to Carol Gallagher; telephone: 301–287–3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC’S Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/>

adams.html. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that the document is referenced. The application is available in ADAMS under Accession No. ML13281A699.

- *NRC’s PDR*: You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Jeffrey Ciocco, Office of New Reactors, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6391; email: Jeff.Ciocco@nrc.gov.

SUPPLEMENTARY INFORMATION: By letter dated December 23, 2014, KHNP and KEPCO filed with the NRC, pursuant to Section 103 of the Atomic Energy Act and Part 52 of Title 10 of the *Code of Federal Regulations* (10 CFR), an application for standard design certification of the APR1400 Standard Plant Design.

The APR1400 stands for Advanced Power Reactor with a 1,400 megawatts electrical power and two-loop pressurized water reactor, developed in the Republic of Korea. Based on the self-reliant technologies and experiences from the design, construction, operation and maintenance of the Optimized Power Reactor 1000 (OPR1000), the APR1400 adopts advanced design features to enhance plant safety, economical efficiency, and convenience of operation and maintenance. The APR1400 application includes the entire power generation complex, except those elements and features considered site-specific. The acceptability of the tendered application for docketing and other matters relating to the requested rulemaking pursuant to 10 CFR 52.51 for design certification, including provisions for participation of the public and other parties, will be the subject of subsequent **Federal Register** notices.

Dated at Rockville, Maryland, this 27th day of January, 2015.

For the Nuclear Regulatory Commission.
Jeffrey A. Ciocco,
*Senior Project Manager, Licensing Branch 2,
Division of New Reactor Licensing, Office of
New Reactors.*

BILLING CODE 7590–01–P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–373 and 50–374; NRC–2014–0268]

LaSalle County Station, Units 1 and 2

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of Intent to prepare an environmental impact statement and conduct the scoping process; public meetings and request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) will prepare an environmental impact statement (EIS) related to the review of the license renewal application submitted by Exelon Generation Company, LLC (Exelon) for the renewal of Facility Operating Licenses NPF–11 and NPF–18 for an additional 20 years of operation at LaSalle County Station (LSCS). The current operating licenses for LSCS, Units 1 and 2, expire on April 17, 2022, and December 16, 2023, respectively. LSCS is located in LaSalle County, Illinois. The NRC will also provide the public an opportunity to participate in the environmental scoping process.

DATES: Submit comments by April 6, 2015. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods (unless this document describes a different method for submitting comments on a specific subject):

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2014–0268. Address questions about NRC dockets to Carol Gallagher; telephone: 301–287–3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *Mail comments to:* Cindy Bladey, Office of Administration, Mail Stop: 3WFN–06–A44M, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001.

For additional direction on obtaining information and submitting comments, see “Obtaining Information and

Submitting Comments” in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: David Drucker, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6223; email: David.Drucker@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2014–0268 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document by any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC–2014–0268.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced. Exelon’s application for renewal can be found in ADAMS under Accession No. ML14343A849.

- *NRC’s PDR:* You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

B. Submitting Comments

Please include Docket ID NRC–2014–0268 in the subject line of your comment submission in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS. The NRC does not routinely edit
