

intra- and inter-agency agreements, the intra- and inter-agency transfer of funds, personnel actions, and travel requirements.

(4) Provides fiscal management and oversight to ensure all funds provided for the NLSC are separately and visibly accounted for in the DoD budget.

(d) DoD Components heads ensure that the use of NLSC members is considered during exercise and operational planning.

§ 251.6 Procedures.

(a) *NLSC purpose.* (1) The purpose of the NLSC is to identify and provide U.S. citizens with foreign language skills to support DoD or other U.S. departments or agencies, in need of foreign language services, for requirements of less than 1 year.

(2) The NLSC will provide capable, federally-hired individuals to rapidly respond to critical national needs and assist DoD and other U.S. departments and agencies with surge or emergency requirements.

(b) *NLSC membership criteria.* NLSC members must:

(1) Be a U.S. citizen.

(2) Be at least 18 years of age.

(3) Have satisfied Selective Service requirements.

(4) Be proficient in English and any other language.

(c) *NLSC member recruitment.* The NLSC program manager will oversee recruitment of members. NLSC maintains a registry of individuals who have applied or been accepted for membership and responds to requests for foreign language services by searching the registry to identify individuals who can provide support. NLSC collects applicant information through electronically available DD forms (located at the DoD Forms Management Program Web site at <http://www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm>.) or comparable web-based applications:

(1) *DD Form 2932.* Contains a brief set of screening questions and is used to determine basic eligibility for NLSC membership.

(2) *DD Form 2933.* A language screening tool to evaluate the applicant's skills with respect to specific tasks. DD Form 2933 is used in conjunction with the screening of language skills for entry into the NLSC.

(3) *DD Form 2934.* Provides an overall assessment of the applicant's foreign language ability. DD Form 2934 is also used in conjunction with the screening of detailed skills for entry into the NLSC.

(d) *NLSC member appointment as Federal employees.* Where applicants

meet NLSC membership criteria and are matched to foreign language services requirements, the NLSC program manager ensures actions are initiated to temporarily hire applicants and members for forecasted and actual support requests.

(1) For Federal hiring, members follow excepted service hiring policies in accordance with 5 U.S.C. 3109, 5 CFR part 304, and 32 CFR part 310, and are appointed as language consultants in advance of participating in a support request, in accordance with AI 2.

(2) An NLSC member who is already employed by a U.S. Government agency or is under contract full-time to one agency must receive a release from the head of that agency or individual empowered to release the employee or contractor before being employed for service within the NLSC pursuant to 50 U.S.C. 1913 and must comply with applicable laws and regulations regarding compensation. Such requests will be coordinated by the NLSC with the department or agency head concerned.

(3) NLSC members will be appointed on an annual basis pursuant to 5 U.S.C. 3109, 5 CFR part 304, and 32 CFR part 310 to perform duties as language consultants. If serving less than 130 days in a consecutive 365 day period, they will be considered SGEs as defined in 18 U.S.C. 202. Concurrent appointments as an SGE may be held with other DoD Components or in another federal agency.

(4) The NLSC program manager will track the number of days each NLSC member performed services and the total amount paid to each NLSC member within the 365 day period after the NLSC member's appointment.

(e) *NLSC member activation.* Activation encompasses all aspects of matching and hiring NLSC members to perform short-term temporary assignments to provide foreign language services. Under NLSC program manager oversight:

(1) Customer requirements are matched with skills of NLSC members and support is requested from DoDHRA to process necessary agreements, funding documents, and personnel actions to provide foreign language services. In accordance with paragraph (d)(3) of this section, NLSC members are temporarily hired as DoD employees.

(2) NLSC members are prepared for activation. If members are to be mobilized out of their home area, travel order requests are initiated. During the assignment, action will be taken to coordinate with members and clients, and assess success with the requesting agency upon completion.

(3) If duty requires issuance of DoD identification (*e.g.*, Common Access Card), such identification will be issued to and maintained by activated NSLC members in accordance with Volume 1 of DoD Manual 1000.13, "DoD Identification (ID) Cards: ID Card Life-Cycle" (available at http://www.dtic.mil/whs/directives/corres/pdf/100013_vol1.pdf). Upon completion of the assignment, the identification will be retrieved in accordance with Volume 1 of DoD Manual 1000.13.

(4) Upon completion of assignments, DoDHRA will provide post-assignment support to members and reconcile funding to close project orders.

Dated: February 18, 2015.

[Docket Number USCG-2014-0300]

RIN 1625-AA00

Safety Zones; Fireworks Displays in the Sector Columbia River Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Supplemental notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish twenty three new fireworks display safety zones at various locations in the Sector Columbia River Captain of the Port zone. The Coast Guard previously published a notice of proposed rulemaking with respect to this proposed rule on June 18, 2014. This supplemental notice of proposed rulemaking changes the proposed regulation in the following respects. First, the Coast Guard proposes to amend the regulatory text to clarify that the coordinates for all safety zones addressed by the proposed rule are approximate. Second, the Coast Guard proposes to make corrections to the location of nine existing and ten new fireworks events in the Sector Columbia River Captain of the Port zone. Third, the Coast Guard will be removing a duplicate entry of the Hood River 4th of July event.

DATES: Comments and related material must be received by the Coast Guard on or before March 26, 2015.

Requests for public meetings must be received by the Coast Guard on or before March 3, 2015.

ADDRESSES: You may submit comments identified by docket number USCG–2014–0300 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>

(2) *Fax:* 202–493–2251.

(3) *Mail or Delivery:* Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for further instructions on submitting comments. To avoid duplication, please use only one of these three methods.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LT Sean Morrison, Waterways Management Division, Marine Safety Unit Portland, Coast Guard; telephone 503–240–9319, email msupdxwwm@uscg.mil. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone (202) 366–9826.

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one

of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number [USCG–2014–0300] in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov> type the docket number [USCG–2014–0300] in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public Meeting

We do not plan on holding a public meeting. But you may submit a request

for one on or before March 3, 2015, using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

B. Regulatory History and Information

A Notice of Proposed Rulemaking (NPRM) entitled “Safety Zones; Fireworks Displays in the Sector Columbia River Captain of the Port Zone” was published in the **Federal Register** on June 18, 2014 with the comment period ending on July 18, 2014 (see 79 FR 34669). We did not receive any comments on the proposed rule and did not receive any requests for a public meeting. A public meeting was not held. While creating the final rule, we determined that additional language should be added to the regulation in order to clarify that the coordinates for the locations of the fireworks display safety zones are approximate. Additionally, we found inconsistencies in the coordinates provided in the published NPRM for nineteen of the fireworks displays. With this SNPRM we are proposing to amend these coordinates. The inconsistencies found were in relation to the location of the safety zones for the following fireworks events: Cinco de Mayo, Tri-City Chamber of Commerce, Cedco Inc., Florence Independence Day Celebration, Ilwaco July 4th Independence Day at the Port, East County 4th of July, City of St. Helens 4th of July, Hood River 4th of July, Rufus 4th of July, Maritime Heritage Festival, Lynch Picnic, July 4th Party at the Port of Gold Beach, Roseburg Hometown 4th of July, Newport 4th of July, The Mill Casino Independence Day, Westport 100th Anniversary, Westport 4th of July, The 4th of July at Pekin Ferry, and the Leukemia and Lymphoma Light the Night. Additionally, we found a duplicate entry for the Hood River 4th of July event.

C. Basis and Purpose

The legal basis for this proposed rule is: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Public Law 107–295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1., which collectively authorize the Coast Guard to establish regulatory safety zones for safety and environmental purposes.

The proposed safety zones are being implemented to help ensure the safe navigation of maritime traffic in the Sector Columbia River Area of

Responsibility during fireworks displays. Fireworks displays create hazardous conditions for the maritime public because of the large number of vessels that congregate near the displays, as well as the noise, falling debris, and explosions that occur during the event. Because firework discharge sites can pose a hazard to the maritime public, these safety zones are necessary in order to restrict vessel movement and

reduce vessel congregation in the proximity of the firework discharge sites.

D. Discussion of the Proposed Rule

This SNPRM amends the regulatory language of the proposed rule to clarify that the coordinates contained in the published table are approximate locations. The language will specify that the proposed safety zones will encompass waters within a 450 yard

radius of the launch site at the approximate locations listed in the tables.

This SNPRM will also remove a duplicate entry of the Hood River 4th of July event.

Additionally, this SNPRM amends the positions of the following fireworks displays in the proposed rule in order to accurately reflect the approximate locations of the fireworks displays:

Event name (typically)	Event location	Date of event	Latitude	Longitude
Cinco de Mayo Fireworks Display	Portland, OR	One day in May	45°30'58" N	122°40'12" W.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The Coast Guard bases this finding on the fact that the safety zones listed will be in place for a limited period of time and are minimal in duration.

2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this proposed rule on small entities. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

(1) This proposed rule may affect the following entities, some of which may

be small entities: the owners and operators of vessels intending to operate in the area covered by the safety zone.

The proposed rule will not have a significant economic impact on a substantial number of small entities because the safety zones will only be in effect for a limited period of time. Additionally, vessels can still transit through the zone with the permission of the Captain of the Port. Before the effective period, we will publish advisories in the Local Notice to Mariners available to users of the river. Maritime traffic will be able to schedule their transits around the safety zone.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this proposed rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121),

we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule

does not have implications for federalism.

6. *Protest Activities*

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. *Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. *Taking of Private Property*

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. *Civil Justice Reform*

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. *Protection of Children*

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from

Environmental Health Risks and Safety Risks. This proposed rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. *Indian Tribal Governments*

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. *Energy Effects*

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. *Technical Standards*

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. *Environment*

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the amendment and

addition of safety zones in 33 CFR 165.1315. This proposed rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

(b) *Special requirements.* Fireworks barges or launch sites on land used in locations stated in this rule shall display a sign. The sign will be affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land and in close proximity to the shoreline facing the water labeled "FIREWORKS-DANGER-STAY AWAY." This will provide on-scene notice that the safety zone is, or will, be enforced on that day. This notice will consist of a diamond shaped sign, 4 foot by 4 foot, with a 3 inch orange retro-reflective border. The word "DANGER" shall be 10 inch black block letters centered on the sign with the words "FIREWORKS" and "STAY AWAY" in 6 inch black block letters placed above and below the word "DANGER" respectively on a white background. An on-scene patrol vessel

may enforce these safety zones at least 1 hour prior to the start and 1 hour after the conclusion of the fireworks display.

(c) *Notice of enforcement.* These safety zones will be activated, and thus subject to enforcement, under the following conditions: The Coast Guard must receive and approve a marine event permit for each fireworks display and then the Captain of the Port will cause notice of the enforcement of these safety zones to be made by all appropriate means to provide notice to the affected segments of the public as practicable, in accordance with 33 CFR 165.7(a). The Captain of the Port will issue a Local Notice to Mariners notifying the public of activation and suspension of enforcement of these safety zones. Additionally, an on-scene Patrol Commander may be appointed to enforce the safety zones by limiting the

transit of non-participating vessels in the designated areas described above.

(d) *Enforcement period.* This rule will be enforced at least one hour before and one hour after the duration of the event each day a barge or launch site with a "FIREWORKS-DANGER-STAY AWAY" sign is located within any of the above designated safety zone locations and meets the criteria established in paragraphs (a), (b), and (c).

(e) *Regulations.* In accordance with the general regulations in 33 CFR part 165, subpart C, no person may enter or remain in the safety zone created in this section or bring, cause to be brought, or allow to remain in the safety zone created in this section any vehicle, vessel, or object unless authorized by the Captain of the Port or his designated representative. The Captain of the Port

may be assisted by other Federal, State, or local agencies with the enforcement of the safety zone.

(f) *Authorization.* All vessel operators who desire to enter the safety zone must obtain permission from the Captain of the Port or Designated Representative by contacting either the on-scene patrol craft on VHF Ch 13 or Ch 16 or the Coast Guard Sector Columbia River Command Center via telephone at (503) 861-6211.

Dated: January 30, 2015.

D.J. Travers,

Captain, U.S. Coast Guard, Captain of the Port, Sector Columbia River.

New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants; Delegation of Authority to Louisiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Louisiana Department of Environmental Quality (LDEQ) has submitted updated regulations for receiving delegation of Environmental Protection Agency (EPA) authority for implementation and enforcement of New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) for all sources (both part 70 and non-part 70 sources). The delegation of authority under this action does not apply to sources located in Indian Country. EPA is providing notice that it is updating the delegation of certain NSPS to LDEQ and taking direct final action to approve the delegation of certain NESHAPs to LDEQ.

DATES: Written comments on this proposed rule must be received on or before March 26, 2015.

ADDRESSES: Comments may be mailed to Mr. Rick Barrett, Air Permits Section (6PD-R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mr. Rick Barrett, (214) 665-7227; email: barrett.richard@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving LDEQ's request for delegation of authority to implement and enforce certain NSPS and NESHAP for all sources (both part 70 and non-part 70 sources). LDEQ has adopted certain NSPS and NESHAP by reference into Louisiana's state regulations. In addition, EPA is waiving its notification requirements so sources will only need to send notifications and reports to LDEQ.

The EPA is taking direct final action without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the preamble to the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting must do so at this time. If EPA receives relevant adverse comment on an amendment, paragraph, or section of the rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

Dated: January 28, 2015.

Samuel Coleman,

Acting Regional Administrator, Region 6.
